Jelen, 2023-10-10

The incorporation of eastern European culture in Israeli Hebrew language literature Through thoughtful analysis of twentieth and twenty first century Israeli literature Israeli Salvage Poetics interrogates the concept of the negation of the diaspora as addressed in Hebrew language literature authored by well known and lesser known Israeli authors from the eve of the Holocaust to the present day Author Sheila E Jelen considers the way that Israeli writers from eastern Europe or of eastern European descent incorporate pre Holocaust eastern European culture into their own sense of Israeliness or Jewishness Many Israelis interested in their eastern European legacy live with an awareness of their own nation s role in the repression of that legacy from the elevation of Hebrew over Yiddish to the ridicule and resentment directed at culture text and folk traditions from eastern Europe To right the wrongs of the past and reconcile this conflict of identity the Israeli authors discussed in this book engage in what Jelen calls salvage poetics they read Yiddish literature travel to eastern Europe and write of their personal and generational relationships with Ashkenazi culture Israeli literary representations of eastern European Jewry strive sometimes successfully to recuperate eastern European Jewish pre Holocaust culture for the edification of an audience that might feel responsible for the silencing and extinction of that culture     **Erased** Omer Bartov, 2015-02-22 In *Erased* Omer Bartov uncovers the rapidly disappearing vestiges of the Jews of western Ukraine who were rounded up and murdered by the Nazis during World War II with help from the local populace What begins as a deeply personal chronicle of the Holocaust in his mother s hometown of Buchach in former Eastern Galicia carries him on a journey across the region and back through history This poignant travelogue reveals the complete erasure of the Jews and their removal from public memory a blatant act of forgetting done in the service of a fiercely aggressive Ukrainian nationalism Bartov a leading Holocaust scholar discovers that to make sense of the heartbreaking events of the war he must first grapple with the complex interethnic relationships and conflicts that have existed there for centuries Visiting twenty Ukrainian towns he recreates the histories of the vibrant Jewish and Polish communities who once lived there and describes what is left today following their brutal and complete destruction Bartov encounters Jewish cemeteries turned into marketplaces synagogues made into garbage dumps and unmarked burial pits from the mass killings He bears witness to the hastily erected monuments following Ukraine s independence in 1991 memorials that glorify leaders who collaborated with the Nazis in the murder of Jews He finds that the newly independent Ukraine with its ethnically cleansed and deeply anti Semitic population has recreated its past by suppressing all memory of its victims Illustrated with dozens of hauntingly beautiful photographs from Bartov s travels *Erased* forces us to recognize the shocking intimacy of genocide     *Culture Front* Benjamin Nathans, Gabriella Safran, 2014-06-09 For most of the last four centuries the broad expanse of territory between the Baltic and the Black Seas known since the Enlightenment as Eastern Europe has been home to the world s largest Jewish population The Jews of Poland Russia Lithuania Galicia Romania and Ukraine were prodigious generators of modern Jewish culture Their volatile blend of religious traditionalism and precocious quests for collective self emancipation lies at the heart

of Culture Front This volume brings together contributions by both historians and literary scholars to take readers on a journey across the cultural history of East European Jewry from the mid seventeenth century to the present The articles collected here explore how Jews and their Slavic neighbors produced and consumed imaginative representations of Jewish life in chronicles plays novels poetry memoirs museums and more The book puts culture at the forefront of analysis treating verbal artistry itself as a kind of frontier through which Jews and Slavs imagined experienced and negotiated with themselves and each other The four sections investigate the distinctive themes of that frontier violence and civility popular culture politics and aesthetics and memory The result is a fresh exploration of ideas and movements that helped change the landscape of modern Jewish history
