Power Struggles:

Origins of Power Struggles Youzheng Li, 2025-03-21 In terms of humanistic epistemology the present book presents an empirical positive view of historical philosophy emphasizing that the first cause of power struggles and evil doings in human history comes from the human nature rooted in biological substrate while all related external factors act as the external conditions or secondary reasons Therefore enlightened progress of civilizations depends on the effective formation of political legal institutions rather than on the improved morality that remains the effect of the sociopolitical circumstances In light of this point of view the book reinterprets the causal connections between ancient tyrannies the Enlightenment and utopian socialism especially representing the paradoxical connections between classical Marxism and Lenin Stalinism and pointing out why 20th century Communist realism betrays rather than inherits the 19th century Socialist utopianism at the ideal level Far from being the inheritor of socialist utopian idealism the modern Communist movement is a modernized restoration of the traditional tyrannies at a much enlarged and more systematic scale *Unplugging Power Struggles* Jan Faull, 2000 Children have a strong need to be in control of their own lives Power struggles between parents and children most often occur in the toddler and teen years but can happen at any time This book is for parents whose children push for control beyond the limits of their development and maturity or beyond the parents comfort level Without clear guidance from parents children flounder However children who are allowed to make some decisions are more willing to go along with parents when it comes to big decisions concerning safety values and conduct Everyone benefits when a battle of wills can be avoided

From Power Struggles to Conflict Resolution Janice Case, 2016-04-08 Positive school culture is at the heart of effective teaching and learning As such improving a school s culture is a critical component to school transformation This resource provides school leaders with a concrete professional development plan for staff and students designed to eliminate power struggles in order to improve school culture The author provides six alternatives to power struggles The six are then applied to a series of vignettes that provide specific examples of how power struggles play out in your school setting and how they can be avoided From power struggles in the classroom to power struggles with parents your school team will be better equipped to handle the nuances of all of the relationships that are at the core of your school culture

The Power Struggles over the Post-neoliberal Social Security System Reforms in Venezuela and Ecuador Ezequiel Luis Bistoletti, 2018-08-25 This book carries out a comparative analysis of the power struggles over the post neoliberal social security reforms in Venezuela and Ecuador The research breaks down why the social security system reform initiated by Hugo Chavez government in Venezuela has come down since its passing in 2002 whereas the social security system reform initiated by Rafael Correa s government in Ecuador has come along in spite of the obstacles

since 2007 All in all the analysis determined that the struggles over the social security system reforms in both countries remarkably corresponded to each other with regard to their structural conditions points of contention and contending actors In contrast the analysis established substantial divergences regarding the ways in which the struggles over both reforms came about due to the divergent development of the struggles for hegemony between government and opposition These divergences finally brought about the indefinite stagnation of the reform in Venezuela and the advancement of subsequent partial reforms aimed at the universalization of social security in Ecuador
