Office And Ministry In The Church:

Office and Ministry in the Church Bas van Iersel, Roland Edmund Murphy, 1972 *The Cambridge Companion to John Calvin* Donald K. McKim, 2004-06-17 Dr Donald K McKim gathers together an international array of major Calvin scholars to consider phases of Calvin's theological thought and influence Here historians and theologians meet to present a full picture of Calvin's contexts the major themes in Calvin's writings and the ways in which his thought spread and has increasing importance today The chapters serve as guides to their topics and provide further readings for additional study This is an accessible introduction to the significant Protestant reformer and will appeal to the specialist and non specialist alike

Readings Upon the Liturgy and Other Divine Offices of the Church John Bate Cardale, 1851 **Here I Am, Lord, Send Me** Neal D. Presa, 2012-10-03 Church leadership and authority have been perennial theological issues facing Protestant churches of the Reformed tradition since the sixteenth century What is ordination and what occurs when the Church ordains women and men to offices are questions that Reformed churches have attempted to answer for over five hundred years In *Here I Am Lord Send Me* Neal Presa combs the rich confessional constitutional and theological tradition of the Reformed churches He critiques previous methods that have tried to answer questions of the meaning of ordination and then proposes a new methodology that focuses on the ritual and stories of ordination the shape and content of an assembly's worship This work provides pathways for deeper and helpful engagement with present church debates and ecumenical discussions on ordination and ecclesiastical authority **The Ordination of Women** Paul Jewett, 2012-03-01 Upon its publication in 1975 *Man As Male and Female* a study of Scripture in which Paul Jewett argues that man and woman are properly related only when they accept each other as equals received much critical acclaim Now in *The Ordination of Women* Jewett argues that on the basis of the Christian ideal of the partnership of the sexes women ought to share fully with men the privileges and responsibilities of church ministry **The Church Order Commentary, Third Edition** Idzerd Van Dellen, Martin Monsma, 2009-12-01 *The Christian Faith* Carl E. Braaten, 2020-05-29 This single volume of dogmatics is an introduction to the Christian faith as such written from an intentionally ecumenical perspective Although this book is written by a Lutheran its aim is to draw from the deep wells of the Christian tradition its creeds and confessions common to all denominations Denominational dogmatics tends to define and defend the teachings of the Christian faith from the perspective of a particular church in distinction from others Ecumenical dogmatics is a relatively new attempt to focus on the beliefs and teachings fundamental to all communities that call themselves Christian Such a project aims to be more irenic than polemical intent on seeking and serving reconciliation and unity in Christ The trinitarian and christological confessions of the first five centuries are foundational for all Eastern Orthodox Roman Catholic and Protestant Reformation churches and despite all their subsequent differences and divisions are quintessential in their journey toward reconciliation and reunion These ancient creeds also suggest the appropriate outline for the organization of the contents of dogmatics even today following the works

of the triune God creation redemption and sanctification The Ecclesiastical Offices in the Thought of Martin Bucer Willem van 't Spijker, 2021-10-11 This work comprises a detailed study of Bucer's thinking on ecclesiastical office The Strasbourg reformer exercised a great influence on Calvin among others This exploration does not only contribute to the knowledge of the body of thoughts and views of this often ignored reformer whose importance is increasingly being recognised It also contains a large amount of material which is extremely valuable for current discussion theological and practical on office and structure within the Church The author has based his research on various rare editions found in libraries all over Europe He also used many unpublished sources from the abundant archives in Strasbourg **We Are All Priests** Roger Whittall, 2023-12-11 In this book Roger Whittall argues that Luther's teaching on the common priesthood the priesthood of believers was a persistent element of Luther's ecclesiology and closely related to his understanding of the church as the communion of saints Whittall's focus is the common priesthood's activity in the Christian community moving beyond its contested relationship to the church's ordained ministry or the views that limit its appearance to Luther's early polemical writings Rather the common priesthood stands alongside the public ministry They are equal partners in the church's mandate to receive and speak God's word to respond in prayer praise and joyful service of God's world and all its people This wide ranging investigation features later material not often considered in relation to the common priesthood For Luther priesthood was a biblical expression of Christian spiritual life worship and service forming both the personal faith of individual Christians and the corporate nature of the Christian community Whittall also examines Luther's use of key biblical texts to link church and priesthood through the themes of unity and community equality and participation Understood in this way this priesthood still speaks powerfully to the identity and mission of the church today *March's Thesaurus Dictionary* Francis Andrew March, 1925 *The Church* Gabriel J. Fackre, 2007 The latest volume in Gabriel Fackre's Christian Story finds the dedicated ecumenist attempting to examine the connections or lack thereof between worldwide ecumenical progress and the character of local churches as he observes them in twenty first century America Drawing from his own fifty year experience in the church as pastor teacher and parishioner Fackre breaks open the myth of the church experience and exposes the reality of modern worship on a local level The Church is rich in insight and fertile in its range of suggestions most of them aimed at pastors and aspiring pastors the men and women who will carry the teachings of the church its kerygma into the next generation and the ones that follow **On the Church** Abraham Kuyper, 2016-11-16 This anthology of key essays and speeches presents Kuyper's thoughts on the church Included are selections from Kuyper's doctoral dissertation on the theology of John Calvin and John a Lasco various treatises and sermons such as the Twofold Fatherland and Address on Missions and selections from Kuyper's larger works on the church such as Kuyper's commentary on the Heidelberg Catechism The centerpiece will be Kuyper's programmatic statement Tract on the Reformation of the Churches which takes a unique approach to ecclesiology **Systematic Theology** Wolfhart Pannenberg, 1991 The publication of

Volume 3 of German theologian Wolfhart Pannenberg's Systematic Theology completes the English edition of a work that will surely come to stand as one of the lasting theological statements of the twentieth century **Power in Reformed Polity** Roy Alexander Surjanegara, 2022 In the framework of the international academic dialogue on Reformed church polity this study focuses on the way the notion of authority is articulated in the church orders of three Indonesian churches with different historical and missionary backgrounds The analysis deals with the main aspects of church polity that would articulate power identity assembly and ministry It shows resonances between the characteristic features of Reformed polity and the cultural context of Indonesia Authority can be characterized as context relevant relational and accountable **The Living Church**, 1954 **Dr. C.F.W. Walther as Theologian** Franz Pieper, 2019-04-15 This is a smaller 6x9 edition of the modern rendition of C F W Walther as Theologian This stellar work by Dr Franz Pieper acts as a guide to one of the most important figures in early American Lutheranism **Minutes - United Presbyterian Church in the U.S.A.** United Presbyterian Church in the U.S.A. General Assembly, 1872 Vol for 1958 includes also the Minutes of the final General Assembly of the United Presbyterian Church of North America and the minutes of the final General Assembly of the Presbyteruan Church in the U S A Eastern Catholic Theology in Action Andrew J. Summerson, Cyril Kennedy, 2024-10-11 The Second Vatican Council urged Eastern Catholics to cultivate their share of divine revelation for the benefit of the entire Catholic Church Yet more than 50 years later the Eastern Catholic Churches frequently remain on the margins both in the theological academy and in the life of the Church more broadly In an effort to remedy this situation at least in part this volume offers a scholarly reflection on the unique patrimony of the Eastern Catholic Churches divided according to the categories of Liturgy Theology Spirituality Discipline and Culture In so doing it both follows the categories used to define a Church sui iuris in the Code of Canon Law for the Eastern Churches and builds on the legacy of the Rev Peter Galadza to whom the volume is dedicated On one hand the volume and its essays are intentionally introductory revealing the worlds of Eastern Catholicism and the variety of theological approaches that take place there Emerging in part from the experience of teaching and preaching by scholars of Eastern Christianity who are frequently asked for a basic introduction to Eastern Catholic theology and have little to offer in response these essays gather an international group of scholars engaging in critical theological reflection from an Eastern Catholic perspective This approach is rounded out by contributions from Roman Catholic Orthodox and Protestant scholars who articulate their own reception and appreciation of the Eastern Catholic theological heritage At the same time however several of the essays in this volume relate the history and current reality of Eastern Catholicism to the Orthodox and Roman Catholic Churches yet without ignoring how frequently Eastern Catholics live worship and theologize without self conscious regard for their unique ecclesial situation Indeed these authors show Eastern Catholic theology can be unself consciously grounded in the patristic tradition and Eastern Catholics can simply do theology without worrying about ecclesial politics Readers will thus find here the best of both worlds both an

introduction to the unique and frequently ignored patrimony of the Eastern Catholic Churches and a series of essays that avoids the all too common pitfall of reducing these traditions to a parody of other Churches Eastern or Western. Instead by engaging with the sources of the Christian tradition as Eastern Catholics yes but first and foremost as Christians the authors reveal how much their tradition can offer the Catholic Church as a whole **Living Church** ,1921 *Minutes of the General Assembly of the Presbyterian Church in the United States of America* Presbyterian Church in the U.S.A. General Assembly,1872
