Giorguli, 2024-02-06 At the beginning of the twenty first century a generation of children crossed the border from the United States to begin their lives anew in Mexico While all were international migrants their roots spread far and wide Some were migrant returnees born in Mexico others had only ever known a life in the United States Distinguishing returnees from new arrivals seems simple but defining these youths affiliations in their new homes in Mexico is much more complex and yields new insights that enrich our contemporary understanding of inclusion and belonging This book is the product of twenty five years worth of fruitful interdisciplinary dialogue and research on these children s trajectories tracing their journeys and studying integration or lack thereof into Mexican society and institutions
