Power Encounter in Spiritual Warfare Charles H. Kraft, 2017-05-18 Acceptance of Christianity in Southern Polynesia during the eighteenth century proceeded rapidly without missionary activity This fact attracted the attention of Alan Tippett who served for twenty years as an Australian missionary to the Fiji Islands What he found was that the key to their conversion lay in the fact that without missionary presence the south sea islanders responded to demonstrations of what Tippett learned to call power encounters These were contests some staged some not staged in which there was a power encounter between the true God and the gods of the islanders in which the traditional gods were defeated Kraft here discusses the fact that this power principle applies much more widely

**Understanding Spiritual Power** Marguerite G. Kraft, 2003-08-18 While secularized cultures of the West have a great deal of difficulty dealing with the spiritual as a real non imaginary dimension of life most of the world's peoples do not Having worked and studied among peoples of several non Western societies Marguerite Kraft is convinced that coming to terms with spiritual power presents one of the greatest challenges for all those who work among non Westerners in pastoral or mission situations Understanding Spiritual Power addresses the dynamics of the felt need for spiritual power in relation to a people's assumptions values and commitments in order to provide a foundation for meaningful Christian witness in power oriented societies The Western Church Kraft argues under pressure from modern rationalism has largely lost awareness of God's power and position vis a vis the spiritual realm so important in other societies Indeed this loss

of power could be one reason for the interest in Eastern and New Age philosophies on the part of Westerners disillusioned with the modern worldview Having worked among the Kamwe in Nigeria the Thai in Asia and the Navajo in North America Kraft focuses on specific ways in which people in these three societies view reality and suggests how the gospel can be articulated in forms they can understand Understanding Spiritual Power offers a theological as well as a practical perspective on spiritual power By exploring living societies providing examples and case studies and offering specific strategies this book makes a powerful case for rethinking and recasting traditional missiological methods At the same time it helps Western Christians with ears to hear question whether they might not learn as much from those with whom they work as they seek to teach

Dyer, 2017-10-30 The Pentecostal and Charismatic movement is one of the miracles of the 20th century Without government support without an advertising campaign often without the notice of journalists and academics and sometimes in the face of persecution and ridicule it has spread its message around the world and now attracts in the region of 500 million people Many of its original and formative documents are unknown and out of print This book collects together samples from the writings of key Pentecostals and charismatics going back about 100 years and over a range of issues and practices shows how they vary and how they have developed historically These texts have lain in out of print magazines and archives and so far as we know have never been collected before in this way This book allows you to hear the authentic voice of the Pentecostal and charismatic movements drawing especially from sources in English     Power Evangelism John Wimber, Kevin Springer, 2009-05-01 The message of Power Evangelism has been embraced around the world and the book that started it all has become a classic with more than one million sold In 2006 Christianity Today named it one of the 50 most significant Christian books to be published in the last 50 years This revised and updated edition describes the releasing of God's power through signs and wonders to refresh renew heal and equip His people Drawing from the teaching of the New Testament and with illustrations from his own experience Vineyard leader John Wimber persuades the reader to yield control of our lives to the Holy Spirit Though Wimber died in 1997 his teaching continues to spread throughout the Vineyard movement through the broader renewal movement and to Christians across the globe even those who do not consider themselves Charismatic Co author Kevin Springer also a Vineyard pastor has found that in the years since its first publication

Power and the Powers Andrew R. Hardy, Richard Whitehouse, Dan Yarnell, 2015-10-12 Missio Dei by its very nature requires the church to come to terms with the exercise of power both internally and externally as it confronts the world Tune in to any newscast or glance at the daily newspaper and it immediately becomes clear that the use and abuse of power is a live issue The more we focus on the twists and turns of current events the more it appears that uncorrupted exercise of power eludes the human race All too often we become uneasily aware that there are powers lying behind the power that any of us wields whether it is in the family the classroom on the shop floor in the boardroom or in churches Effective missional leadership involves creative engagement with the powers at work in the world without being debased by them This book sets out to address the issue of the use and misuse of power from biblical theological and practical perspectives The authors bring their theological pastoral missionary and personal experience to their task in order to inform challenge and invite readers into a responsible use of the powers that God has put into the hands of each one of us to achieve his purposes in the world

**Christianity with Power** Charles H. Kraft, 2005-07-25 Power Politicians crave it Money buys it And some people will do anything to get it In a world where New Agers rely on crystals and channeling to tap into spiritual power the Christian is reminded that Jesus used supernatural power to heal the sick cast out demons and raise the dead Two thousand years later the world still desperately needs a Savior who works in power However many modern Christians are embarrassed and reluctant to preach a gospel accompanied by supernatural power Our Western worldview conditions us to fit God into a neat predictable mold But Kraft is convinced that the power of the gospel will not be confined to our categories Step by step he offers a biblical understanding of signs and wonders and shows how Christians can become God's instruments to heal the sick to work miracles and to oppose the counterfeit powers of this age There is something that makes Christianity with Power quite possibly great maybe even a major publishing event to be noted some day when the history of the modern church is written Kraft helps us as no one else has in understanding our Western worldview in relation to the way the Holy Spirit is
