Understanding Spiritual Power Marguerite G. Kraft, 2003-08-18 While secularized cultures of the West have a great deal of difficulty dealing with the spiritual as a real non imaginary dimension of life most of the world s peoples do not Having worked and studied among peoples of several non Western societies Marguerite Kraft is convinced that coming to terms with spiritual power presents one of the greatest challenges for all those who work among non Westerners in pastoral or mission situations

Understanding Spiritual Power addresses the dynamics of the felt need for spiritual power in relation to a people's assumptions, values, and commitments in order to provide a foundation for meaningful Christian witness in power-oriented societies. The Western Church Kraft argues under pressure from modern rationalism has largely lost awareness of God's power and position vis-à-vis the spiritual realm so important in other societies. Indeed, this loss of power could be one reason for the interest in Eastern and New Age philosophies on the part of Westerners disillusioned with the modern worldview. Having worked among the Kamwe in Nigeria, the Thai in Asia, and the Navajo in North America, Kraft focuses on specific ways in which people in these three societies view reality and suggests how the gospel can be articulated in forms they can understand. Understanding Spiritual Power offers a theological as well as a practical perspective on spiritual power. By exploring living societies, providing examples and case studies, and offering specific strategies, this book makes a powerful case for rethinking and recasting traditional missiological methods. At the same time, it helps Western Christians with ears to hear question whether they might not learn as much from those with whom they work as they seek to teach.

Living to the Praise of God's Glory Mark A. Simon, 2021-05-24. The letter to the Ephesians is missional to its core. It effectively exhorts its readers to understand, support, and participate in God's mission to rescue humanity and all creation from the damage and distortion of sin and so bring about a renewed creation filled with God's glorious fullness. Working at the creative intersection of biblical studies and missiology, this study adopts a missional hermeneutic to overcome the scholarly neglect of mission in Ephesians. The book systematically explores each passage in Ephesians, delving into the characterization of God and his mission, allusions to Old Testament missional texts in Ephesians, and the portrayal of the

apostle Paul and believers as participants in God's mission. A multi-faceted vision of mission emerges which encompasses God's actions in salvation history, the church as mediator of God's glory, reconciliation and grace to the nations, prayer, ethical witness and verbal proclamation of the gospel. Reading Ephesians through this missional lens yields fresh insights into its purpose and context and the richness of its portrait of mission.

The Conqueror's Tread Shandon L.

Guthrie, 2022-02-02. For many Christians, the concept of spiritual warfare involves scenarios that are often enchanting, extravagant, and even parapsychological. Hard-lined skeptics respond by treating it instead as an archaic and outmoded superstition, a farce. While we might think a simple reading of Scripture will settle the matter, this has not been the case since those writing on the subject are tacitly influenced by dubious philosophical commitments and presuppositions left unchecked. This groundbreaking book incorporates philosophical reasoning in formulating for the everyday Christian a robust biblical doctrine of spiritual warfare. It is a serious but readable attempt to understand what spiritual warfare is by addressing both the theological and philosophical issues involved. *The Conqueror's Tread* dares to take a reasoned approach to pressing questions such as: Do supernatural beings really exist? If so, what are they and what can they do? Are there territorial spirits? Is exorcism a part of spiritual warfare? Does spiritual warfare involve speaking aloud, prayerwalking, and breaking curses? What can evil spirits do to Christians? Can Christians be demon possessed? Why would God allow his people to be in a state of conflict with evil spirits? What is Christian holiness and how do we pursue it? What role does apologetics have, and many more.

Culture and Belief Les Crane, 2006-10. In presenting this overview of history, it was found necessary to warn the reader of what is to come. While researching background material for this work, the author discovered facts of a disturbing nature that

led him into the recognition that there is a hidden force at work directing current historical events For the past 600 years cultural progress has often been stifled by the international wars we have waged against each other Those conflicts have never been worth their cost in blood and treasure and usually they did not succeed in achieving their stated goals This Six Hundred Years long series of wars and disasters has left the nations on every side with hecatombs of dead along with dislocated economies and with burdens of debt they can never repay Reviewing this litany of human sufferings the author was suddenly struck by an appalling thought the thought that perhaps these wars have only been incidents in one single Six Hundred Year s War one war with the repeated outbreaks of violence and terror merely episodes The Question Is What is really going on The Answer Is The world is still involved in the war of the counter reformation It is a religious and political war that began in the year 1517 and is the war that continues to this present day It is the war for the world That is what is really going on
