**Long-Term Care in the 21st Century** Iris Chi, 2013-08-27 Who pays for long term care Discover the unique approaches of seven countries around the Pacific Rim Long Term Care in the Twenty First Century discusses policies and programs for long term care in seven countries around the Asia Pacific Rim the United States Canada Japan Australia Singapore Hong Kong and Taiwan Each country is covered in two chapters one to examine the philosophy and values that underlie its approaches to long term care the second to discuss its systems of service delivery These thoughtful analyses backed up with facts and figures explain program successes and failures in the context of demographic and social trends and with reference to the differing political systems across the region Its breadth of perspective and insightful examination of cultural differences make Long Term Care in the Twenty First Century an important contribution to the international comparative study of aging The programs in the United States Australia and Canada offer a fascinating contrast with the longer established and very different programs in the Asian countries including Japan the world s oldest country Long Term Care in the Twenty First Century provides practical information on essential gerontological issues for each country including financing arrangements development of client classification systems case management in both residential and community based systems key source documents references and Web sites political and cultural influences home based and family caregiving This valuable book provides a critical record of developments in the current transition period This multicultural perspective contributes a chance for all countries to learn from the experience of others in dealing with a problem that is increasingly important as the world population ages Long Term Care in the Twenty First Century is an essential resource for scholars service providers policymakers and anyone concerned with care of the

aged not only in Pacific Rim countries but around the world      **Practice Teaching in Healthcare** Neil Gopee,2010-02-16 Practice Teaching in Healthcare is an essential textbook for anyone studying for the Practice Teacher qualification Encouraging a critical understanding of the knowledge and competence required to fulfil the practice teacher role the book examines and evaluates the concepts theories and frameworks underpinning the necessary skillset Structured largely around the Nursing and Midwifery Council s standards for Practice Teachers the book provides comprehensive coverage of the knowledge and skills required to supervise and assess the learning of qualified healthcare practitioners particularly those on post qualifying specialist or advanced practice programmes and therefore includes Managing inter professional relationships Specialist and advanced practice and knowledge Assessment and accountability Leadership in facilitation of learning and assessment of clinical skills Clinical practice development and evidence based practice and Issues and further developments in learning beyond registration With action points illustrations and case studies this is an ideal textbook for healthcare professionals who are students on practice teaching courses and all facilitators of learning beyond initial registration

**Family and Aging Policy** Francis G. Caro,2014-05-01 Learn how public policies can help families provide the care their elderly relatives need Family and Aging Policy examines how public initiatives to assist the elderly in the United States Canada Singapore Denmark and Sweden can impact families who provide them with long term care For the majority of older people the aging experience involves their families directly and indirectly affecting income security housing and health care This unique book addresses the aging issues that matter most to families struggling to deal with the demands of care giving and provides answers on how the public sector can help As the traditional nuclear family becomes a memory and the notion of extended family disappears the need for public interventions to help the elderly increases A significant number of people grow old without families they can depend on Others have families who want to help but lack the financial means or the housing needed to provide care Family and Aging Policy offers options on how families and formal services can share responsibilities including how families can juggle jobs and care giving the effects of the Family and Medical Leave Act consumer directed service options community based care programs accessory dwelling units and zoning ordinances and provisions for caregiver support in each of the 50 United States and the District of Columbia Family and Aging Policy examines extensive welfare programs in Sweden publicly funded home care programs in Denmark family oriented social policies in Singapore shared responsibilities of families and formal services in Canada the Administration on Aging s National Family Caregiver Support program in the United States California Caregiver Resource Centers and much more Family and Aging Policy is an invaluable tool for researchers and policy analysts working in family policy issues and as an essential supplemental text for course work in gerontology sociology family relations and social work      **EBOOK: Working With Older People And Their Families** Mike Nolan,Nolan Davies,Gordon Grant,2001-02-16 Addressing the needs of older people and their carers is an essential element of both policy and practice in the fields of health and social care Recent developments

promote a partnership and empowerment model in which the notion of person centred care figures prominently However what person centred care means and how it can be achieved is far from clear Working with Older People and their Families combines extensive reviews of specialist literatures with new empirical data in an attempt at a synthesis of themes about making a reality of person centred care Uniquely it seeks to unite the perspectives of older people family and professional carers in promoting a genuinely holistic approach to the challenges of an ageing society Working with Older People and their Families is recommended reading for students on health related courses such as nursing medicine and the therapies It is also of relevance to students of social work and social gerontology researchers managers and policy makers
