Practical Approaches to Alcoholism Psychotherapy Sheldon Zimberg, J. Wallace, S.B. Blume, 1985-04-30 *The Clinical Management of Alcoholism* Sheldon Zimberg, 1982 **Treatment and Prevention of Alcohol Problems**, 2012-12-02 *Personality Psychopathology and Psychotherapy A Series of Monographs Texts and Treatises* Treatment and Prevention of Alcohol Problems A Resource Manual focuses on the application of information gained through clinical experience and research in the treatment and prevention of alcohol problems The selection first offers information on an overview of treatment and prevention of alcohol problems beginning treatment for alcohol problems and assessment of multiple conditions in persons with alcohol problems Discussions focus on multiple condition concepts and measures therapeutic relationship treatment contacts dealing with associated problems and special populations early intervention and prevention and treatment techniques The text then elaborates on the medical aspects of alcoholism behavioral treatment of alcohol problems and building self confidence self efficacy and self control The publication takes a look at imagery and logotherapeutic techniques in psychotherapy and self help groups and other group procedures for treating alcohol problems including historical development of group procedures logotherapy and treatment for alcoholism and imagery methods and treatment for alcoholism The manuscript also examines the prevention of alcohol problems and the theory and methods for secondary prevention of alcohol problems The selection is a dependable source of data for researchers interested in the treatment and prevention of alcohol problems A resource manual for the treatment and prevention of alcohol problems The contributors represent the major innovators in the field Covered in detail are initiating treatment specific treatment techniques associated problems and special populations early intervention and prevention *The Practice of Psychotherapy (Psychology Revivals)* Lewis R. Wolberg, 2014-08-01 Freud once humorously remarked that Anyone who wants to make a living from the treatment of nervous patients must clearly be able to do something to help them It is amazing how frequently this simple precept is ignored and when a patient does not get well how often the failure is attributed to lack of proper motivation diminutive ego strength latent schizophrenia and a multitude of assorted resistances Difficulties that arise during therapy are not due to a deliberate conspiracy of neglect on the part of the therapist They usually come about because of obstructive situations that develop in work with patients with which the therapist is unprepared to cope During his psychiatric career the author who spent time both teaching and supervising collected and collated questions from students and graduate therapists who had raised concerns about psychotherapy that related to such obstructive situations Originally published in 1982 this volume contains both those questions and his answers **Counselling for Alcohol Problems** Richard Velleman, 2011-01-18 *Counselling for Alcohol Problems* third edition is a practical and bestselling guide to working with people who have problems with their use of alcohol It is the key book recommended by most alcohol counselling courses in the UK including the Scottish national alcohol counsellors training scheme The author provides clear guidance for

counsellors and demonstrates the need to treat every client as an individual attempting to understand and therefore enable the client to understand what they are doing and why This new edition includes New content on the current political social and counselling context surrounding alcohol use A wider range of case studies New ideas that help students and trainees develop the skills and strategies they need for working with their clients Further guidance for generic or non alcohol counsellors who face alcohol problems with their clients This third edition is an invaluable resource for practitioners both those specialising in work with alcohol misusers and those who encounter problem drinkers in the context of a more general counselling practice

Group Psychotherapy with Addicted Populations Philip J. Flores, Jeffrey Roth, Barney Straus, 2023-06-09 This newly updated and streamlined edition of *Group Psychotherapy with Addicted Populations* provides proven strategies for combating alcohol and drug addiction through group psychotherapy The interventions discussed in the book build on a foundation of addiction as an attachment disorder rooted in the understanding of addiction as a family disease An appreciation of group and organizational dynamics is used to address the complex experience of developmental trauma that underlies addiction Having identified the essential theoretical underpinnings of supporting recovery from addiction in Part One the second half of the book gives a thorough nuts and bolts description of constructing a psychotherapy group and engaging productively in the successive phases of its development from initiation of treatment to termination The book concludes with specific recommendations for group psychotherapists to increase their competence with groups deepen their appreciation of group and organizational dynamics and develop a community of support for their own well being These methods are important for psychotherapists working with addicted populations who are inexperienced with group psychotherapy as well as seasoned group psychotherapists wishing to enhance their work
