Kolodziej, Roger E.

**Power Policies** Kohei Imai, 2017-12-13 This book is a comprehensive analysis of Turkish foreign policy through the concept of middle power The author explores why and how Turkey has constructed middle power identity based on liberal foreign policies in order to illuminate the change in post Cold War Turkish state identity in relation to foreign policy behaviors The author further explores state identity and how changes of circumstances norms state self perception and the perceptions of others effects that identity This is done first through a policy analysis of Turgut zal Necmettin Erbakan and Ismail Cem and second through an examination of AKP s foreign policy experiences and ideas especially in relation to Ahmet Davutoglu

*Revival: Soviet Politics: The Dilemma of Power (1950)* Barrington Moore, Jr, 2017-09-29 First published in 1950 this book investigates the interaction between Communist ideology and Soviet political practices from the period of Lenin s theoretical formulations to the contemporary Soviet bureaucratic state **The Geopolitics Of Super Power** Colin S. Gray, 2014-10-17 What is Soviet American competition all about Is the Soviet Union a security problem that the United States must solve Or is it an insecurity condition with which the U S must learn to live and if so on what terms What kind of a player is the United States in the great game of power politics In *The Geopolitics of Super Power* one of our most respected strategic theorists answers these and other questions In geopolitical terms Colin Gray sees the Soviet American antagonism as an enduring contest between a continental empire and a maritime coalition each with its distinctive character and purposes Gray explores the roots of the American style in foreign policy and strategy and how that style relates to defense options He identifies four broad alternatives for U S national security policy passive and active means of containment disengagement from foreign security commitments and the rollback of the Soviet empire Gray argues vigorously for active containment for the systematic deemphasis of nuclear weapons and for the intelligent use for deterrence and defense purposes of the West s great competitive strengths in the political economic and technological spheres *National Security, Military Power & the Role of Force in International Relations* United States. Department of the Army, 1976 **Power and Politics in the Soviet Union**

**Soviet Power: The Continuing Challenge** James Sherr,1991-06-18 Representing the culmination of an RUSI main theme study Soviet Power and Prospects this volume is based on the Institute s proposition that military power exerts a profound influence on the course of world politics and that such power cannot be divorced from its social and political context      **Soviet Aviation And Air Power** Robin Higham,Jacob W Kipp,2019-08-20 This book is the story of Russian aviation and Soviet Russia s progress in preparing its strength as an air power It discusses the Russia Germany connect post 1919 how Russians gained expertise from German know how and post World War II progress from Stalin to Strategic Arms Limitation Talks      Executive Power and Soviet Politics Eugene Huskey,2016-06-16 Ever since the behavioral revolution reached Communist studies more than 2 decades ago Western scholarship has tended to ignore the powerful and unwieldy institutional structure of the Soviet government Today suddenly it is clear that the dramatic political and legislative reforms of the Gorbachev years will remain incomplete as long as the issues of state bureaucratic power and executive prerogative are unresolved This volume brings together original studies of the Soviet executive under Gorbachev by specialists including Barbara Chotiner Stephen Fortescue Brnda Horrigan Ellen Jones Wayne Limberg T H Rigby and Louise Shelley Among the topics covered are the major economic national security and law enforcement ministries the presidency the cabinet and questions of presidential ministerial presidential legislative executive and party state relations      **Soviet Military Power In A Changing World** Susan L Clark,2019-06-04 Many people have been instrumental in helping see this book through to completion First I want to thank Robbin Laird not only for his professional encouragement over the years but especially for his suggestion to do this book in the first place Nor would this effort have been possible or nearly as enjoyable without the support and friendship of Susan McEachern I would also like to thank Jackie Evans for her assistance in helping to prepare the manuscript      **The Ideological Origins of Great Power Politics, 1789-1989** Mark L. Haas,2018-09-05 How do leaders perceive threat levels in world politics and what effects do those perceptions have on policy choices Mark L Haas focuses on how ideology shapes perception He does not delineate the content of particular ideologies but rather the degree of difference among them Degree of ideological difference is he believes the crucial factor as leaders decide which

nations threaten and which bolster their state's security and their own domestic power. These threat perceptions will in turn impel leaders to make particular foreign policy choices. Haas examines great power relations in five periods: the 1790s in Europe, the Concert of Europe 1815-1848, the 1930s in Europe, Sino-Soviet relations from 1949 to 1960, and the end of the Cold War. In each case, he finds a clear relationship between the degree of ideological differences that divided state leaders and those leaders' perceptions of threat level and so of appropriate foreign policy choices. These relationships held in most cases regardless of the nature of the ideologies in question, the offense-defense balance, and changes in the international distribution of power.
