Conscientious Objection in Health Care Mark R. Wicclair,2011-05-26 Historically associated with military service conscientious objection has become a significant phenomenon in health care Mark Wicclair offers a comprehensive ethical analysis of conscientious objection in three representative health care professions medicine nursing and pharmacy He critically examines two extreme positions the incompatibility thesis that it is contrary to the professional obligations of practitioners to refuse provision of any service within the scope of their professional competence and conscience absolutism that they should be exempted from performing any action contrary to their conscience He argues for a compromise approach that accommodates conscience based refusals within the limits of

specified ethical constraints He also explores conscientious objection by students in each of the three professions discusses conscience protection legislation and conscience based refusals by pharmacies and hospitals and analyzes several cases His book is a valuable resource for scholars professionals trainees students and anyone interested in this increasingly important aspect of health care **Issues and Trends in Nursing: Essential Knowledge for Today and Tomorrow** Gayle
