## **Power And Resistance Critical Thinking About Canadian Social Issues:**

**Power and Resistance, 7th ed.** Jessica Antony, Wayne Antony, 2022-06-30T00:00:00Z Power and Resistance debunks the dominant neoliberal hyper individualist approach to society's problems that sees poverty as a result of laziness environmental crises as a result of market demands for products that pollute and Indigenous Peoples struggles as a result of not assimilating We argue that it is social inequality and oppression that are the underlying causes of social problems In a society like ours powerful groups make choices that benefit them and force those choices onto others creating life problems for others and society as a whole The powerful also have influence over what is and is not called a social problem Solving social problems requires changing the structures of inequality and oppression For example industrial corporate agriculture has created huge profits for a few gigantic food corporations but left much of the world hungry But farmers and their allies are pushing back through agroecology an agriculture based on local small scale ecologically sustainable farming that brings eaters and growers closer to one another The seventh edition of Power and Resistance includes new chapters on anti Black racism in schools Indigenous people and mental health food security and sovereignty and work in the gig economy Power and Resistance, 1994 *Power & Resistance* Jessica Antony, Wayne Andrew Antony, Leslie Samuelson, 2022 **Power and Resistance** Leslie Samuelson, 1994 Power and Resistance Wayne Antony, 2020-05-06T00:00:00Z How do we make sense of the social problems that continue to plague Canadian society Our understanding of issues such as poverty racism violence homophobia crime and pollution stems from our view of how society is structured From the dominant neoliberal perspective social problems arise from individuals making poor choices From a critical perspective however these social troubles are caused by structural social inequalities Disparities in economic social and political power that is relations of power based on class race gender and sexual orientation are the central structural element of capitalist patriarchal colonialist societies The contributors to Power and Resistance use this critical perspective to explore Canadian social issues such as poverty colonialism homophobia violence against women climate change and so on This sixth edition adds chapters on the corporatization of higher education the lethal impacts of colonialism democracy the social determinants of health drug policy and sexual violence on campus **Handbook on Global Social Justice** Gary Craig, 2018-07-27 In the fifty years since Rawls seminal work A Theory of Justice the concept has been debated with those on the political right and left advocating very different understandings This unique global collection written by a group of international experts offers wide ranging analyses of the meaning of social justice that challenge the ability of the market to provide social justice for all The Handbook also looks at how the theory of social justice informs practice within a range of occupations or welfare divisions Power and Resistance Leslie Samuelson, Wayne Andrew Antony, 1998 The inequalities in the treatment of individuals whose gender race class or sexual orientation relegates them to a minority status are presented as the root cause of social economic and political problems in this survey of Canadian social issues Cruel but Not Unusual Ramona Alaggia, Cathy Vine, 2013-05-21

Violence in families and intimate relationships affects a significant proportion of the population from very young children to the elderly with far reaching and often devastating consequences *Cruel but Not Unusual* draws on the expertise of scholars and practitioners to present readers with the latest research and thinking about the history conditions and impact of violence in these contexts For this new edition chapters have been updated to reflect changes in data and legislation New chapters include an examination of trauma from a neurobiological perspective a critical analysis of the gender symmetry debate a debate that questions the gendered nature of intimate violence and an essay on the history and evolution of the women s movement dedicated to addressing violence against women which advances theoretical developments that remind readers of the breadth of inclusivity that should be at the heart of working in this field     *The CSI Effect* Michele Byers,Val Marie Johnson,2009-08-16 CSI has been heralded in many spheres of public discourse as a televisual revolution its effects on the public unprecedented *The CSI Effect Television Crime and Governance* demonstrates that CSI s appeal cannot be disentangled from either its production as a televisual text or the broader discourses and practices that circulate within our social landscape This interdisciplinary collection bridges the gap between the study of media particularly popular culture media and the study of crime The contributors consider the points of intersection between these very different realms of scholarship and in so doing foster the development of a new set of theoretical languages in which the mediated spectacle of crime and criminalization can be carefully considered This timely and groundbreaking volume is bound to intrigue both scholars and CSI enthusiasts alike     **Social Inequalities in Comparative Perspective** Fiona Devine,Mary C. Waters,2008-04-15 This unique collection of original essays brings a comparative perspective to issues of social inequality First rate sociologists from around the world have contributed to this exciting and rigorous volume drawing upon their own research in the fields of race and ethnicity class and inequality and gender and sexuality Contains original essays by first rate scholars on issues of social inequalities around the world Features research and examples from the USA Canada UK Australia France Portugal Finland and Japan Reviews research on issues of social inequalities from the fields of race class and gender Reflects on methodological issues and the strengths of qualitative research Provides students with an important overview of the development of social stratification studies     *Poverty* Professor John Dixon,John Dixon,David Macarov,2002-01-04 This book addresses the long standing global issue of poverty An introductory chapter explores concepts and definitions of poverty the subsequent chapters providing detailed examinations of poverty in ten different countries UK USA Australia Canada Hong Kong Ireland Malta The Netherlands The Philippines and Zimbabwe Each chapter follows a consistent format to facilitate comparison and focuses on the following issues the socio economic and historical context within which poverty exists the extent and nature of poverty its causes the measures that have been taken to mitigate it This book will be essential reading for students of social policy and administration as well as development studies and anthropology     **Racisms in a Multicultural Canada** Augie Fleras,2014-04-29 In acknowledging the possibility that as the world changes so too does

racism this book argues that racism is not disappearing despite claims of living in a post racial and multicultural world To the contrary racisms persist by transforming into different forms whose intent or effects remain the same to deny and disallow as well as to exclude and exploit Racisms in a Multicultural Canada is organized around the assumption that race is not simply a set of categories and that racism is not just a collection of individuals with bad attitudes Rather racism is as much a matter of interests as of attitudes of property as of prejudice of structural advantage as of personal failing of whiteness as of the other of discourse as of discrimination and of unequal power relations as of bigotry This multi dimensionality of racism complicates the challenge of formulating anti racism and anti colonialist strategies capable of addressing it Employing a critical framework that puts politics and power at the centre of analysis this book focuses on why racisms proliferate how they work in contemporary societies and how the way we think and talk about racism changes over time Specifically it examines the working of contemporary racisms in a multicultural Canada that claims to abide by principles of multiculturalism and a commitment to a post racial society

**Racism and Anti-Racism in Canada** David Este,2020-07-10T00:00:00Z

Multiculturalism is regarded as a key feature of Canada s national identity Yet despite an increasingly diverse population racialized Canadians are systematically excluded from full participation in society through personal and structural forms of racism and discrimination Race and Anti Racism in Canada provides readers with a critical examination of how racism permeates Canadian society and articulates the complex ways to bring about equity and inclusion both individual and systemically

**Manufacturing Guilt (2nd edition)** Barrie Anderson,Dawn Anderson,2021-01-11T00:00:00Z

Manufacturing Guilt 2nd edition updates the cases presented in the first edition and includes two new chapters one concerning the case of James Driskell and another regarding Dr Charles Smith whose role in forensic pathology evidence led to several wrongful convictions In this new edition the authors demonstrate that the same factors at play in the criminalization of the powerless and marginalized are found in cases of wrongful conviction Contrary to popular belief wrongful convictions are not due simply to unintended errors but rather are too often the result of the deliberate actions of those working in the criminal justice system Using Canadian cases of miscarriages of justice the authors argue that understanding wrongful convictions and how to prevent them is incomplete outside the broader societal context in which they occur particularly regarding racial and social inequality

Realizing a Good Life Elizabeth

Comack,2023-04-27T00:00:00Z Realizing a good life is almost always defined in material terms typified by individuals usually men who have considerable wealth But classed gendered and racialized social supports enable the self made man Instead this book turns to Indigenous knowledge about realizing a good life to explore how marginalized men endeavour to overcome systemic inequalities in their efforts to achieve wholeness balance connection harmony and healing Twenty three men most of whom are Indigenous share their stories of this journey For most the pathway started in challenging circumstances intergenerational trauma disrupted families and child welfare interventions racism and bullying and physical and sexual

abuse Most coped with the pain through drugging and drinking or joining a street gang setting many on a trajectory to jail Caught in the criminal justice net realizing a good life was even more daunting as their identities and life chances became barriers Some of the men however have made great strides to realize a good life They tell us how they got out of the problem with insights on how to maintain sobriety navigate systemic barriers and forge connections and circles of support Ultimately it comes down to social supports and caring As one man put it change happened when he had to care for somebody else in a way he wanted to be cared for

Mapping Geographies of Violence Heather A. Kitchin Dahringer, 2021-01-29T00:00:00Z

*Broken Treaties* Jill St. Germain, 2009-06-01 *Broken Treaties* is a comparative assessment of Indian treaty negotiation and implementation focusing on the first decade following the United States Lakota Treaty of 1868 and Treaty Six between Canada and the Plains Cree 1876 Jill St Germain argues that the broken treaties label imposed by nineteenth century observers and perpetuated in the historical literature has obscured the implementation experience of both Native and non Native participants and distorted our understanding of the relationships between them As a result historians have ignored the role of the Treaty of 1868 as the instrument through which the United States and the Lakotas mediated the cultural divide separating them in the period between 1868 and 1875 In discounting the treaty historians have also failed to appreciate the broader context of U S politics which undermined a treaty solution to the Black Hills crisis in 1876 In Canada on the other hand the broken treaties tradition has obscured the distinctly different understanding of Treaty Six held by Canada and the Plains Cree The inability of either party to appreciate the other s position fostered the damaging misunderstanding that culminated in the Northwest Rebellion of 1885 In the first critical assessment of the implementation of these treaties *Broken Treaties* restores Indian treaties to a central position in the investigation of Native non Native relations in the United States and Canada

Trovato, Anatole Romaniuk, 2014-05-22 Extended and comparative social demography of Aboriginal Peoples in Canada and beyond by world renowned experts      **White Backlash and the Politics of Multiculturalism** Roger Hewitt, 2005-06-23

The murder of Stephen Lawrence led to the widest review of institutional racism seen in the UK Sections of the white working class communities in south London near to the scene of the murder however displayed deep hostility to the equalities and multiculturalist practice of the local state and other agencies Drawing on extensive ethnographic research this book relates these phenomena to the backlash to multiculturalism evident during the 1990s in the USA Australia Canada the UK and other European countries It examines these within the unfolding social and political responses to race equalities in the UK and the USA from the 1960s to the present in the context of changes in social class and national political agendas This book is unique in linking a detailed study of a community at a time of its critical importance to national debates over racism and multiculturalism to historically wider international economic and social trends
