Understanding Ukrainian Politics: Power, Politics, and Institutional Design Paul D'Anieri, 2015-01-28 Ukraine made headlines around the world during the winter of 2004 05 as the colorful banners of the Orange Revolution unfurled against the snowy backdrop of Kyiv signaling the bright promise of democratic rebirth But is that what is really happening in Ukraine In the early post Soviet period Ukraine appeared to be firmly on the path to democracy The peaceful transfer of power from Leonid Kravchuk to Leonid Kuchma in the election of 1994 followed by the adoption of a western style democratic constitution in 1996 seemed to complete the picture But the Kuchma presidency was soon clouded by dark rumors of corruption and even political murder and by 2004 the country was in full blown political crisis A three stage presidential contest was ultimately won by Viktor Yushchenko who took office in 2005 and appointed Yulia Tymoshenko as premier but the turmoil was far from over The new government quickly faltered and

splintered This introduction to Ukrainian politics looks beyond these dramatic events and compelling personalities to identify the actual play of power in Ukraine and the operation of its political system The author seeks to explain how it is that after each new beginning power politics has trumped democratic institution building in Ukraine as in so many other post Soviet states What is really at work here and how can Ukraine break the cycle of hope and disillusionment

Zimbabwe's Military: Examining its Veto Power in the Transition to Democracy, 2008-2013 Rupiya, Martin R., 2013-10-14

Political transition and democratisation challenges have been noted in African countries including Angola Burkina Faso Kenya Mali and the Democratic Republic of the Congo resulting in the African Union AU intervening on behalf of citizens using tried and tested mechanisms of imposing a power sharing agreement to preside over a transitional period during which there are key changes to the constitution and the political conduct of the incumbency and partisan institutions are weaned from seeking to perpetuate the status quo This book focuses on Zimbabwe's military and its perceived veto power in the transition to democratisation from 2008 until 2013 The objective was to analyse monitor and comment on the unique democratic transformational challenges faced by Zimbabwe's Government of National Unity One of the book's key findings is that every time partisan forces carry out an operation in the name of a political party there is a direct correlation in which the same loses its national character This is the context of the challenge facing Zimbabwean forces when used for partisan gain and why the Southern African Development Community SADC in its last communique in Maputo on 15 June 2013 sought to compel a written undertaking from the generals that they would desist from playing a direct role in the politics of the country The AU had earlier expressed its deep regret when faced with the results of serious human rights abuses that were committed with impunity
