D. Downey, Stanley E. Dockery, Gregory Alan Thornbury, 2002-09-01 *Shaping a Christian Worldview* presents a collection of essays that address the key issues facing the future of Christian higher education *Caring in Nursing Classics* Marlane C. Book Alone , The Dynamics of Changing Higher Education in the Global South Busani Mpofu,Sabelo Ndlovu-Gatsheni,2020-06-29 Today there are generally universities in Africa rather than African universities The legitimacy of the university in Africa is under serious questions now because of its complicity in racism patriarchy sexism colonialism capitalism genocide epistemicide linguicide culturecide and alienation In other words the university in Africa as we know it today is elitist and exclusionary Therefore rethinking the idea of the university is fundamental to overcoming its current deficiencies in the Global South This volume bringing together a number of national case studies and macro analyses on the dynamics of changing higher education in the Global South gestures towards the desired imagined decolonial African university which should be a site of multilingualism where African indigenous languages

cosmologies and ontologies become a central part of its identity and soul intolerant of epistemicides, linguicides and cultural imperialism but a site of cognitive and social justice that fully embraces the idea that all human beings are born into valid, useful, relevant and legitimate knowledge systems
