Catalogue of War Relics, Curiosities, Etc. Gathered from the Battlefields of Virginia, Pennsylvania and Maryland, During the Years 1886-7-8 Cotton & Hills,1888 **From the Battlefield to the Big Screen** Melody Foreman,2022-11-04 Look closely behind the lives of the stars who appeared in a host of legendary war films and discover how memories of their real life experiences in the armed forces were haunted with heartbreak and yet filled with extraordinary heroism Just what did America s most decorated soldier Audie Murphy go through in battle which led him to star as himself in the classic war film To Hell and Back When the Japanese attacked Pearl Harbor in December 1941 Murphy joined the US Army aged just 17 He went on to fight at Anzio the Colmar Pocket and Nuremberg And for single handedly holding off an enemy attack he was awarded the Congressional Medal of Honor But Murphy s military and celebrity stardom did little to extinguish the pain of his private battle to fit in to a new post war world he perceived as disappointing shallow and unfulfilling Tormented by PTSD Murphy was a man unable to escape from his past Only the great director and decorated wartime documentary maker John Huston gained Murphy s true respect When war broke out on 3 September 1939 a number of British stars including Laurence Olivier his future wife Vivien Leigh and David Niven were in the United States under contract to the Hollywood Studios Keen not to shirk their duties at home and against advice from the British Consul they made their way back to Blighty Olivier joined the Royal Navy s Fleet Air Arm as a pilot Then with Churchill s approval he directed and starred in powerful propaganda films including Shakespeare s Henry V In 1943 the beautiful Vivien Leigh ruined her health by enduring the brutalities of the North African climate to entertain the troops in the desert Meantime Dirk Bogarde was a British Army intelligence officer seconded to the pioneering RAF Medmenham where he studied aerial photographs and pinpointed enemy targets for Bomber Command As Lieutenant van den Bogaerde he was posted to France just after D Day He went on to star in many leading war films such as Appointment in London 1953 and King and Country 1964 Years later in 1991 Sir Dirk Bogarde was interviewed by the author of this book He had witnessed the horrors of Belsen in April 1945 and said it changed his attitude to life forever In this book the author honors the real life stories of some big screen idols who showed true grit behind the glamor **Wounded Homecoming: The Uphill Journey of Wounded Veterans from Battlefield to Homefront** John Gallina,Dale Beatty,2018-05-07 John Gallina and Dale Beatty Combat Wounded Veterans who served together were injured together an established Purple Heart Homes together share details of their story in Wounded Homecoming The Uphill Journey of Wounded Veterans from Battlefield to Homefront The book delves into the background of both Purple Heart Homes Co founders while showcasing the stories of disabled Veterans from different conflicts The juxtaposition of similarities and differences from the over 3 4 million injured service members who live in the United States casts a new light on what it means to exist as a disabled Veteran **The Allure of Battle** Cathal Nolan,2017-01-02 History has tended to measure war s winners and losers in terms of its major engagements battles in

which the result was so clear cut that they could be considered decisive Cannae Konigsberg Austerlitz Midway Agincourt all resonate in the literature of war and in our imaginations as tide turning But these legendary battles may or may not have determined the final outcome of the wars in which they were fought Nor has the genius of the so called Great Captains from Alexander the Great to Frederick the Great and Napoleon play a major role Wars are decided in other ways Cathal J Nolan's *The Allure of Battle* systematically and engrossingly examines the great battles tracing what he calls short war thinking the hope that victory might be swift and wars brief As he proves persuasively however such has almost never been the case Even the major engagements have mainly contributed to victory or defeat by accelerating the erosion of the other side's defences Massive conflicts the so called people's wars beginning with Napoleon and continuing until 1945 have consisted of and been determined by prolonged stalemate and attrition industrial wars in which the determining factor has been not military but material Nolan's masterful book places battles squarely and mercilessly within the context of the wider conflict in which they took place In the process it help corrects a distorted view of battle's role in war replacing popular images of the battles of annihilation with somber appreciation of the commitments and human sacrifices made throughout centuries of war particularly among the Great Powers Accessible provocative exhaustive and illuminating *The Allure of Battle* will spark fresh debate about the history and conduct of warfare

Who's in Charge? Laura H. Kahn, 2009-09-03 This book explores the crucial relationships between political leaders public health officials journalists and others to see why leadership confusion develops It begins by looking at the overarching issues of leadership public health administration and the threats of bioterrorism It then examines five recent emergencies the 2001 anthrax attacks and 1993 cryptosporidium outbreak in the United States the 2003 SARS outbreak in Toronto the 2001 foot and mouth disease crisis and the decade long battle against Mad Cow Disease in the U K

Striking Power Jeremy Rabkin, John Yoo, 2017-09-12 Threats to international peace and security include the proliferation of weapons of mass destructions rogue nations and international terrorism The United States must respond to these challenges to its national security and to world stability by embracing new military technologies such as drones autonomous robots and cyber weapons These weapons can provide more precise less destructive means to coerce opponents to stop WMD proliferation clamp down on terrorism or end humanitarian disasters Efforts to constrain new military technologies are not only doomed but dangerous Most weapons in themselves are not good or evil their morality turns on the motives and purposes for the war itself These new weapons can send a strong message without cause death or severe personal injury and as a result can make war less rather than more destructive

Fraud Paul Waldman, 2004 In this scathing indictment of the president's integrity Waldman maintains that George W Bush has executed a comprehensive and sustained plan of deception to mislead America

Land of War William Nester,2023-05-01 War in Europe began with the first human migrants Rival bands fought for thousands of years before the Greeks and Romans began writing about their military history first as legend for instance the hero Achilles battling the Trojans and then as fact War developed from sticks and stones to bronze iron and steel including armor and edged weapons Then came gunpowder guns and cannons which eventually replaced edged weapons Finally in the nineteenth and twentieth centuries technology exploded railroads steamships telegraphs machine guns automobiles airplanes and tanks enabled European states to muster equip arm transport and command more men than ever before with more firepower than ever before In the past seventy five years atomic weapons changed the military landscape of Europe as have the internet and cyber warfare In this colorful new telling of European warfare and indeed European history through the continent s all too numerous wars and conflicts William Nester describes millennia of armed conflict He covers the greatest hits of military history both ancient and current Thermopylae the Peloponnesian War the wars of the Roman Empire across the continent the Battle of Hastings the Crusades Agincourt Waterloo Napoleon and Wellington the Somme the Spanish Civil War Stalingrad and Normandy Churchill Hitler and Stalin Bosnia and up through Putin s attempts to redraw the map of Europe Nester highlights how warfare has been deeply entwined with European statesmanship and undergirds modern institutions such as NATO and the European Union Europe s sense of itself is bound up in its military history Land of War is an epic odyssey from Europe s mythic origins through its latest violent conflicts

Russia's Wars of Emergence 1460-1730 Carol Stevens,2013-09-13 Russia s emergence as a Great Power in the eighteenth century is usually attributed to Peter I s radical programme of Westernising reforms But the Russian military did not simply copy European armies Adapting the tactics of its neighbours on both sides Russia created a powerful strategy of its own integrating steppe defence with European concerns In Russia s Wars of Emergence Carol Belkin Stevens examines the social and political factors underpinning Muscovite military history the eventual success of the Russian Empire and the sacrifices made for power

From the Opposing Side: Love in the Midst of Battle Prince of Peace,2024-05-02 Experience the captivating and heart wrenching novel *From the Opposing Side* which explores the power of love in times of war Written by acclaimed author Nagus Nagas this must read book offers a compelling story about human connection and resilience Set during the height of World War II *From the Opposing Side* follows the story of Anna and James two young lovers who are separated by the conflict as they fight on different sides Despite the danger and cultural barriers they face they develop an intense bond that transcends their differences As the war rages on Anna and James must navigate their way through a world torn apart by violence and hatred Their love for each other remains strong serving as a source of hope and healing amidst the most difficult circumstances With beautiful writing and a deeply moving narrative *From the Opposing Side* is a testament to the enduring power of love and the resilience of the human spirit This novel will leave a lasting impression on readers who enjoy historical fiction romance and stories about the triumph of the human spirit [Amateur Soldiers, Global Wars](#) Michael C. Fowler,2005-09-30 Transnational politics modern communications and access to the tools of warfare have combined to give political movements the ability to wage global war to promote their own agendas a development that has changed the face of both politics and warfare Fowler examines current aspects of conducting war including mobilization funding training fighting and intelligence to demonstrate how they are accessible to anyone and are well suited to waging insurgency efforts in many places around the world Such efforts force governments to deal with unforeseen enemies who violently advance their agendas in a quest for increased power and authority Because global insurgents such as al Qaeda build more direct connections between politics and the use of force confronting them requires solutions that emphasize politics as much as the use of force National governments must unite to seek cooperative solutions to issues that affect them The implications of the adoption of such strategies by groups with varied agendas will undoubtedly change foreign policy planning for decades to come *The Franco-Prussian War* Karine Varley,2024-06-14 The Franco Prussian War of 1870 71 has traditionally been seen as a limited conflict between French and German forces This edited volume challenges this view and shows that it was a war of ideas values and perceptions which transformed the political diplomatic and military culture across Europe Based on interdisciplinary research the book suggests that the war raised new questions about power the nation violence and notions of civilization which brought about a decisive shift in how warfare was experienced and perceived While the Franco Prussian War may have begun as a traditional dynastic struggle it became a modern war and an important precursor to the First World War in its use of new weaponry and industrialized warfare At the same time the development of humanitarian movements and international law on the conduct of war meant that the fighting was subjected to unprecedented scrutiny

while new technologies accelerated the pace at which narratives about the war were constructed and consumed This volume will appeal to scholars in the fields of war studies international relations and diplomacy and intellectual and cultural history It will also be a useful addition to undergraduate and postgraduate courses on nineteenth century European history and cultural studies

Confederate Veteran ,1902 *Other People's Wars* Brent L. Sterling,2021 Brent L Sterling examines how well or poorly the US military has learned lessons and applied findings from analyzing foreign wars through observer missions and post conflict military to military liaisons Preparing for the next war at an unknown date in the future against an undetermined opponent is an inherently difficult undertaking with extremely high stakes Even the most detailed exercises and wargames do not truly simulate combat and the fog of war Thus militaries the world over have studied foreign wars to see what lessons can be gleaned but the effectiveness of this learning process has rarely been evaluated Sterling s goals are to better understand learning dynamics in the military to better determine what types of knowledge can be gained from foreign wars to identify common pitfalls and to propose ways to maximize the benefits for doctrine organization and training This book explores four major cases of US observation missions at key junctures in history the Crimean War 1853 56 the Russo Japanese War 1904 05 the Spanish Civil War 1936 39 and the Yom Kippur War 1973 These conflicts preceded the US Civil War First World War Second World War and the Revolution in Military Affairs of the Gulf War The case studies show that the observer missions can yield significant benefits if the right conditions are met
