*One True Story, One True God* Mark S. Young, 2021-04-07 One True Story One True God shows how God has moved through history with redemptive missional intent and gives you a glimpse of how God will use you to further accomplish His plan From Adam s creation to Jesus s return the book shows where we ve been where we are and where we are going By seeing the historical context of God s redemption plan you ll have a fresh understanding of God s big story and where you fit in it How to Preach and Teach the Old Testament for All Its Worth Christopher J. H. Wright, 2016-04-19 Many preachers ignore preaching from the Old Testament because they feel it is outdated in light of the New Testament and difficult to expound On the other hand some preachers will preach from the Old Testament frequently but fail to handle it correctly turning it into moralistic rules or symbolic lessons for our spiritual life In *How to Preach and Teach the Old Testament for All Its Worth* Christopher J H Wright proclaims that preachers must not ignore the Old Testament It is the Word of God The Old Testament lays the foundation for our faith and it was the Bible that Jesus read and used Looking first at why we should preach from the Old Testament the author moves on to show the reader how they can preach from it Covering the History Law Prophets Psalms and Wisdom Literature interspersed with practical checklists exercises and sermons Wright provides an essential guide on how to handle the Old Testament responsibly **PEOPLE True Crime Stories** The Editors of PEOPLE, 2018-11-09 The Editors of PEOPLE Magazine present True Crime Cults Sweeter than Honey Christopher J. H. Wright, 2015-02-14 Many preachers steer clear of the Old Testament because they feel it is outdated in light of the New Testament and difficult to expound On the other hand some preachers will preach from the Old Testament frequently but fail to handle it correctly and end up preaching nothing but legalistic rules or symbolic lessons for our spiritual life In this book Christopher J H Wright encourages preachers not to ignore the Old Testament It is the Word of God it lays the foundation for our faith and it was the Bible that was read and used by Jesus It is the first part of the great biblical story from creation to new creation And because it is the journey that leads to Christ it is in fact part of our story too Looking first at why we should preach from the Old Testament the author then moves on to showing the reader how to handle different kinds of literature in it He guides us through the History Law Prophets Psalms and Wisdom Literature of the Old Testament Interspersed with detailed checklists suggested exercises and specimen sermons this is a very practical handbook for anyone committed to authentic Biblical preaching *The People of the Truth* Robert E. Webber, Rodney Clapp, 2001-02-06 In this provocative book a prominent theologian and a leading Christian editor speak to all Christians who have grown mistrustful of the church s involvement in religio political power plays and are seeking the way home Robert E Webber and Rodney Clapp examine the dilemma so many Christians face what to do if you are an enthusiast for neither the New Right nor the Old Left but still take seriously the church s social and political responsibility *People of the Truth* offers a biblical solution to this perplexing question The authors show how American Christians have come to depend on the nation rather than the church as their

primary instrument of social change and communal influence They call for the church to move beyond the dead end of civil religion to affirm the authentic role of the worshiping community in effecting social change The church should dare to lay down its life the authors write to give up its ill begotten political leverage to turn aside from success and stop counting heads or dollars to stand at the side of forgotten poor and oppressed to be a sign and a witness of humanity's insufficiency and God's all sufficiency Drawing upon the works of many esteemed theologians and historians the authors trace the growth of Christianity and offer a fresh approach to the history of the church in the world They reveal how the church's identity and vision have become confused how they can be recovered and how Christians by living out their distinctive story as a worshiping community can heal society's ills People of the Truth provides concrete examples of how the church by realigning itself with its Christ centered mandate can effectively respond to such urgent problems as poverty drug abuse violence pornography AIDS and the ever present threat of nuclear war Here is at once a summons and a guide for the church to become in fact what it has always been ideally the only people charged with proclaiming this Christ a people of the truth
