and humanistic care of the dying A valuable contribution to the evolving field of palliative nursing care It is authored by a model for this field Bonnie Freeman and brings to the bedside what her practice embodies evidence based clinically expert care The CARES tool is a long needed resource and we are all grateful to the author for moving her passion to paper It will touch the lives and deaths of patients families and the nurses who care for them Betty Ferrell PhD RN MA FAAN FCPN CHPN Professor and Director Division of Nursing Research and Education City of Hope National Medical Center From the Foreword This groundbreaking reference for palliative care nurses is the first to provide realistic and achievable evidence based methods for incorporating compassionate and humanistic care of the dying into current standards of practice It builds on the author s research based CARES tool a reference that synthesizes five key elements demonstrated to enable a peaceful death as free from suffering as possible comfort airway management management of restlessness and delirium emotional and spiritual support and selfcare for nurses The book describes step by step how nurses can easily implement the basic tenets of the CARES tool into their end of life practice It provides a clearly defined plan that can be individualized for each patient and tailored to specific family needs and facilitates caring for the dying in the most respectful and humane way possible The book identifies the most common symptom management needs in dying patients and describes in detail the five components of the CARES paradigm and how to implement them to enable a peaceful death and minimize suffering It includes palliative care prompts founded on 29 evidence based recommendations and the National Consensus Project for Palliative Care Clinical Practice Guidelines The resource also addresses the importance of the nurse to act as a patient advocate how to achieve compassionate communication with the patient and family and barriers and challenges to compassionate care Case studies emphasize the importance of compassionate nursing care of the dying and how it can be effectively achieved Key Features Provides nurses with a clear understanding of the most common needs of the dying and supplies practical applications to facilitate and improve care Clarifies the current and often complex literature on care of the dying Includes case studies illustrating the most common needs of dying patients and how these are addressed effectively by the CARES tool Based on extensive evidence as well as on the National Consensus Project for Palliative Care Clinical Practice Guidelines Choosing End of Life Nursing Susan Bardy, 2016-05-22 Death is inevitable none of us will escape it Ending life with a terminal illness is a slow and rather lonely process I am interested in the question of why some nurses choose to work in the field of palliative care I am one who willingly stepped into the role of being with patients at their most vulnerable time when death became inevitable My nursing history has spanned fifty years of which the last twenty were in palliative care of terminally ill and dying patients What was it that influenced me to move from a curing model to comfort caring only My work is an account of how I discovered palliative care nursing after thirty years in the acute care setting I migrated to Australia at the age of seventeen after the violence of World War II and the death of my father in a refugee camp It seemed that taking on nursing was the best way to settle into a new life I was happy with general nursing but had a feeling that there was more I could

contribute to my patient care My mother s unexpected death with cancer was responsible for showing the way She died in the hospice unit of the hospital where I was employed Sitting by her side showed me another aspect of nursing that attracted me to a career change I transferred to the Hospice after mother died and remained there for twenty years Naturally I wondered why this change of direction happened Susan Bardy      **Advanced Practice Palliative Nursing** Constance Dahlin,Patrick J. Coyne,Betty R. Ferrell,2016-02-25 Advanced Practice Palliative Nursing is the first text devoted to advanced practice nursing care of the seriously ill and dying This comprehensive work addresses all aspects of palliative care including physical psychological social and spiritual needs Chapters include symptoms common in serious illness pediatric palliative care spiritual and existential issues issues around the role and function of the advanced practice nurse APN reimbursement and nursing leadership on palliative care teams Each chapter contains case examples and a strong evidence base to support the highest quality of care The text is written by leaders in the field and includes authors who have pioneered the role of the advanced practice nurse in palliative care This volume offers advanced practice content and practical resources for clinical practice across all settings of care and encompassing all ages from pediatrics to geriatrics      Final Moments Deborah Witt Sherman,2009-01-06 What was it like the first time a nurse witnessed death How do nurses cope with death when it becomes almost routine What lessons can we learn from their experiences Twenty five nurses from hospitals private practices and in home health care tell about their experiences with death Hear from people new to the field as well as those who have been in nursing for decades about how they deal with grief the controversies about end of life decisions the challenges of caring for people as they die and the harrowing experience of telling their family members Edited and introduced by a registered nurse the book is a resource for both nurses and anyone who wants to better understands death and dying      **Palliative Care Nursing** Marianne LaPorte Matzo,Deborah Witt Sherman,2010 Print CourseSmart      **Palliative and End of Life Care, An Issue of Nursing Clinics** Mimi Mahon,2010-09-28 This issue of Nursing Clinics Guest Edited by Mimi Mahon features subject topics such as Understanding Children s Involvement in Medical Decision Making Symptom Management at End of Life Assessing respiratory distress when the patient can t self report Barriers to Palliative Care Legislative Issues End Stage Liver Disease Symptoms Dying children Creating opportunities out of a Last Chance Decision making in palliative care Discussing a family member s serious illness children s and families perspectives Living with cognitive impairments in Long Term Care Palliative Care Withdrawal of Life Sustaining Therapy The patient and family perspectives Living with cancer Palliative care concepts in the sickle cell population
