Organizer Kent Rowley A Canadian Union Life

Craig Heron

Organizer Kent Rowley A Canadian Union Life:

The Organizer Rick Salutin, 2000 **Kent Rowley: The Organizer** Rick Salutin, 1980 First published in 1980 Rick Salutin's biography captures Kent Rowley's unforgettable personality and details his life struggle an epic tale in which one man's life intersects with all the major issues of his time Kent Rowley's remarkable odyssey through Canadian history began with a Montreal high school strike In the depths of the Depression he organized office workers He was interned under the War Measures Act in 1940 emerging from jail to take on Premier Maurice Duplessis and the textile giants of Quebec alongside Madeleine Parent a brilliant and influential union organizer He survived fifteen years in the wilderness during the Cold War and his stubborn opposition to international unions culminated in the founding in 1968 of the Confederation of Canadian Unions dedicated to fight for independent Canadian trade unionism Kent Rowley is a brilliant examination of the career of one of the great figures of Canadian labour history The Canadian Labour Movement Craig Heron, 2020-06-01 In The Canadian Labour Movement historian Craig Heron and political scientist Charles Smith tell the story of Canada's workers from the midnineteenth century through to today painting a vivid picture of key developments such as the birth of craft unionism the breakthroughs of the fifties and sixties and the setbacks of the early twenty first century The fourth edition of this book has been completely updated with a substantial new chapter that covers the period from the great recession of 2008 through to 2020 In this chapter Smith describes the fallout of the financial crisis how Stephen Harper's government restricted labour rights the rise of the gig economy and precarious work and the continued de industrialization in the private sector These pressures contributed to fracturing the movement as when Unifor the largest private sector union split from the Canadian Labour Congress the established house of labour Through it all rank and file union members have fought for better conditions for all workers including through campaigns like the fight for a 15 minimum wage The Canadian Labour Movement is the definitive book for anyone interested in understanding the origins achievements and challenges of the labour and social justice movements in Canada **The Canadian Labour Movement: A Short History** Craig Heron, 2012-04-03 In The Canadian Labour Movement historian Craig Heron tells the story of Canada's workers from the mid nineteenth century through to today painting a vivid picture of key developments such as the birth of craft unionism the breakthroughs of the fifties and sixties and the setbacks of the early twenty first century This new edition has been completely updated including a substantial new chapter that covers the period from 1995 to 2011 In this chapter Heron describes the rise of globalization and the restructuring of the private sector that began in the nineties and continues today The results have been catastrophic for Canadian working people as plants closed and union activities were curtailed As the political right succeeded in dominating public debate during this period workers suffered ever greater losses fewer and more precarious jobs rising unemployment stagnating wages and increases in poverty Only with the crash of 2008 and the Occupy Wall Street movement has space for the political left and labour begun to open up once again The Canadian Labour

Movement is the definitive book for anyone who is interested in understanding the origins achievements and challenges of labour and social justice movements in Canada *Capitalism and Colonialism: The Making of Modern Canada 1890-1960* Bryan D. Palmer,2025-09-02 This second volume of Bryan Palmer s history of Canada covers 1890 to 1960 Weaving together themes that include business labour politics and social history this account brings the experiences of Indigenous peoples into the centre of the narrative Canada experienced extraordinary growth during these decades notably after the Second World War when many Canadians quickly became far better off Yet vast inequalities persisted Indigenous peoples experienced ongoing and often worsening deprivation and ordinary people saw little or no real improvement in their lives These realities set the stage for the interplay of reform resistance and reaction that followed after 1960 Palmer examines the continuing role of capitalism and colonialism in structuring Canada in the period between 1890 and 1960 from capital s conflicts and fragile ententes with labour to the struggles of Indigenous Peoples and francophone Canada and the changing role of Canadian capital internationally Relying on the work of scholars who have produced a vast academic literature on a wide range of topics in Canadian history Bryan Palmer offers a new history of Canada which reflects the knowledge and values of 21st century Canadians **Canadian History: Confederation to the present** Martin Brook Taylor,Doug Owram,1994-01-01 In these two volumes which replace the Reader s Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover

Profiles in Canadian Literature 8 Jeffrey M. Heath,1991-01-01 Profiles in Canadian Literature is a wide ranging series of essays on Canadian authors Each profile acquaints the reader with the writer s work providing insight into themes techniques and special characteristics as well as a chronology of the author s life Finally there is a bibliography of primary works and criticism that suggests avenues for further study I know of no better introduction to these writers and the studies in question are full of basic information not readily obtainable elsewhere U of T Quarterly *Working Lives* Craig Heron,2018-11-23 Craig Heron is one of Canada s leading labour historians Drawing together fifteen of Heron s new and previously published essays on working class life in Canada Working Lives covers a wide range of issues including politics culture gender wage earning and union organization A timely contribution to the evolving field of labour studies in Canada this cohesive collection of essays analyzes the daily experiences of people working across Canada over more than two hundred years Honest in its depictions of the historical complexities of daily life Working Lives raises issues in the writing of Canadian working class history especially working class realism and how it is eventually inscribed into Canada s public history Thoughtfully reflecting on the ways in which workers interact with the past Heron discusses the important role historians and museums play in remembering the adversity and milestones experienced by Canada s working class

Canada's 1960s Bryan Palmer,2008-03-29 Rebellious youth the Cold War New Left radicalism Pierre Trudeau Red Power Quebec s call for Revolution Marshall McLuhan these are just some of the major forces and figures that come to mind at the

slightest mention of the 1960s in Canada Focusing on the major movements and personalities of the time as well as the lasting influence of the period Canada's 1960s examines the legacy of this rebellious decade's impact on contemporary notions of Canadian identity Bryan D Palmer demonstrates how after massive postwar immigration new political movements and at times violent protest Canada could no longer be viewed in the old ways National identity long rooted in notions of Canada as a white settler Dominion of the North marked profoundly by its origins as part of the British Empire had become unsettled Concerned with how Canadians entered the Sixties relatively secure in their national identities Palmer explores the forces that contributed to the post 1970 uncertainty about what it is to be Canadian Tracing the significance of dissent and upheaval among youth trade unionists university students Native peoples and Quebecois Palmer shows how the Sixties ended the entrenched nineteenth century notions of Canada The irony of this rebellious era however was that while it promised so much in the way of change it failed to provide a new understanding of Canadian national identity A compelling and highly accessible work of interpretive history Canada's 1960s is the book of the decade about an era many regard as the most turbulent and significant since the years of the Great Depression and World War II **Transforming Labour** Joan Sangster, 2010-01-01 This is a beautifully conceived and revealing book Joan Sangster lucidly explores and explains an astonishing array of complex material to reveal how women in the post war period became full fledged members of the labour force Transforming labour offers such a rich variety of anecdotal evidence that it will benefit students of women's work from all over the world Alice Kessler Harris author of *In Pursuit of Equity Women Men and the Quest for Economic Citizenship in 20th Century America* Rebel Youth Ian Milligan, 2014-07-30 During the long sixties baby boomers raised on democratic postwar ideals demanded a more egalitarian society for all While a few became vocal leaders at universities across Canada nearly 90% of Canada's young people went straight to work after high school There they brought the anti authoritarian spirit of the youth revolt to the labour movement While university based activists combined youth culture with a new brand of radicalism to form the New Left young workers were pressing for wildcat strikes and defying their aging union leaders in a wave of renewed militancy In *Rebel Youth* Ian Milligan looks at these converging currents demonstrating convincingly how they were part of a single youth phenomenon With just short of seventy interviews complementing the extensive use of archival records from ten different cities this book claims a central place for labour and class in the legacy of the Canadian sixties *Becoming an Ally* Anne Bishop, 2023-04-14 Already I have found myself quoting Anne Bishop's wisdom her simple advice is compelling Right now in Australia she has the power to lead us as we struggle with questions of guilt responsibility and patterns of oppression which are larger than ourselves Rev Tim Costello President Baptist Union of Australia *Becoming an Ally* is must reading for anyone concerned with understanding and challenging the dynamics forms and sources of oppression whether it is their own oppression that of others or both Bob Mullaly is Head of Social Work at Victoria University Melbourne Where does oppression come from Has it always been with us just human nature What can we

do to change it What does individual healing have to do with the struggles for social justice What does social justice have to do with individual healing Why do members of the same oppressed group fight each other sometimes more viciously than their oppressor Why do some who experience oppression develop a life long commitment to fighting oppression while others turn around and oppress others Anne Bishop draws on her many years experience in community work to write this feisty and bestselling guide for activists community workers and welfare workers *Profiles in Canadian Literature* ,1986

Becoming an Ally, 3rd Edition Anne Bishop,2020-05-27T00:00:00Z Becoming an Ally is a book for men who want to end sexism white people who want to end racism straight people who want to end heterosexism able bodied people who want to end ableism for all people who recognize their privilege and want to move toward a more just world by learning to act as allies Has oppression always been with us just part of human nature What does individual healing have to do with social justice What does social justice have to do with individual healing Why do members of the same oppressed group fight one another sometimes more viciously than they fight their oppressors Why do some who experience oppression develop a life long commitment to fighting oppression while others turn around and oppress those with less power In this accessible and enlightening book now in its third edition Anne Bishop examines history economic and political structures and individual psychology in a search for the origins of racism sexism heterosexism ableism ageism and all the other forms of oppression that divide us Becoming an Ally looks for paths to justice and lays out guidelines for becoming allies of oppressed peoples when we are in the privileged role A new chapter in this third edition offers a greatly expanded discussion of effective approaches to educating allies which is meant for teachers of adults particularly those who teach about diversity equity and anti oppression In this chapter Bishop examines the ways in which Western culture prevents us from recognizing our roles as members of privileged groups and explores how to challenge this with participatory exercises and group discussion

Nonviolent Action Ronald M. McCarthy,Gene Sharp,Brad Bennett,2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters Although violence and its causes have received a great deal of attention nonviolent action has not received its due as an international phenomenon with a long history An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language sources The first part of the book covers case study materials divided by region and subdivided by country Within each country materials are arranged chronologically and topically The second major part examines the methods and theory of nonviolent action principled nonviolence and several closely related areas in social science such as conflict analysis and social movements The book is indexed by author and subject Hard Lessons Dieter K. Buse,Peter Suschnigg,Mercedes Steedman,1995-05-10 This book emerges from the papers panels and discussion of the conference Where the Past Meets the Future the Place of Alternative Unions in the Canadian Labour Movement held to commemorate the first one hundred years

of the history of the Mine Mill and Smelter Workers Union The union which began in 1893 as the Western Federation of Miners and grew to a membership of over one hundred thousand in fifty locals throughout Canada during the 1950s had shrunk to a single local of sixteen hundred members in Sudbury Ontario by the 1990s This book brings together the voices of contemporary labour leaders activists old timers and academics *Labour* ,2004 *Power, Politics, and Principles* Taylor Hollander,2018-01-01 *Power Politics and Principles* gets to the root of the policy making process revealing how a wartime order forced employers to the collective bargaining table and marked a new stage in Canadian industrial relations Mike Starr of Oshawa Myron Momryk,2018-01-23 Mike Starr had a remarkable career in Canadian politics In June 1957 he was appointed Minister of Labour in John Diefenbaker s cabinet and created a sensation especially among Canadian ethnocultural groups He made political history as the first Ukrainian Canadian appointed to federal cabinet As Minister of Labour Starr was faced with numerous national problems including seasonal unemployment regional disparities union negotiations and emerging militant nationalism in Quebec When the Diefenbaker government was defeated in the 1963 federal election Starr returned to his earlier role as Member of Parliament With the changing Canadian political environment he was defeated by a tiny margin in the 1968 federal election Starr continued his distinguished career of public service from 1968 to 1980 He promoted the increasing involvement of ethnocultural groups in Canada political life In recent decades it has become a political norm to have members of various ethnocultural and visible minority groups elected to the House of Commons and appointed to Cabinet and other senior government positions For breaking this barrier Mike Starr was indeed a pioneer in Canadian politics Published in English *Capital and Labour in the British Columbia Forest Industry, 1934-74* Gordon Hak,2011-11-01 The history of British Columbia s economy in the twentieth century is inextricably bound to the development of the forest industry In this comprehensive study Gordon Hak approaches the forest industry from the perspectives of workers and employers examining the two main sets of institutions that structured the relationship during the Fordist era the companies and the unions Drawing on theories of the labour process Fordism and discursive subjectivity Hak relates daily routines of production and profit making to broader forces of unionism business ideology ecological protest technological change and corporate concentration The struggle of the small business sector to survive in the face of corporate growth the history of the industry on the Coast and in the Interior the transformations in capital labour relations during the period government forest policy and the forest industry s encounter with the emerging environmental movement are all considered in this eloquent analysis With its critical historical perspective *Capital and Labour in the British Columbia Forest Industry* will be essential reading for anyone interested in the business natural resource political social and labour history of the province
