Powers Of The President During Crises:

Powers of the President During Crises J Malcolm (John Malcolm) Smith, Cornelius P Cotter, 2025-03-29 Powers of the President during Crises by J Malcolm Smith and Cornelius P Cotter examines the scope and limits of executive power in the United States This meticulously prepared print edition offers a valuable exploration of the presidency focusing on the crucial role it plays during times of national emergency Delving into constitutional law and historical precedents the book analyzes how presidents have navigated crises throughout the 20th century It provides insights into the complex interplay between the executive branch the US government and the constitution particularly concerning executive power and crisis management Relevant to students of political science law and American history this volume remains a vital resource for anyone seeking a deeper understanding of the American government and the enduring challenges of executive leadership Explore the historical context that shapes contemporary debates on presidential authority This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Powers of the President during crises J. Malcolm Smith, Cornelius P. Cotter, 2025-03-02 In the thought provoking collection Powers of the President during Crises a compelling exploration of presidential authority is uncovered through a tapestry of literary styles ranging from analytical essays to historical case studies The anthology deftly navigates the complex interplay between executive power and constitutional limitations during periods of national emergency Across its pages readers will encounter a diverse array of insights into the intricate balance of power with each piece contributing to a nuanced understanding of how urgent pressures shape decision making processes at the highest level of government Standout pieces challenge prevailing notions and invite a reexamination of historical precedents that continue to resonate today The contributing authors such as J Malcolm Smith and Cornelius P Cotter bring their scholarly acumen and unique perspectives to the discourse on presidential powers Their collective works draw from different historical eras and cultural contexts reflecting the evolution of executive authority and its implications on democracy By engaging with past and present crises through their literary lenses these authors contribute significantly to ongoing dialogues around governance and civic responsibility aligning with both historical and contemporary movements advocating for transparency and accountability within political frameworks This anthology is an invaluable resource for readers seeking to engage with the multifaceted nature of presidential power during turbulent times By presenting a spectrum of viewpoints and literary styles Powers of the President during Crises offers an enlightening compendium that encourages readers to consider both the

limitations and the potential overreach of executive authority Accommodating a myriad of scholarly perspectives this collection fosters critical dialogue on democratic ideals and the ongoing negotiation between power and accountability making it essential reading for students scholars and civic minded individuals alike

The Presidency in Times of Crisis and Disaster Brian M. Harward, 2019-11-15 This resource uses primary documents and contextualizing essays to illuminate how America's presidents have responded to major tests of their leadership and approached their role and responsibilities in times of national crisis Presidents hold the attention of the public like no other political actor In addition because of their unique role in the constitutional system presidents often take immediate unilateral action in the face of national emergencies Exploring key events crises and disasters through the lens of presidential responsiveness this text reveals not only the larger historical context but also the authority of presidents in meeting the felt necessities of the time deepening readers understanding of those touchstone events Comprehensive in temporal and topical scope the book covers crises and disasters from the presidency of George Washington through Donald Trump's first two years in office Important events covered include natural disasters wars assassinations terrorist attacks mass shootings economic crises riots tragedies and political scandals Each event is explored through a primary document that reveals key dimensions of the presidential response to the crisis or disaster in question and contextual headnotes and essays that provide additional insights into the political economic and cultural contexts in which that event occurred and to which the president responded

A Brief History of Emergency Powers in the United States, a Working Paper Prepared for ..., July 1974 United States. Congress. Senate. Special Committee on National Emergencies and Delegated Emergency Powers, 1974 [Brief History of Emergency Powers in the U.S](#) Harold Relyea, 1974 *Powers of the President During Crises* John Malcolm Smith, Cornelius P. Corter, 2012-06-01 [Emergency Powers Statutes](#) United States. Congress. Senate. Special Committee on the Termination of the National Emergency, 1973 [Presidential Power in Latin America](#) Dan Berbecel, 2021-12-23 What explains variance in presidential power between countries In *Presidential Power in Latin America* Dan Berbecel provides a general systematic theory for explaining presidential power in practice as opposed to presidential power in theory Using expert survey data from *Varieties of Democracy V-Dem* alongside interviews with high level figures in politics the judiciary the public administration NGOs and academia in Argentina and Chile Berbecel argues that constitutional presidential power formal power is a very poor predictor of presidential power in practice informal power Given the poor predictive value of formal rules he provides an explanation why hyperpresidentialism emerges in some countries but not in others Berbecel attributes the root causes of hyperpresidentialism to three independent variables the strength of state institutions the size of the president's party in congress and whether or not the country has a history of economic crises which together determine how likely it is that a president will be able to concentrate power *Presidential Power in Latin America* will be of key interest to scholars and students of executive politics Latin American politics and more broadly comparative politics

The War Power in an Age

of Terrorism Michael A. Genovese, David Gray Adler, 2016-12-22 This book features a lively debate between two prominent scholars Michael A Genovese and David Gray Adler on the critical issue of whether the Constitution written in the 18th Century remains adequate to the national security challenges of our time The question of the scope of the president's constitutional authority if any to initiate war on behalf of the American people long the subject of heated debate in the corridors of power and the groves of academe has become an issue of surpassing importance for a nation confronted by existential threats in an Age of Terrorism This question should be thoroughly reviewed and debated by members of Congress and considered by all Americans before they are asked to go to war If the constitutional allocation of powers on matters of war and peace is outdated what changes should be made Is there a need to increase presidential power What role should Congress play in the war on terror

Executive Orders in Times of War and National Emergency, 1974 Summary of Executive Orders in Times of War and National Emergency United States. Congress. Senate. Special Committee on National Emergencies and Delegated Emergency Powers, 1974

American Presidential Power and the War on Terror: Does the Constitution Matter? Justin DePlato, 2015-09-01 This book examines the use of presidential power during the War on Terror Justin DePlato joins the debate on whether the Constitution matters in determining how each branch of the federal government should use its power to combat the War on Terror The actions and words of Presidents George W Bush and Barack Obama are examined DePlato's findings support the theory that executives use their own prerogative in determining what emergency powers are and how to use them According to DePlato the Presidents argue that their powers are implied in Article II of the Constitution not expressed This conclusion renders the Constitution meaningless in times of crisis The author reveals that Presidents are becoming increasingly cavalier and that the nation should consider adopting an amendment to the Constitution to proffer expressed executive emergency powers

Words of Crisis as Words of Power Marta Neüff, 2018-05-15 The volume explores crisis rhetoric in contemporary U S American presidential speechmaking Rhetorical leadership constitutes an inherent feature of the modern presidency Particularly during times of critical events the president is expected to react and address the nation However the power of the office also allows him or her to direct attention to particular topics and thus rhetorically create or exploit the notion of crisis This monograph examines the verbal responses of George W Bush and Barack Obama to pressing issues during their terms in office Assuming an interdisciplinary approach it illuminates the characteristics of modern crisis rhetoric The aim of the book is to show that elements of Puritan rhetoric and specifically the tradition of the jeremiad although taken out of their original context and modified to suit a modern multiethnic society can still be detected in contemporary political communication It will be of interest to students and scholars of presidential rhetoric political communication sociolinguistics and cultural studies

Political Crisis and President's Rule in an Indian State Rabindra Kumar Sethy, 2003 This Book Narrates The Use And Abuse Of Article 356 In An All India Context With Special Reference To Orissa Which Can Be Termed As A Laboratory For Political Experience

Military Law Review ,1993 **The Cavalier Presidency** Justin P. DePlato,2014-02-14 In this book Justin DePlato examines and analyzes the reasons and justifications for as well as instances of executive emergency power in political thought and action The book begins by analyzing the theory of executive emergency power across a wide breadth of philosophical history from Ancient Greek Renaissance through modern American political thought This analysis indicates that in political philosophy two models exist for determining and using executive emergency power an unfettered executive prerogative or a constitutional dictatorship The modern American approach to executive emergency power is an unfettered executive prerogative whereby the executive determines what emergency power is and how to use it The book addresses the fundamental question of whether executive power in times of crisis may be unfettered and discretionary or rather does the law define and restrain executive emergency power The author reviews and analyzes seven U S presidencies that handled a domestic crisis Washington Jefferson Madison Jackson Lincoln G W Bush and Obama to show that presidents become extraordinarily powerful during crises and act unilaterally without oversight The use of executive emergency power undermines the normal processes of democratic republicanism and harms the rule of law The author analyzes the U S Constitution formerly classified Department of Justice Memos primary sourced letters signing statements executive orders presidential decrees and original founding documents to comprehensively conclude that presidential prerogative determines what emergency powers are and how they are to be executed This book challenges the claim that presidents determine their emergency power with appropriate congressional oversight or consultation The analysis of the empirical data indicates that presidents do not consult with Congress prior to determining what their emergency powers are and how the president wants to use them Justin DePlato joins the highly contentious debate over the use of executive power during crisis and offers a sharp argument against an ever growing centralized and unchecked federal power He argues that presidents are becoming increasingly reckless when determining and using power during crisis often times acting unconstitutional

Constitutional Dictatorship - Crisis Government in the Modern Democracies Clinton L. Rossiter,2011-03-23 This is a book about dictatorship and democracy Its treatment of these two patterns of government is not conventional Instead of setting the one against the other it proposes to demonstrate how the institutions and methods of dictatorship have been used by the freemen of the modern democracies during periods of severe national emergency It is written in frank recognition of a dangerous but inescapable truth No form of government can survive that excludes dictatorship when the life of the nation is at stake Impact of the Energy Crisis on State and Local Governments (1974)[-1975] United States. Congress. Senate.

Committee on Government Operations. Subcommittee on Intergovernmental Relations,1974 **The Press, Presidents, and Crises** Brigitte Lebens Nacos,1990 The Presidency and the Rhetoric of Foreign Crisis Denise M. Bostdorff,1994 The Presidency and the Rhetoric of Foreign Crisis examines presidential crisis management or the way U S presidents portray foreign crises to the American public as a potent tool for the accumulation and at times the forfeiture of political power

Arguing that it is largely through presidential communication that foreign crises become real for American citizens Bostdorff does not claim that presidents fabricate crises but rather that they vigorously advance their version of the crisis to the American public in order to rally support for their foreign policies Bostdorff contends that presidential language can heighten the significance of events that otherwise would attract little public attention such as a coup on the tiny Caribbean island of Grenada and thereby persuade citizens to support U S military intervention and to view the commander in chief as a decisive victorious leader To prove her assertions Bostdorff presents case studies from six successive administrations Beginning with Kennedy and the Cuban missile crisis of 1962 she examines Johnson and the Gulf of Tonkin Nixon and Cambodia Ford and the Mayaguez Carter and Iran and Reagan and Grenada Concluding with an evaluation of Bush and Panama Bostdorff identifies the recurring themes that defined crisis rhetoric explains how that rhetoric encourages particular public reactions and raises disturbing questions about the implications for the American polity

Powers Of The President During Crises Introduction

In the digital age, access to information has become easier than ever before. The ability to download Powers Of The President During Crises has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Powers Of The President During Crises has opened up a world of possibilities. Downloading Powers Of The President During Crises provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Powers Of The President During Crises has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Powers Of The President During Crises. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Powers Of The President During Crises. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Powers Of The President During Crises, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Powers Of The President During Crises has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Powers Of The President During Crises Books

1. Where can I buy Powers Of The President During Crises books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
