**Process Mysticism** Daniel A. Dombrowski, 2023-01-01 Process Mysticism uses the process philosophies of Charles Hartshorne Alfred North Whitehead and Henri Bergson to explore mystical religious experiences The aim is not so much to demonstrate that such experiences are true or veridical as it is to understand in a William Jamesian fashion how they could be possible and not contradict the concept of God held by philosophers and theologians Divine world inclusiveness ideal power and tragedy the ontological argument asceticism and the via negativa divine visions and voices and the aesthetics and ethics of mysticism are all treated in detail The book is ecumenical in that it is meant to illuminate mystical experiences as they occur around the world in different religious traditions but the author is especially familiar with those in the Abrahamic religions Mysticism can refer to either direct experience of God or the claim that such experience is ineffable and both senses of the term are carefully analyzed in the book

**Mystics** William Harmless,2008 In *Mystics* William Harmless S J introduces readers to the scholarly study of mysticism He explores both mystics extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harless s case study approach brings things down to earth restoring mystics to their historical context

confronting the imponderable depth of the universe      *Stealing the Mystic Lamb* Noah Charney, 2010-10-05 Jan van Eyck's Ghent Altarpiece is on any art historian's list of the ten most important paintings ever made. Often referred to by the subject of its central panel, The Adoration of the Mystic Lamb, it represents the fulcrum between the Middle Ages and the Renaissance. It is also the most frequently stolen artwork of all time. Since its completion in 1432, this twelve-panel oil painting has been looted in three different wars, burned, dismembered, forged, smuggled, illegally sold, censored, hidden, attacked by iconoclasts, hunted by the Nazis, and Napoleon used as a diplomatic tool, ransomed, rescued by Austrian double agents, and stolen a total of thirteen times. In this fast-paced real-life thriller, art historian Noah Charney unravels the stories of each of these thefts. In the process, he illuminates the whole fascinating history of art crime and the psychological, ideological, religious, political, and social motivations that have led many men to covet this one masterpiece above all others.

**Metaphor, Making and Mysticism** Sheila Gallagher, Louise Nelstrop, Lydia Shahan, 2025-10-24 This volume focuses on the interplay between metaphor-making and mysticism and sheds new light on the power of the metaphorical and creative dimensions of the mystical for the twenty-first century. It explores the ways a variety of mystical writers deal with metaphor and image by bringing together chapters from interdisciplinary vantage points: theological, philosophical, historical, artistic, and literary. The book touches on a range of historical and contemporary figures, including Jalal al-Din al-Rumi, John of Ruusbroec, Hadewijch, John Scottus Eriugena, and Edward Abbey. In reviewing the place of metaphor in mystical texts, both Christian and Islamic, the contributions reflect on the hard and difficult places both metaphor and mysticism can bring us to. They explore contemporary artists' engagement with the mystical and how these open up new ways of reimagining our present, moving us beyond static categories such as religion versus secular and Christianity versus Islam. Overall, the book highlights the potential of mysticism to push us beyond comfortable spaces and associations and considers the language and images used to do so.

**The Verdict on Each Man Dead** David Whellams, 2015-08-11 From an Arthur Ellis Award finalist. An intelligently plotted and layered mystery set in the Mormon heartland. Brenda Chapman, author of *Turning Secrets*, Peter Cammon is now retired from New Scotland Yard. Nevertheless, the former chief inspector has found himself in the suburbs of Salt Lake City, Utah, after agreeing to help a colleague with a difficult case. A resident on tranquil Hollis Street has been beheaded; her husband has disappeared, and there is no obvious perpetrator. Yet the neighbors seem apathetic, silent to the point of complicity. Peter joins the manhunt and is shocked to discover a link leading from the killer to the Unabomber and Oklahoma City bombing cases. Files Peter himself worked on during the 1990s. To untangle the evidence, Peter and his acquaintance in local law enforcement must strike unholy alliances with corrupt cops, Mexican drug lords, and perhaps one of the world's most notorious terrorists. Thrilling. Whellams' whose thirty-year career in criminal law lends authenticity to his writing, weaves the plot seamlessly through a variety of events to keep readers guessing. This intense, suspenseful, well-crafted mystery will make readers glad that Cammon has not retired. *Publishers Weekly*
