The Strikers of Coachella Christian O. Paiz,2022-12-06 The past decades have borne witness to the United Farm Workers UFW tenacious hold on the country's imagination Since 2008 the UFW has lent its rallying cry to a presidential campaign and been the subject of no less than nine books two documentaries and one motion picture Yet the full story of the women men and children who powered this social movement has not yet been told Based on more than 200 hours of original oral history interviews conducted with Coachella Valley residents who participated in the UFW and Chicana/o movements as well as previously unused oral history collections of Filipino farm workers bracero workers and UFW volunteers throughout the United States this stirring history spans from the 1960s and 1970s through the union's decline in the early 1980s Christian O Paiz refocuses attention on the struggle inherent in organizing a particularly vulnerable labor force especially during a period that saw the hollowing out of virtually all of the country's most powerful labor unions He emphasizes that telling this history requires us to wrestle with the radical contingency of rank and file agency an agency that often overflowed the boundaries of individual intentions By drawing on the voices of ordinary farmworkers and volunteers Paiz reveals that the sometimes heroic sometimes tragic story of the UFW movement is less about individual leaders and more the result of a collision between the larger anti union currents of the era and the aspirations of the rank and file The Dialogues of Plato Benjamin Jowett,2024-03-27 Reprint of the original first published in 1875 The Dialogues of Plato B.
