Tracy Chevalier

Matthew Arnold The Works Of Lionel Trilling:

Matthew Arnold, by Lionel Trilling. [2nd Edition.]. Lionel Trilling,1955 *Matthew Arnold* Lionel Trilling,1979

Matthew Arnold Lionel Trilling,1977 **The Portable Matthew Arnold. Edited, and With an Introd. by Lionel Trilling** Matthew Arnold,Lionel Trilling,1965 *The Essential Matthew Arnold Edited, and with an Introduction by Lionel Trilling* Matthew Arnold,1949 **The Powers of Distance** Amanda Anderson,2018-06-05 Combining analysis of Victorian literature and culture with forceful theoretical argument *The Powers of Distance* examines the progressive potential of those forms of cultivated detachment associated with Enlightenment and modern thought Amanda Anderson explores a range of practices in nineteenth century British culture including methods of objectivity in social science practices of omniscience in artistic realism and the complex forms of affiliation in Victorian cosmopolitanism Anderson demonstrates that many writers including George Eliot John Stuart Mill Charlotte Bront Matthew Arnold and Oscar Wilde thoughtfully address the challenging moral questions that attend stances of detachment In so doing she offers a revisionist account of Victorian culture and a tempered defense of detachment as an ongoing practice and aspiration *The Powers of Distance* illuminates its historical object of study and provides a powerful example for its theoretical argument showing that an ideal of critical detachment underlies the ironic modes of modernism and postmodernism as well as the tradition of Enlightenment thought and critical theory Its broad understanding of detachment and cultivated distance together with its focused historical analysis will appeal to theorists and critics across the humanities particularly those working in literary and cultural studies feminism and postcolonialism Original in scope and thesis this book constitutes a major contribution to literary history and contemporary theory **The Complete Works of W. H. Auden** Wystan Hugh Auden,2002 V 1 This book contains all the essays and reviews that W H Auden wrote during the years when he was living in England and also includes the full original versions of his two illustrated travel books *Letters from Iceland* written in collaboration with Louis MacNeice and *Journey to a War* written in collaboration with Christopher Isherwood Auden s early prose ranges from extravagant indiscreet travel diaries through sharply observed critiques of writers from John Skelton to Winston Churchill It includes studies of communism and Christianity audaciously wide ranging essays on literature psychology and politics and writings about gossip sex prisons and schools V 2 W H Auden s first ten years in the United States were marked by rapid and extensive change in his life and thought He became an American citizen fell in love with Chester Kallman and began to reflect on American culture and to explore the ideas of Reinhold Niebuhr and other Protestant theologians This volume contains every piece of prose that Auden wrote during these years including essays and reviews he published under a pseudonym Most have never been reprinted in any form since their initial publication in such magazines and newspapers as the *Nation* the *New Republic* *Common Sense* *Vogue* and the *New York Times* V 3 This volume contains all of W H Auden s prose works from 1949 through 1955 including many little known essays that exemplify his range wit depth and wisdom The book includes the complete text

of Auden's first separately published prose book *The Enchanted Flood or The Romantic Iconography of the Sea* followed by more than one hundred separate essays reviews introductions and lectures as well as a questionnaire complete with his own answers about the reader's fantasy version of Eden Two reviews that Auden wrote for the *New Yorker* but which the magazine never printed appear here for the first time and a series of aphorisms previously published only in a French translation are printed in English Among the previously unpublished lectures is a long account of the composition of his poem *Prime* complete with his comments on early rejected drafts The variety of style and subject in this book is almost inexhaustible Auden writes about the imaginary mirrors that everyone carries through life French existentialism and *New Yorker* cartoons Freud Kierkegaard Dostoyevsky and Camus Keats Cervantes Melville Colette Byron Virgil Yeats Tolkien and Virginia Woolf opera ballet cinema prosody and music English and American poetry and society and politics and religion The introduction by Edward Mendelson places the essays in biographical and historical context and the extensive textual notes explain obscure contemporary references and provide an often amusing history of Auden's work as an editor of anthologies and a series of books by younger poets

V 4 This fourth volume of W H Auden's prose provides a unique picture of this legendary writer's mind and art when he was at the height of his powers from 1956 through 1962 including the years when he was Professor of Poetry at Oxford The volume includes his best known and most important prose collection *The Dyer's Hand* as well as scores of essays reviews and lectures on subjects ranging from J R R Tolkien and Martin Luther to psychedelic drugs cooking and Homer Much of the material has never been collected in book form and some selections such as the witty orations Auden wrote for ceremonies at Oxford University are almost entirely unknown Edward Mendelson's introduction and comprehensive notes provide biographical and historical explanations of all obscure references The text includes extensive corrections and revisions that Auden marked in personal copies of his work and which are printed here for the first time

V 5 This fifth volume of W H Auden's prose displays a great writer's mind in its full maturity of wisdom learning and emotional and moral intelligence It contains his most personally revealing essays the ones in which he wrote for the first time about the full history of his family life his sexuality and the development of his moral and religious beliefs Among these works are the lightly disguised autobiographies that appear in long essays on the Protestant mystics and on Shakespeare's sonnets The book also features the full text of his T S Eliot Memorial Lectures *Secondary Worlds* and many unpublished or unavailable lectures and speeches Edward Mendelson's introduction and comprehensive notes provide biographical and historical explanations of obscure references The text includes corrections and revisions that Auden marked in personal copies of his work and that are published here for the first time

V 6 This sixth and final volume of W H Auden's prose displays a great writer's mind in its full maturity of wisdom learning and emotional and moral intelligence It contains the full text of the only book that he regarded as an autobiography *A Certain World* in which he portrayed himself by selecting and commenting on writings by others that most affected him throughout his life It also features late essays and reviews that in

many cases present lightly disguised autobiographies among them the most detailed account of his sexuality in *Papa Was a Wise Old Sly Boots* The appendixes gather lectures and public talks that are otherwise unpublished or unavailable Edward Mendelson's comprehensive notes provide biographical and historical explanations of obscure references The text includes corrections and revisions that Auden marked in personal copies of his work and that are published here for the first time Amazon.com

Encyclopedia of the Essay Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies

The Portable Matthew Arnold Matthew Arnold, Lionel Trilling, 1980 [A Literary History of England Vol. 4](#) A. A. Baugh, 2004-06-02 First published in 1959 The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time This is the fourth volume and includes the Nineteenth Century and after 1789-1939
