Orientalism Modernism The Legacy Of:

Orientalism and Modernism Zhaoming Qian, 1995 Chinese culture held a well known fascination for modernist poets like Ezra Pound and William Carlos Williams What is less known but is made fully clear by Zhaoming Qian is the degree to which oriental culture made these poets the modernists they became This ambitious and illuminating study shows that Orientalism no less than French symbolism and Italian culture is a constitutive element of Modernism Consulting rare and unpublished materials Qian traces Pound's and Williams's remarkable dialogues with the great Chinese poets Qu Yuan Li Bo Wang Wei and Bo Juyi between 1913 and 1923 His investigation reveals that these exchanges contributed more than topical and thematic ideas to the Americans work and suggests that their progressively modernist style is directly linked to a steadily growing contact and affinity for similar Chinese styles He demonstrates for example how such influences as the ethics of pictorial representation the style of ellipsis allusion and juxtaposition and the Taoist Zen Buddhist notion of nonbeing being made their way into Pound's pre-Fenollosan Chinese adaptations *Cathay* *Lustra* and the *Early Cantos* as well as Williams's *Sour Grapes* and *Spring and All* Developing a new interpretation of important work by Pound and Williams *Orientalism and Modernism* fills a significant gap in accounts of American Modernism which can be seen here for the first time in its truly multicultural character

Ezra Pound and China Zhaoming Qian, 2003-04-03 DIVEexplores Ezra Pound's long fascination with Chinese literature and culture div [The Hypothetical Mandarin Sympathy, Modernity, and Chinese Pain](#) Eric Hayot, 2009-11-05 Why has the West for so long and in so many different ways expressed the idea that the Chinese have a special relationship to cruelty and to physical pain What can the history of that idea and its expressions teach us about the politics of the West's contemporary relation to China And what does it tell us about the philosophy of modernity The *Hypothetical Mandarin* is in some sense a history of the Western imagination It is also a history of the interactions between Enlightenment philosophy of globalization of human rights and of the idea of the modern Beginning with Bianchon and Rastignac's discussion of whether the former would if he could obtain a European fortune by killing a Chinese mandarin in Balzac's *Le Pere Goriot* 1835 the book traces a series of literary and historical examples in which Chinese life and European sympathy seem to hang in one another's balance Hayot's wide ranging discussion draws on accounts of torture on medical case studies travelers tales photographs plasticized corpses polemical broadsides watercolors and on oil paintings His analyses show that the historical connection between sympathy and humanity and indeed between sympathy and reality has tended to refract with a remarkable frequency through the lens called China and why the story of the West's Chinese pain goes to the heart of the relation between language and the body and the social experience of the modern human being Written in an ebullient prose *The Hypothetical Mandarin* demonstrates how the network that intertwines China sympathy and modernity continues to shape the economic and human experience *Modernism, Imperialism and the Historical Sense* Paul Stasi, 2012-07-30 Modernist art and literature sought to engage with the ideas of different cultures without eradicating

the differences between them In *Modernism Imperialism and the Historical Sense* Paul Stasi explores the relationship between high modernist aesthetic forms and structures of empire in the twentieth century Stasi's text offers new readings of James Joyce Ezra Pound T S Eliot and Virginia Woolf by situating their work within an early moment of globalization By combining the insights of Marxist historiography aesthetic theory and postcolonial criticism Stasi's careful analysis reveals how these authors aesthetic forms responded to and helped shape their unique historical moment Written with a wide readership in mind this book will appeal especially to scholars of British and American literature as well as students of literary criticism and postcolonial studies

Cultures of Modernism Cristanne Miller, 2007 Examines the influences of location on the literary achievements of three modernist women writers

The ^AHypothetical Mandarin Eric Hayot, 2009-04-24 Through readings of novels medical case studies travelers reports photographs and paintings *The Hypothetical Mandarin* shows that in the West the connection between sympathy and humanity and indeed between sympathy and reality has tended to refract with a remarkable frequency through the lens called China Eric Hayot through keen interpretations of myriad art forms and nonfictional writings reveals how Western responses to Chinese pain go to the heart of the relationship between language and the body the social and philosophical experience of modernity and the definition of a universal human subject In short this analysis reveals how four terms sympathy suffering economic exchange and representational exchange establish the network that frames the historical discourse on China sympathy and modernity It is a book that opens new possibilities for thinking about the West's relationship to China past and present and that establishes a new philosophical vantage from which to consider the question of empathy

The Great Wave Christopher Benfey, 2007-12-18 When the United States entered the Gilded Age after the Civil War argues cultural historian Christopher Benfey the nation lost its philosophical moorings and looked eastward to Old Japan with its seemingly untouched indigenous culture for balance and perspective Japan meanwhile was trying to reinvent itself as a more cosmopolitan modern state ultimately transforming itself in the course of twenty five years from a feudal backwater to an international power This great wave of historical and cultural reciprocity between the two young nations which intensified during the late 1800s brought with it some larger than life personalities as the lure of unknown foreign cultures prompted pilgrimages back and forth across the Pacific In *The Great Wave* Benfey tells the story of the tightly knit group of nineteenth century travelers connoisseurs collectors and scientists who dedicated themselves to exploring and preserving Old Japan As Benfey writes A sense of urgency impelled them for they were convinced Darwinians that they were that their quarry was on the verge of extinction These travelers include Herman Melville whose *Pequod* is shadowed by hostile and mysterious Japan the historian Henry Adams and the artist John La Farge who go to Japan on an art collecting trip and find exotic adventures Lafcadio Hearn who marries a samurai's daughter and becomes Japan's preeminent spokesman in the West Mabel Loomis Todd the first woman to climb Mt Fuji Edward Sylvester Morse who becomes the world's leading expert on both Japanese marine life and Japanese architecture the astronomer Percival Lowell who spends ten years in the East and writes seminal works on Japanese culture before turning his restless attention to life on Mars and President and judo enthusiast Theodore Roosevelt As well we learn of famous Easterners come West including Kakuzo

Okakura whose *The Book of Tea* became a cult favorite and Shuzo Kuki a leading philosopher of his time who studied with Heidegger and tutored Sartre Finally as Benfey writes his meditation on cultural identity seeks to capture a shared mood in both the Gilded Age and the Meiji Era amid superficial promise and prosperity of an overmastering sense of precariousness and impending peril

The Modernist Response to Chinese Art Zhaoming Qian, 2003 *The Modernist Response to Chinese Art* is a work of both erudition and sympathy that reveals the root

of modernist poets otherwise baffling interest in and use of Chinese art Most impressive perhaps is the depth of their embrace of it as Qian has so convincingly documented Patricia C Williams *British Modernism and Chinoiserie* Anne Witchard, 2015-03-01 This volume examines the ways in which an intellectual vogue for a mythic China was a constituent element of British modernism Traditionally defined as a decorative style that conjured a fanciful and idealized notion of China chinoiserie was revived in in London s avant garde circles the Bloomsbury group the Vorticists and others who like their eighteenth century forebears turned to China as a cultural and aesthetic utopia As part of Modernism s challenge to the universality of so called Western values and aesthetics the turn to China would contribute much more than has been acknowledged to Modernist thinking As these 10 new chapters demonstrate China as an intellectual and aesthetic utopia dazzled intellectuals and aesthetes at the same time the consumption of Chinese exoticism became commercialized The essays show that from cutting edge Modernist chic to mass culture and consumer products the vogue for chinoiserie style and motifs permeated the art and design of the period Provided by publisher [The Zen of Ecopoetics](#) Enaiê Mairê Azambuja, 2023-12-22 This book is the first comprehensive study investigating the cultural affinities and resonances of Zen in early twentieth century American poetry and its contribution to current definitions of ecopoetics focusing on four key poets William Carlos Williams Marianne Moore Wallace Stevens and E E Cummings Bringing together a range of texts and perspectives and using an interdisciplinary approach that draws on Eastern and Western philosophies including Zen and Taoism posthumanism and new materialism this book adds to and extends the field of ecocriticism into new debates Its broad approach informed by literary studies ecocriticism and religious studies proposes the expansion of ecopoetics to include the relationship between poetic materiality and spirituality It develops cosmopoetics as a new literary theoretical concept of the poetic imagination as a contemplative means to achieving a deeper understanding of the human interdependence with the non human Addressing the critical gap between materialism and spirituality in modernist American poetry The Zen of Ecopoetics promotes new forms of awareness and understanding about our relationship with non human beings and environments It will be of interest to scholars researchers and students in ecocriticism literary theory poetry and religious studies
