Richard N. Haass

Power To Persuade How To Be Effective In Any Unruly Organization:

The Power to Persuade Richard Haass, 1994 Haass a former special assistant to President Bush and a senior director of the National Security Council offers a unique and invaluable book about how to work effectively in the public sector a lively useful guide about practicing the delicate art of persuasion to gain influence and achieve success The Power to Persuade Richard N. Haass, Richard Haass, 1995-05 The Power to Persuade answers a fundamental question how can you navigate a world where persuasion rather than direct command is the rule In public sector organizations and in today's flattened corporate hierarchies traditional management strategies simply do not work This book shows how to hone the political skills that are so often the key to improved performance whether the goal is better policy or greater profit While teaching at Harvard University Richard Haass realized that no existing book advised people working in political settings how to be more effective Now he has filled the gap Using a compass as his operating metaphor your boss is north of you your staff is south colleagues are east and so on Haass provides guidelines for managing relationships setting goals and translating goals into results His interviews with Colin Powell James Baker Robert Strauss and dozens of others yield valuable practical insight For the tens of millions of Americans

War of Necessity, War of Choice Richard Haass, 2009-05-05 Richard Haass is president of the Council on Foreign Relations an independent nonpartisan membership organization think tank and publisher Until June 2003 Richard Haass was director of policy planning for the Department of State where he was a principal advisor to Secretary of State Colin Powell Previously Haass was vice president and director of foreign policy studies at The Brookings Institution He was also special assistant to President George Bush and senior director on the staff of the National Security Council from 1989 to 1993 Haass is the author of *The Opportunity America's Moment to Alter History's Course* A Rhodes Scholar he holds a B.A. from Oberlin College and Master and Doctor of Philosophy degrees from Oxford University

The Bureaucratic Entrepreneur Richard N. Haass, 1999-05-01 How do you figure out what to do in a job How do you get it done How should you deal with demanding bosses How can you get the most out of subordinates What should you do to get along with difficult colleagues and handle powerful interest groups and the media Just how can you succeed in a world where persuasion rather than direct command is the rule Using a compass as his operating metaphor your boss is north of you your staff is south colleagues are east and so on Richard Haass provides clear practical guidelines for setting goals and translating goals into results The result is a lively useful book for the tens of millions of Americans working in complex and unruly organizations of every sort and for students of both public administration and business The Bureaucratic Entrepreneur is a new and updated edition of Haass's 1994 book *The Power to Persuade*

The Pursuit of Absolute Integrity Frank Anechiarico, James B. Jacobs, 1996-12-15 Using anticorruption efforts in New York City to illustrate their argument Anechiarico and Jacobs demonstrate the costly inefficiencies of pursuing absolute integrity By proliferating dysfunctions constraining decision makers discretion shaping priorities and causing delays corruption control no less than

corruption itself has contributed to the contemporary crisis in public administration

Handbook of Public

Administration B Guy Peters, Jon Pierre, 2007-05-23 The past two decades have been marked by a period of substantial and often fundamental change in public administration. Critically reflecting on the utility of scholarly theory and the extent to which government practices inform the development of this theory, the *Handbook of Public Administration* was a landmark publication which served as an essential guide for both the practice of public administration today and its on going development as an academic discipline. The Concise Paperback Edition provides a selection of 30 of the original articles in an accessible paperback format and includes a new introduction by B Guy Peters and Jon Pierre. It is an essential point of reference for all students of public administration.

The SAGE Handbook of Public Administration B Guy Peters, Jon Pierre, 2012-08-16 The original *Handbook of Public Administration* was a landmark publication, the first to provide a comprehensive and authoritative survey of the discipline. The eagerly awaited new edition of this seminal international handbook continues to provide a complete review and guide to past and present knowledge in this essential field of inquiry. Assembling an outstanding team of scholars from around the world, the second edition explores the current state of the art in academic thinking and the current structures and processes for the administration of public policy. The second edition has been fully revised and updated with new chapters that reflect emerging issues and changes within the public sector. Identifying the Antecedents in Public Performance, Bureaucratic Politics, Strategy, Structure and Policy Dynamics, Comparative Administrative Reform, Administrative Ethics, Accountability through Market and Social Instruments, Federalism and intergovernmental coordination. A dominant theme throughout the handbook is a critical reflection on the utility of scholarly theory and the extent to which government practices inform the development of this theory. To this end it serves as an essential guide for both the practice of public administration today and its on going development as an academic discipline. The *SAGE Handbook of Public Administration* remains indispensable to the teaching, study and practice of public administration for students, academics and professionals everywhere.

Creating Public Value Mark H. Moore, 1997-03-25 Moore presents his summation of 15 years of research, observation and teaching about what public sector executives should do to improve the performance of public enterprises. This book explicates some of the richest cases used at Harvard's Kennedy School of Government and illuminates their broader lessons for government managers.

Public Management Carolyn J. Hill, Laurence E. Lynn Jr, 2015-09-23 Managing in the public sector requires an understanding of the interaction between three distinct dimensions: administrative structures, organizational cultures and the skills of individual managers. Public managers must produce results that citizens and their representatives expect from their government while fulfilling their constitutional responsibilities. In *Public Management: Thinking and Acting in Three Dimensions*, authors Carolyn J Hill and Laurence E Lynn Jr argue that one size fits all approaches are inadequate for dealing with the distinctive challenges that public managers face. Drawing on both theory and detailed case studies of actual practice, the authors show how public

management that is based on applying a three dimensional analytic framework structure culture and craft to specific management problems is the most effective way to improve the performance of America s unique scheme of governance in accordance with the rule of law The book educates readers to be informed citizens and prepares students to participate as professionals in the world of public management

Leadership and Groups in Recreational Service Jay Sanford Shivers,2001 This text includes the latest theoretical developments in recreational service Continued experimentation in the field of neuroscience has produced a great deal of rethinking about personal traits and leadership potential in turn providing a detailed explanation of the processes and techniques of leadership as it applies to the field of recreational service The author deals with the functional aspects of leadership by providing numerous examples of how theory has been and should be applied in practical situations

Market-Based Governance John D. Donahue,Joseph S. Nye,2004-05-26 A Brookings Institution Press and Visions of Governance for the 21st Century publication The latest in a series exploring twenty first century governance this new volume examines the use of market means to pursue public goals Market based governance includes both the delegation of traditionally governmental functions to private players and the importation into government of market style management approaches and mechanisms of accountability The contributors all from Harvard University assess market based governance from four perspectives The demand side deals with new revised or newly important forms of interaction between government and the market where the public sector is the customer Chapters in this section include Steve Kelman on federal procurement reform Karen Eggleston and Richard Zeckhauser on contracting for health care and Peter Frumkin The supply side section deals with unsettled questions about government s role as a provider rather than a purchaser within the market system Contributors include Georges de Menil Frederick Schauer and Virginia Wise A third section explores experiments with market based arrangements for orchestrating accountability outside government by altering the incentives that operate inside market institutions Chapters include Robert Stavins on market based environmental policy Archon Fung on social markets and Cary Coglianese and David Lazer The final section examines both the upside and the downside of the market based approach to improving governance Contributors include Elaine Kamarck John D Donahue Mark Moore and Robert Behn An introduction by John D Donahue frames market based governance as an effort to engineer into public work some of the intensive accountability that characterizes markets without surrendering the extensive accountability of conventional government A preface by Joseph S Nye Jr sets the book in the context of a larger inquiry into the future of governance

The President as Leader Michael Eric Siegel,2017-12-06 By analyzing the leadership skills of seven recent American presidents this book seeks to demystify the elements and dynamics of effective presidential leadership which our democracy has come to depend upon and value Building on the pioneering work of political scientist Fred Greenstein and others this book argues that leadership in the White House can be explained and assessed by using a consistent set of criteria to analyze presidential performance Siegel shows that presidential leadership is exercised

by real flawed human beings and not by superheroes or philosopher kings beyond the reach of scrutiny or critique New to the Second Edition Includes a new chapter covering both terms of the Obama administration Applies the author's four part leadership framework to the early part of the Trump administration Discusses the possibilities of presidential leadership in an era of intense partisanship Dynamics of Organizational Change and Learning Jaap Boonstra, 2008-04-15 This handbook focuses on the complex processes and problems of organizational change and relates current knowledge of individual and group psychology to the understanding of the dynamics of change Complementary and competing insights are presented as overviews of theory and research Offers helpful insights about choosing models and methods in specific situations Chapters by international authors of the highest quality **U.S. Options in Confronting Iraq** United States. Congress. House. Committee on International Relations, 1998 **President as Leader** Michael E Siegel, 2017-10-03 By analyzing the leadership skills of five recent American presidents this book seeks to demystify the elements and dynamics of effective presidential leadership which our democracy has come to depend upon and value Building on the pioneering work of political scientist Fred Greenstein and others this book argues that leadership in the White House can be explained and assessed by using a consistent set of criteria to analyze presidential performance Siegel shows that presidential leadership is exercised by real flawed human beings and not by superheroes or philosopher kings beyond the reach of scrutiny or critique

Deskbook for Chief Judges of U.S. District Courts, 2003 **The Pursuit of Wow!** Tom Peters, 2010-09-22 Organized into more than 200 thought and action provoking elements from the importance of clean trucks and bathrooms to conversations with entrepreneurs creating new markets Tom Peters bestselling management guru offers a practical guide to impractical times In *The Pursuit of Wow* Tom Peters offers readers the words the tools to survive in tumultuous business environments In his groundbreaking book *In Search of Excellence* changed the way business does business Now it's time to take the next leap into the cyberstage era Getting to a place called excellence is no longer the idea You've got to take that leap then leap again catapult their imaginations blow their mindsets in a word wow them Once more the unconventional Peters stimulates corporate thought processes Along with the best of his columns Peters includes questions and rebuttals that come from readers and listeners as well as his own candid responses A must read for every business person **Social Work in the Era of Devolution** Rosa Perez-Koenig, Barry Rock, 2001 While economic indicators in recent years have shown an unprecedented level of prosperity social indicators tell a different story growing economic disparity increasing numbers of Americans lacking health insurance increased levels of poverty among our youngest and oldest citizens and an anti entitlement political climate that has eroded assistance to those most in need In this era of devolution the federal government has been increasingly removed from the provision of services and support to vulnerable populations This book presents a framework for understanding the impact of these developments on the practice of social work The first section focuses on contemporary social forces processes and policy changes and their implications for the social work profession The

second section explores practical issues as they affect selected vulnerable populations The concluding section describes interventions that have been taking place at grass roots levels including community action and interagency collaboration Thus this book attempts to integrate policy practice organizational and community perspectives on social work practice with a commitment to social justice Flexible Leadership Gary Yukl,Richard Lepsinger,2004-03-29 If you are a manager or a training and development professional you need concrete suggestions for guiding your organization through rapidly changing conditions and difficult challenges Flexible Leadership offers a comprehensive theory that integrates findings from different disciplines and more than a half century of research and explains how leaders can effectively enhance the bottom line performance of their organizations The authors provide illustrative examples of effective and ineffective leadership including some from their own consulting experiences over the past 30 years in private and public sector organizations The book includes information about Leadership and management behaviors that can be used to enhance organizational performance Improvement programs management systems and structural forms that can be used to enhance organizational performance Integrating direct and indirect forms of leadership Balancing tradeoffs and competing demands related to performance Adapting leadership to changing situations Integrating leadership processes at different levels of an organization Competencies relevant for effective leadership *The Literature of the Nonprofit Sector* ,1989 The first volume was a cumulative volume which contained the Foundation Center collection Subsequent editions include all the Foundation Center acquisitions acquired annually as well as other current literature
