Power Lessness:

Mentalizing Power and Powerlessness Marie-Luise Althoff, 2022-12-19 In this book the author discusses with a view to psychotherapeutic practice how power and the exercise of power can be used in a constructive sense Spontaneously people tend to associate the topic of power negatively They mostly talk about their own powerlessness and the power of those up there and very rarely about their own striving for power It is undisputed that power and the exercise of power as well as dealing with powerlessness play an important role in psychotherapy Nevertheless the constructive and destructive aspects of power are still too little reflected Here there is a mentalization deficit on the part of both psychotherapists and patients In this book questions are asked and suggestions for practice are developed Written for psychological psychotherapists child and adolescent psychotherapists family therapists counselors psychiatrists physicians students and psychotherapists in training

Self-Identity and Powerlessness Alice Koubová, 2013-05-30 In Self Identity and Powerlessness Alice Koubov proposes a conception of human existence that does not essentially depend on the definition of self identity The author shows that the philosophical stress on human identity fails to grasp essential aspects of human existence By emphasizing the moments of Dasein s powerlessness in Heidegger s fundamental ontology she develops in her analysis of various philosophers literary examples and social psychology an original phenomenology of alternation of existence and affair How necessary is identity for thinking Are we capable of philosophical thought even when we have neither ourselves nor the world under our full control Is it possible to relax become powerless
