Organized Crime In The Netherlands

Cyrille J.C.F. Fijnaut

Organized Crime In The Netherlands:

Organized Crime in the Netherlands Cyrille J.C.F. Fijnaut, Frank Bovenkerk, Gerben Bruinsma, Henk van de Bunt, 2023-09-20 Nowadays organized crime is a very important political issue in Europe However scientific studies on the nature and seriousness of this problem are very scarce in the member states of the Council of Europe and the European Union This national study on organized crime in the Netherlands was prepared for the Commission of Inquiry of the Dutch Parliament that recently made an investigation into the regulation and use of undercover policing It not only contains an analysis of the contemporary manifestations of traditional organized crime but also answers the question whether organized crime already has penetrated legitimate sectors of the economy or not In addition special attention is paid to the role of the liberal professions and the banking system and to the use of counter strategies by criminal groups corruption intimidation violence disinformation etc

Organized Crime in the Netherlands Cyrille Fijnaut, 1998-09-17 Nowadays organized crime is a very important political issue in Europe However scientific studies on the nature and seriousness of this problem are very scarce in the member states of the Council of Europe and the European Union This national study on organized crime in the Netherlands was prepared for the Commission of Inquiry of the Dutch Parliament that recently made an investigation into the regulation and use of undercover policing It not only contains an analysis of the contemporary manifestations of traditional organized crime but also answers the question whether organized crime already has penetrated legitimate sectors of the economy or not In addition special attention is paid to the role of the liberal professions and the banking system and to the use of counter strategies by criminal groups corruption intimidation violence disinformation etc

Traditional Organized Crime in the Modern World Dina Siegel, Henk van de Bunt, 2012-03-20 Despite strenuous efforts from local national and international law enforcement organized crime continues to thrive and prosper even centuries old crime outfits are surviving the global forces of mass migration and multinational business and finance From traditional gangland enterprises such as narcotics gambling and prostitution the world s mafias have moved into new sources of illegal income including high tech arms smuggling money laundering and identity fraud Traditional Crime in the Modern World tracks these organizations the Italian and Mexican mafias Columbian drug cartels Chinese triads and others across five continents as they adapt to change and assesses their prospects in the short and long term World events such as the collapse of the Soviet Union and the 9 11 terror attacks are discussed in the context of contributing to emerging markets for illicit goods and services and to evolving partnerships among criminal entities This timely volume Provides a comprehensive overview of how mafia like structures function today Analyzes in depth national crime situations with global implications Examines the migration of organized crime groups and their operations in their new countries Gauges the influence of digital and other technologies on organized crime Where applicable notes the links between organized crime and national political institutions Describes the impact of the global financial crisis on crime organizations Concise compelling and deeply documented

Traditional Crime in the Modern World is an eye opening resource for researchers in Criminology and Criminal Justice particularly with an interest in organized crime and trafficking as well as related topics of Demography Political Science and International Relations *Organized Crime* Klaus von Lampe,2015-07-16 *Organized Crime Analyzing Illegal Activities Criminal Structures and Extra legal Governance* provides a systematic overview of the processes and structures commonly labeled organized crime drawing on the pertinent empirical and theoretical literature primarily from North America Europe and Australia The main emphasis is placed on a comprehensive classificatory scheme that highlights underlying patterns and dynamics rather than particular historical manifestations of organized crime Esteemed author Klaus von Lampe strategically breaks the book down into three key dimensions 1 illegal activities 2 patterns of interpersonal relations that are directly or indirectly supporting these illegal activities and 3 overarching illegal power structures that regulate and control these illegal activities and also extend their influence into the legal spheres of society Within this framework numerous case studies and topical issues from a variety of countries illustrate meaningful application of the conceptual and theoretical discussion

The Oxford Handbook of Organized Crime Letizia Paoli,2014-09-26 While the success of national and international law enforcement cooperation to suppress organized crime means that stable large scale criminal organizations like the Cosa Nostra or the Japanese Yakuza have seen their power reduced organized crime remains a concern for many governments Economic globalization and the easing of restrictions on exchanges across borders now provide ample opportunity for money making activities in illegal markets Policies designed to stop illegal market flows often shift these activities to new places or create new problems as the U S led war on drugs spread production and trafficking to a number South and Central American countries The Oxford Handbook of Organized Crime provides informed authoritative and comprehensive overviews of these issues and other principal forms of organized crime as well as the type and effectiveness of efforts to prevent and control them Leading scholars from criminology law sociology history and political science discuss the key concepts history and methods of organized crime the major actors and interactions involved in it the markets and activities frequently associated with organized crime and the policies designed to combat it Individual chapters on criminal organizations and specific activities or markets comprise the heart of the volume The chapters on actors provide the history analyze the structure and activities and assess the strength and future prospects of each organization Articles on particular markets address the patterns of activity identify the most affected regions and where possible provide estimated revenues discuss factors promoting the activity and disclose information on the victims and harms caused The Oxford Handbook of Organized Crime delivers a systematic high quality and truly global approach to the topic and with it a more complete understanding of organized crime in its many forms for researchers government officials and policymakers *The Containment of Organised Crime and Terrorism* Cyrille J.C.F. Fijnaut,2016-11-21 This unique volume collects articles and contributions to edited books published throughout his distinguished career by Professor Cyrille Fijnaut one of the world s leading experts in the fields of

organised crime security and criminology It makes clear what issues the author systematically explored over the years and how he helped to shape the fields in which he has worked and continues to work The texts reflecting the author's profound understanding of these complex fields and wealth of experience on a practical level are presented according to topic In addition the volume offers English translations of seminal articles published originally in Dutch thus making these important texts accessible to international scholars for the first time The volume thus constitutes a unique and indispensable resource for scholars and practitioners inside and outside the Netherlands *Global Organized Crime* Dina Siegel, H. Bunt, D. Zaitch, 2003-11-30 This book collates a number of papers that were presented in Amsterdam during the seminars of the Centre for Information and Research on Organized Crime CIROC in 2002 and 2003 Introduction **Underworlds** Florike Egmond, 1993 Describes organized crime and the world of marginal groups in the 17th and 18th century Netherlands examining the nature of these robber bands and the way they changed over time and probing the links between warfare poverty immigration social exclusion and involvement in rural organized crime Organized Crime: Culture, Markets and Policies Dina Siegel, Hans Nelen, 2007-12-16 Dina Siegel and Hans Nelen The term global organized crime has been in use in criminology since the mid 1990s Even more general and abstract than its daughter terms transnational or cross border organized crime global organized crime seems to embrace the activities of criminal groups and networks all around the planet leaving no geographical space untouched The term appears to cover the geographical as well as the historical domain global has taken on the meaning of forever and ever Global organized crime is also associatively linked with globalisation The social construction of both terms in scientific discourse is in itself an interesting theme But perhaps even more interesting especially for academics trying to conduct empirical research in this area is the analysis of the symbolic and practical meaning of these concepts How should criminologists study globalisation in general and global organized crime in particular Which instruments and theoretical luggage do they have in order to conduct this kind of research The aim of this book is not to formulate simple straightforward answers to these questions but rather to give an overview of contemporary criminological research combining international national and local dimensions of specific organized crime problems The term global organized crime will hardly be used in this respect In other social sciences such as anthropology there is a tendency to get rid of vague and abstract terms which can only serve to confuse our understanding In our opinion criminology should follow this initiative *Global Organized Crime* Mitchel P. Roth, 2017-01-20 In the maelstrom of globalization and cyberspace organized crime continues to defy definition A diverse array of activities is perpetuated by criminal organizations criminal groups and associations and gangs and it is clear that one specific label is no longer adequate This book offers a uniquely global approach to organized crime and the multitude of forces that shape it in the 21st century As well as discussing definitions of and the historical roots of organized crime this book examines various forms of organized crime around the world in the US Mexico Latin America and the Caribbean Russia and Europe Asia and Africa This revised and

updated new edition includes coverage of the rise of the Ndrangheta in Italy and their global expansion the impact of drug legalization on organized crime and the problem of methamphetamine organ trading money laundering and animal poaching changes in gang traditions and gangland penitentiaries the decentralization of Mexican cartels the growth of opium production in Myanmar and the drug war in Africa and the advancement of ISIS and the emergence of the Silk Road and the Dark Net This book is essential reading for students engaged in the study of global and transnational organized crime with features including chapter overviews key terms critical thinking questions and case studies *Understanding Recruitment to Organized Crime and Terrorism* David Weisburd, Ernesto U. Savona, Badi Hasisi, Francesco Calderoni, 2020-06-11 This volume provides insights on how recruitment patterns develop for two related types of criminal networks organized crime and terrorism It specifically explores the social situational psychological and economic drivers of recruitment Although organized crime networks and terrorism networks can differ in underlying goals and motivations this volume demonstrates common drivers in their recruitment which will provide insights for crime prevention and intervention The goal of the book is to explore the current knowledge about these common drivers as well as highlight emerging research to identify and prioritize a research agenda for scholars as well as policymakers The research presented in this work aims to fill existing gaps in the knowledge of recruitment to both organized crime and terrorism For each area it provides a systematic review of the existing research on social psychological and economic drivers of recruitment It then presents findings from independent original research aimed to explore new ground not covered in these previous studies The contributions to this volume were the result of a research project funded by a European Union Horizon 2020 grant and present a diverse international mix of expertise and cases It will be of interest to researchers in criminology and criminal justice as well as related fields such as sociology psychology and international relations Chapter 13 of this book is available open access under a CC BY 4.0 license

Routledge Handbook of Transnational Organized Crime Felia Allum, Stan Gilmour, 2021-11-08 This fully revised new edition provides a definitive and holistic overview of Transnational Organized Crime TOC in a world in which right wing populism has gained ground trade wars are increasing climate change is a reality and Covid poses a challenge for years to come Updated to reflect the changing world environment the book includes new chapters on issues such as criminal network analysis environmental crime cybercrime people smuggling drugs activities in the modern world the relationship between organized crime and corruption anti organized crime resilience and the effectiveness of the fight against organized crime New country case studies have also been included The handbook is presented in six sections Concepts theories and laws Origins and manifestations Contagion and evolution Intensity and impact Governance Reaction and future Truly interdisciplinary in nature the handbook features contributions from an international team of experts working in different academic disciplines and within varied law enforcement agencies It will appeal to scholars policymakers and practitioners in International Law Global Governance International Political Economy and Security Studies **Illegal Entrepreneurship,**

Organized Crime and Social Control Georgios A. Antonopoulos, 2016-06-16 This book covers organized crime groups empirical studies of organized crime criminal finances and money laundering and crime prevention gathering some of the most authoritative and well known scholars in the field The contributions to this book are new chapters written in honor of Professor Dick Hobbs on the occasion of his retirement They reflect his powerful influence on the study of organized crime offering a novel perspective that located organized crime in its socio economic context studied through prolonged ethnographic engagement Professor Hobbs has influenced a generation of criminology researchers engaged in studying organized crime groups and this work provides a both a look back and this influence and directions for future research It will be of interest to researchers in criminology and criminal justice particularly with a focus on organized crime and financial crime as well as those interested in corruption crime prevention and applications of ethnographic methods

Organized Crime Frank Shanty, Patit Paban Mishra, 2007-09-24 This fascinating work is a two volume guide to the shadow world the critical issues and the global reach of organized crime Despite its impact on international security and the world economy organized crime is an unusual topic for a reference book Difficult to research the high profit high risk subculture of drug lords diamond smugglers and sex slavers is rarely investigated by scholars Organized Crime An International Encyclopedia ventures behind the scenes into this hazardous territory In the first volume expert contributors offer a global perspective on issues such as weapons and arms trafficking high tech and cyber crimes the future of organized crime and the connection between organized crime and armed conflicts The second volume consists entirely of primary documents national and international laws and treaties that reflect the international community s many attempts largely ineffective to combat organized crime Together the two volumes provide students and general readers with a road map to a shadow world with far reaching impact on the world we know

Outlaw Bikers as Organized Crime Arjan Blokland, Klaus Von Lampe, Sjoukje van Deuren, 2024-08-05 The title of this volume Outlaw Bikers as Organized Crime reluctantly combines two highly contested concepts into a statement that is perhaps disputed even more Who and what do we refer to when we talk about outlaw bikers and outlaw biker clubs What is meant by organized crime And how if at all are these two concepts related All the chapters in this volume deal with these questions some way or the other either explicitly or implicitly each providing its own answers based on the data and methods at hand This volume presents cutting edge research on outlaw bikers and outlaw biker clubs from countries all over the globe and reflects the different ways that academic researchers have approached the outlaw biker phenomenon from the theoretical and methodological vantage point of organized crime research

Punishment, Places and Perpetrators Gerben Bruinsma, Henk Elffers, Jan De Keijser, 2012-12-06 This book brings together an influential group of academics and researchers to review key areas of research theory and methodology within criminology and criminal justice and to identify the most important new challenges facing the discipline The contributors focus on the three central themes of punishment and criminal justice location and mobility and perpetrators and criminal careers on which much

cutting edge research within criminology has been taking place A particular strength of the book is its multidisciplinary and international approach with contributors drawn from Europe the UK and the United States

Crisis and Change in the British and Dutch Prison Services Sandra L. Resodihardjo, 2016-12-05 What happens when incidents result in a policy sector losing its legitimacy When a malfunctioning policy sector receives so much negative public attention that it has to fight for its survival This study describes three such cases in detail within the British and Dutch Prison Services examining the incidents the negative response of the media and Members of Parliament to these incidents and the way in which policy makers tried to deal with the crises This book establishes under which conditions such crises led to reform

Russian Organized Crime Phil Williams, 2014-06-17 First Published in 1997 During the 1990s transnational criminal organizations of all kinds have received increased scrutiny from law enforcement agencies intelligence analysts and academic researchers While there are many differences of both interpretation and assessment regarding a whole range of issues divisions are particularly acute in the area of Russian organized crime This title gives a brief history of Russian Organized Crime before exploring recent trends major mafia gangs and their relationship overseas

Organized Crime and Its Containment Cyrille Fijnaut, James Jacobs, 2023-12-04 This book is the result of a conference which the editors with the support of Dutch authorities organized in October 22 26 1990 in The Hague between the members of the New York State Organized Crime Task Force and Dutch officials and academics concerned with the topic The contributors on the one hand stress the changing nature of organized crime and the mechanisms it utilizes to control legitimate industries On the other hand they emphasize and demonstrate the need for sophisticated pro active strategies that differ from traditional reactive law enforcement approaches This book is the first to systematically compare the American situation New York and the European situation Netherlands two urban areas which show many similarities

Transnational Organized Crime Margaret E. Beare, 2017-07-05 This selection of influential articles traces our evolving understanding of transnational organized crime paradigm shifts from the alien conspiracy focused research to the more nuanced focused scholarship on markets and networks culminating in a focus on enablers of transnational crimes and evaluations of harm from transnational crimes The selected essays and articles reflect the way in which politics economics and social factors have impacted on scholarly thinking and the introduction also highlights the many authors and professionals who have been influential in this field This volume is an essential one stop resource for lecturers and students interested in all aspects of transnational organized crime

Organized Crime In The Netherlands Introduction

In the digital age, access to information has become easier than ever before. The ability to download Organized Crime In The Netherlands has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Organized Crime In The Netherlands has opened up a world of possibilities. Downloading Organized Crime In The Netherlands provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Organized Crime In The Netherlands has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Organized Crime In The Netherlands. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Organized Crime In The Netherlands. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Organized Crime In The Netherlands, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Organized Crime In The Netherlands has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Organized Crime In The Netherlands Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Organized Crime In The Netherlands is one of the best book in our library for free trial. We provide copy of Organized Crime In The Netherlands in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Organized Crime In The Netherlands.
