It's all the more enjoyable because the writing style is easy, going clear and understandable. Pierre Lassonde, Former chairman, World Gold Council and past president, Newmont Mining Corp. The Anthropology of Precious Minerals Elizabeth Ferry, Annabel Vallard, Andrew Walsh, 2019-11-04. Why do people single out gold, sapphires, diamonds and other minerals as particularly precious? What makes precious minerals precious? Drawing from ethnographic and cross-cultural research, this collection of anthropological essays and case studies answers these questions by exploring humans' multifaceted relationships with the minerals they deem precious. *The Anthropology of Precious Minerals* addresses the entanglement of humans and minerals with a particular focus on the practices of scrappers, miners and hunters as they work to extract value. The editors draw from history, archaeology and ethnography and remind us that preciousness must always be understood in relation to complex cultural, political, economic and semiotic systems of value.
