Pp Personalities Lenin:

Lenin and the Revolutionary Party Paul Le Blanc, 2016-02-01 For generations historians of the right left and center have all debated the best way to understand V I Lenin's role in shaping the Bolshevik party in the years leading up to the Russian Revolution At their worst these studies locate his influence in the forcefulness of his personality At their best they show how Lenin moved other Bolsheviks through patient argument and political debate Yet remarkably few have attempted to document the ways his ideas changed or how they were in turn shaped by the party he played such a central role in building In this thorough concise and accessible introduction to Lenin's theory and practice of revolutionary politics Paul Le Blanc gives a vibrant sense of the historical context of the socialist movement in Russia and abroad from which Lenin's ideas about revolutionary organization spring What emerges from Le Blanc's partisan yet measured account is an image of a collaborative ever adaptive and dynamically engaged network of revolutionary activists who formed the core of the Bolshevik party

The personality cult of Stalin in Soviet posters, 1929-1953 Anita Pisch, 2016-12-16 From 1929 until 1953 Iosif Stalin's image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin's image became a symbol of Bolshevik values and the personification of a revolutionary new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour The personality cult of Stalin in Soviet posters 1929-1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines

The Revolutionary Ascetic Bruce Mazlish, 2017-07-05 Why have the great revolutionary leaders of modern times from Robespierre to Lenin and Mao Tse tung so often been ascetics austere puritans with few emotional ties What functions political as well as personal do these ascetic traits perform for the modern revolutionary leader and for his followers Noted historian and author Bruce Mazlish is convinced that beginning in the nineteenth century the needs of modernizing revolutions have produced a distinct new type of political leader the revolutionary ascetic This individual's denial of personal pleasures and commitments both enables him to perform politically necessary if personally repulsive revolutionary acts and to command the allegiance of his more worldly followers Starting with Cromwell and the religious ascetics of the Puritan Revolution Mazlish shows in a series of fascinating personality sketches how this asceticism first became secularized with the French Revolution and then in the nineteenth and twentieth centuries was put to the service of a new kind of total modernizing revolution in Russia China and elsewhere In two remarkably vivid portraits of Lenin and Mao Tse tung Mazlish shows us precisely how two of the century's best known revolutionaries consciously and unconsciously used their personal asceticism to induce revolutionary change

Lenin Albert Rhys Williams, Raymond Robins, Arthur Ransome, 1919 **European Socialism, Volume II** Carl

Landauer, 2023-11-15 **European Socialism** covers the transformative development of socialism in Europe exploring the intellectual social and political evolution of the movement from its inception through to the early 20th century The narrative seeks to provide a comparative analysis of the movements in major continental countries while acknowledging that an all encompassing history of socialism in Europe would be an impossible task The author notes the difficulty of incorporating all the various movements across the continent especially given the extensive ideological interconnections and the influence of each country's socialist experience on others For practical reasons the book focuses on the more influential European nations with a particular emphasis on Germany France Russia and several smaller nations such as Belgium and Denmark but excludes Great Britain due to the extensive existing literature on British socialism This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1959 **The Man Lenin** Isaac Don Levine, 1924 **History Of Marxist-Leninist Atheism And Soviet Antireligious** Dimitry V Pospelovsky, 1987-09-29 **Personality and Place in Russian Culture** Simon Dixon, 2010 Lindsey Hughes 1949 2007 made her reputation as one of the foremost historians of the age of Peter the Great by revealing the more freakish aspects of the tsar's complex mind and reconstructing the various physical environments in which he lived Contributors to **Personality and Place in Russian Culture** were encouraged to develop any of the approaches featured in Hughes's work pointillist and panoramic playful and morbid quotidian and bizarre The result is a rich and original collection ranging from the sixteenth century to the present day in which a group of leading international scholars explore the role of the individual in Russian culture the myriad variety of individual lives and the changing meanings invested in particular places The editor Simon Dixon is Sir Bernard Pares Professor of Russian History at UCL School of Slavonic and East European Studies [Lenin and Gandhi](#) René Fülöp-Miller, 1927 **Facts on Communism: The Soviet Union, from Lenin to Khrushchev** United States.
