**Sara Schatz**

## **Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands:**

**Organized Crime and Democratic Governability** John Bailey, Roy Godson, 2001-02-18 The United States Mexico border zone is one of the busiest and most dangerous in the world NAFTA and rapid industrialization on the Mexican side have brought trade travel migration and consequently organized crime and corruption to the region on an unprecedented scale Until recently crime at the border was viewed as a local law enforcement problem with drug trafficking a matter of beefing up police and hardening the border At the turn of the century that limited perception has changed The range of criminal activity at the border now extends beyond drugs to include smuggling of arms people vehicles financial instruments environmentally dangerous substances endangered species and archeological objects Such widespread trafficking involves complex high level criminal political alliances that local law enforcement alone can't address Researchers of the region as well as officials from both capitals now see the border as a set of systemic problems that threaten the economic political and social health of their countries as a whole **Organized Crime and Democratic Governability** brings together scholars and specialists including current and former government officials from both sides of the border to trace the history and define the reality of this situation Their diverse perspectives place the issue of organized crime in historical political economic and cultural contexts unattainable by single author studies Contributors examine broad issues related to the political systems of both countries as well as the specific actors crime gangs government officials prosecutors police and the military involved in the ongoing drama of the border Editors Bailey and Godson provide an interpretive frame a continuum of governability that will guide researchers and policymakers toward defining goals and solutions to the complex problem that along with a border the United States and Mexico now share

**Organized Crime & Democratic Governability** John J. Bailey, Roy Godson, 2000 The US Mexico border zone is now one of the most dangerous in the world The range of criminal activity at the border now extends beyond drugs to include the smuggling of arms people vehicles and environmentally dangerous substances This title defines the reality of the situation *The Oxford Handbook of Mexican Politics* Roderic Ai Camp, 2012-02-16 A comprehensive view of the remarkable transformation of Mexico's political system to a democratic model The contributors to this volume assess the most influential institutions actors policies and issues in the country's current evolution toward democratic consolidation

**Mexico's Illicit Drug Networks and the State Reaction** Nathan P. Jones, 2016 Cover Contents List of Illustrations Acknowledgments Abbreviations Introduction 1 The State Reaction and Illicit Network Resilience 2 The Arellano Félix Organization's Resilience 3 The State Reaction 4 The Sinaloa Cartel Los Zetas and Los Caballeros Templarios Conclusion Appendix Comparison of Territorial versus Transactional Drug Trafficking Networks Bibliography Index A B C D E F G H I J K L M N O P Q R S T U V W Y Z Drugs and Democracy in Rio de Janeiro Enrique Desmond Arias, 2009-11-13 Taking an ethnographic approach to understanding urban violence Enrique Desmond Arias examines the ongoing problems of crime and police corruption that have led to widespread misery and human rights

violations in many of Latin America's new democracies Employing participant observation and interview research in three favelas shantytowns in Rio de Janeiro over a nine year period Arias closely considers the social interactions and criminal networks that are at the heart of the challenges to democratic governance in urban Brazil Much of the violence is the result of highly organized politically connected drug dealers feeding off of the global cocaine market Rising crime prompts repressive police tactics and corruption runs deep in state structures The rich move to walled communities and the poor are caught between the criminals and often corrupt officials Arias argues that public policy change is not enough to stop the vicious cycle of crime and corruption The challenge he suggests is to build new social networks committed to controlling violence locally Arias also offers comparative insights that apply this analysis to other cities in Brazil and throughout Latin America

**Mexico's Drug War and Criminal Networks** Nilda Garcia, 2020-03-24 Mexico's Drug War and Criminal Networks examines the effects of technology on three criminal organizations the Sinaloa cartel the Zetas and the Caballeros Templarios Using social network analysis and analyzing the use of web platforms Facebook Twitter and YouTube Nilda M Garcia provides fresh insights on the organizational network the central nodes and the channels through which information flows in these three criminal organizations In doing so she demonstrates that some drug cartels in Mexico have adopted the usage of social media into their strategies often pursuing different tactics in the search for new ways to dominate She finds that the strategic adaptation of social media platforms has different effects on criminal organization's survivability When used effectively coupled with the adoption of decentralized structures these platforms do increase a criminal organization's survival capacity Nonetheless if used haphazardly it can have the opposite effect Drawing on the fields of criminology social network analysis international relations and organizational theory and featuring a wealth of information about the drug cartels themselves Mexico's Drug War and Criminal Networks will be a great source for all those interested in the presence behavior purposes and strategies of drug cartels in their forays into social media platforms in Mexico and beyond

Criminal Enterprises and Governance in Latin America and the Caribbean Enrique Desmond Arias, 2017-03-30 Through an examination of violent neighborhoods this book shows how criminals affect local politics in Colombia Brazil and Jamaica

**Impact of Organized Crime on Murder of Law Enforcement Personnel at the U.S.-Mexican Border** Sara Schatz, 2014-07-14 This brief fills a gap in the studies of organized crime in Mexico Kan 2012 Ros 2011 Dell 2011 by documenting and mapping the post 2008 assassination of Mexican border police chiefs It traces out a systematic of law enforcement assassination in Northern Tier Mexico showing how the selective often sequential hits by cartels on chiefs in border towns and along key drug trafficking corridors has proven an effective strategy by organized crime elements to serve several goals 1 to retaliate for federal state and local prosecution 2 to try and neutralize police chiefs 3 to achieve intermittent local governance and or to seed corrupt police chiefs at the municipal level and 4 to reduce local governmental capacity to obtain greater freedom for movement of goods It is argued that the tactical advantage of organized crime

elements gives them relatively easy physical access to law enforcement targets and thus is thus one prime element facilitating the use of assassination as a strategy U S and Mexican legal political and judicial institutions have not been able to adequately restrict opportunity for law enforcement assassinations The inability to reduce access to weapons and officials to increase security for police personnel to reduce corruption and punish offenders sets the stage for the assassination of local law enforcement Yet it is the goals of organized crime elements to clear drug smuggling routes and to try and gain more pliant governance at the municipal level that ultimately motivate such killings

**The State and Security in Mexico** Brian J. Bow, Arturo Santa Cruz, 2013 At the turn of the millennium Mexico seemed to have finally found its path to political and economic modernization a state which had been deeply embedded in society was being pulled out with new political leaders allowing market forces to play a greater role in guiding the nation s economic development and allowing old patron client networks to crumble At the same time many hoped that political and legal reforms would increase the state s capacity to provide prosperity security and equity for its citizens In the midst of this historic transformation however Mexico was confronted with an urgent new policy challenge Internationally recognized experts from the academic and think tank communities in the United States Mexico and Canada consider the origins of the current crisis in Mexico and the nature and effectiveness of the Calder n government s response Simply not another book on North American regional security this volume uses Joel Migdal s concept of the state in society to provide a refreshingly clear and accessible exploration of political change in the developing world The engagement with the US and Canada gives the reader a chance to observe the dynamics of persuasion across the developmental divide Four key questions structure the study What does the ongoing security crisis in Mexico tell us about the changing role of the state in society there What does the changing role of the state tell us about the nature and intractability of the crisis How has the transition to democracy affected the links between the state and organized crime in Mexico and the state s capacity to contain non state challengers What kinds of political and legal reforms are called for and what effects can we expect them to have on the extent and intensity of violence in Mexico No other study comprehensively uncovers new conceptual and theoretical insights in each of these areas whilst offering some practical guidance for policy makers and publics seeking to understand these urgent and complex challenges

*Violence and Crime in Latin America* Gema Santamaría, David Carey, 2017-02-21 According to media reports Latin America is one of the most violent regions in the world a distinction it held throughout the twentieth century The authors of *Violence and Crime in Latin America* contend that perceptions and representations of violence and crime directly impact such behaviors creating profound consequences for the political and social fabric of Latin American nations Written by distinguished scholars of Latin American history sociology anthropology and political science the essays in this volume range from Mexico and Argentina to Colombia and Brazil in the twentieth and twenty first centuries addressing such issues as extralegal violence in Mexico the myth of indigenous criminality in Guatemala and governments selective blindness to violent crime in Brazil and Jamaica The

authors in this collection examine not only the social construction and political visibility of violence and crime in Latin America but the justifications for them as well Analytically and historically these essays show how Latin American citizens have sanctioned criminal and violent practices and incorporated them into social relations everyday practices and institutional settings At the same time the authors explore the power struggles that inform distinctions between illegitimate versus legitimate violence Violence and Crime in Latin America makes a substantive contribution to understanding a key problem facing Latin America today In its historical depth and ethnographic reach this original and thought provoking volume enhances our understanding of crime and violence throughout the Western Hemisphere

### **Policing on Drugs**

Aileen Teague,2025-10-06 Internationally although the war on drugs is widely considered a failure it continues to be deeply entrenched in US diplomacy with partner nations through counternarcotics agreements continued DEA presence overseas and the levels of antidrug aid directed abroad Policing on Drugs writes the history of the drug war from the Mexican perspective examining how the punitive prohibitive policies that have been enacted by the US government have impacted Mexico and its institutions over time This bilateral study helps explain how militarized policing came to be the primary approach to policing people and drugs in the second half of the twentieth century

*Armed Groups and Contemporary Conflicts* Keith Krause,2013-09-13 Armed groups operating beyond the state have become the most important actors in most contemporary wars and violent conflicts from Iraq and Afghanistan to Colombia and Somalia They come in a dizzying array of forms some informally linked to the state and state power others in opposition to the state some pursuing classic political goals others primarily predatory and large scale criminal enterprises All groups however challenge the state s Weberian monopoly of the legitimate use of force yet their origins evolution violent dynamics and relations with state power are poorly understood This interdisciplinary collection includes both conceptual and empirical studies of contemporary armed groups examining cases in Latin America Asia and Africa It brings sociological political economy and ethnographic approaches to bear on larger questions including armed groups and the changing nature of warfare the economic dimensions of their activities and means of engagement with armed actors It both broadens and sharpens our understanding of how force and violence are used in today s contemporary armed conflicts This book was published as a special issue of Contemporary Security Policy

### **The Punitive City**

Markus-Michael Müller,2016-06-15 In the eyes of the global media modern Mexico has become synonymous with crime violence and insecurity But while media fascination and academic engagement has focussed on the drug war an equally dangerous phenomenon has taken root In The Punitive City Markus Michael M ller argues that what has emerged in Mexico is not just a punitive urban democracy in which those at the social and political margins face growing violence and exclusion More alarmingly it would seem that clientelism in the region is morphing into a private political protection racket Vital reading for anyone seeking to understand the implications of a phenomenon that is becoming increasingly widespread across Latin America

### **El Chapo** Noah Hurowitz,2023-10-31 This is the true story of

how El Chapo built the world's wealthiest and most powerful drug trafficking operation based on months worth of trial testimony and dozens of interviews with cartel gunmen Mexican journalists and political figures Chapo's family members and the DEA agents who brought him down Over the course of three decades El Chapo was responsible for smuggling hundreds of tons of cocaine marijuana heroin meth and fentanyl around the world becoming in the process the most celebrated and reviled drug lord since Pablo Escobar El Chapo waged ruthless wars against his rivals and former allies plunging vast areas of Mexico into unprecedented levels of violence even as many in his home state of Sinaloa continued to view him as a hero Amazon

EXPLOITING WEAKNESSES AN APPROACH TO COUNTER CARTEL STRATEGY MEXICO AND THE COCAINE EPIDEMIC  
 THE NEW COLOMBIA OR A NEW PROBLEM EXPLAINING VARIATION IN THE APPREHENSION OF MEXICAN DRUG  
 TRAFFICKING CARTEL LEADERS Drug Cartels and Gangs in Mexico and Central America A View through the Lens of  
 Counterinsurgency The COIN Approach to Mexican Drug Cartels Square Peg in a Round Hole Counterinsurgency and the  
 Mexican Drug War THE UNTOLD STORY OF MEXICO S RISE AND EVENTUAL MONOPOLY OF THE METHAMPHETAMINE  
 TRADE Competing with the Cartels How Mexico s Government Can Reduce Organized Crime s Economic Grip on its People  
 FIGHTING CORRUPTION IN MEXICO LESSONS FROM COLOMBIA Defeating Mexico s Drug Trafficking Organizations The  
 Range of Military Operations in Mexico Drug Trafficking as a Lethal Regional Threat in Central America What Explains the  
 Patterns of Diversification in Drug Trafficking Organizations Evaluating the Impact of Drug Trafficking Organizations on the  
 Stability of the Mexican State Routledge Handbook of Law and Society in Latin America Rachel Sieder, Karina  
 Ansolabehere, Tatiana Alfonso, 2019-05-20 An understanding of law and its efficacy in Latin America demands concepts  
 distinct from the hegemonic notions of rule of law which have dominated debates on law politics and society and that  
 recognize the diversity of situations and contexts characterizing the region The Routledge Handbook of Law and Society in  
 Latin America presents cutting edge analysis of the central theoretical and applied areas of enquiry in socio legal studies in  
 the region by leading figures in the study of law and society from Latin America North America and Europe Contributors  
 argue that scholarship about Latin America has made vital contributions to longstanding and emerging theoretical and  
 methodological debates on the relationship between law and society Key topics examined include The gap between law on  
 the books and law in action The implications of legal pluralism and legal globalization The legacies of experiences of  
 transitional justice Emerging forms of socio legal and political mobilization Debates concerning the relationship between the  
 legal and the illegal The Routledge Handbook of Law and Society in Latin America sets out new research agendas for cross  
 disciplinary socio legal studies and will be of interest to those studying law sociology of law comparative Latin American  
 politics legal anthropology and development studies **International White Collar Crime** Bruce Zagaris, 2015-08-10 The  
 only book on international white collar crime remains an invaluable tool for business law and law enforcement The War  
 on Drugs David Farber, 2021-11-30 Essays offering a revealing look at the history and legacy of the War on Drugs in the  
 United States Fifty years after President Richard Nixon declared a War on Drugs the United States government has spent  
 over a trillion dollars fighting a losing battle In recent years about 1.5 million people have been arrested annually on drug  
 charges most of them involving cannabis and nearly 500,000 Americans are currently incarcerated for drug offenses Today  
 as a response to the dire human and financial costs Americans are fast losing their faith that a War on Drugs is fair moral or  
 effective In a rare multi faceted overview of the underground drug market featuring historical and ethnographic accounts of  
 illegal drug production distribution and sales The War on Drugs A History examines how drug war policies contributed to the

making of the carceral state racial injustice regulatory disasters and a massive underground economy At the same time the collection explores how aggressive anti drug policies produced a deviant form of globalization that offered economically marginalized people an economic life line as players in a remunerative transnational supply and distribution network of illicit drugs While several essays demonstrate how government enforcement of drug laws disproportionately punished marginalized suppliers and users other essays assess how anti drug warriors denigrated science and medical expertise by encouraging moral panics that contributed to the blanket criminalization of certain drugs By analyzing the key issues debates events and actors surrounding the War on Drugs this timely and impressive volume provides a deeper understanding of the role these policies have played in making our current political landscape and how we can find the way forward to a more just and humane drug policy regime

Policing the Globe Peter Andreas,Ethan Nadelmann,2006-08-31 In this illuminating history that spans past campaigns against piracy and slavery to contemporary campaigns against drug trafficking and transnational terrorism Peter Andreas and Ethan Nadelmann explain how and why prohibitions and policing practices increasingly extend across borders The internationalization of crime control is too often described as simply a natural and predictable response to the growth of transnational crime in an age of globalization Andreas and Nadelmann challenge this conventional view as at best incomplete and at worst misleading The internationalization of policing they demonstrate primarily reflects ambitious efforts by generations of western powers to export their own definitions of crime not just for political and economic gain but also in an attempt to promote their own morals to other parts of the world A thought provoking analysis of the historical expansion and recent dramatic acceleration of international crime control Policing the Globe provides a much needed bridge between criminal justice and international relations on a topic of crucial public importance

### Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands Introduction

In the digital age, access to information has become easier than ever before. The ability to download Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional

seeking research papers, the option to download Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands has opened up a world of possibilities. Downloading Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## **FAQs About Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands Books**

**What is a Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Organized Crime And Democratic Governability Mexico And The U S Mexican Borderlands PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
