Original Sins Reflections On The History Of Zionism And Israel:

Original Sins Benjamin Beit-Hallahmi,1992 Includes statistics **The Dark Side of Zionism** Baylis

Thomas,2011-01-01 The thesis of The Dark Side of Zionism arising from new histories neglected by the media is that both the early Zionists and the Israelis sought their security through military domination of the indigenous Arab population of Palestine This strategy required avoiding negotiations with the Palestinians as well as demonstrating Israeli military might through wars initiated against Arab states opposed to an Israeli takeover of Palestine The Myths of Zionism John

Rose,2004-09-20 Ancient medieval and modern this book is a critical account of the historical political and cultural roots of Zionism Scrutinising the roots of the myths of Zionism and mobilising recent scholarship John Rose shows how many of these stories as with other mythologies have no basis in fact However because Zionism is a living political force and these myths have been used to justify very real and political ends namely the expulsion and continuing persecution of the Palestinians

John Rose separates fact from fiction presenting a detailed analysis of their origins and development This includes a challenge to Zionism s biblical claims using very recent and very startling Israeli archaeological conclusions This book shows clearly how Zionism makes many false claims on Jewish religion and history Zionism and the Quest for Justice in the Holy Land Donald E. Wagner,Walter T. Davis,2014-07-01 A critical examination of political Zionism a topic often considered taboo

in the West is long overdue Moreover the discussion of Christian Zionism is usually confined to Evangelical and fundamentalist settings The present volume will break the silence currently reigning in many religious political and academic circles and in so doing will provoke and inspire a new challenging conversation on theological and ethical issues arising from various aspects of Zionism a conversation that is vital to the quest for a just peace in Israel and Palestine The eight authors offer a rich diversity of religious faith academic research and practical experience as they represent all three Abrahamic faiths and five different Christian traditions Among the many themes that run through Zionism and the Quest for Justice in the Holy Land is the contrast between exclusivist narratives both biblical and political and the more inclusive narratives of the prophetic Scriptures which provide the theological foundation and the moral imperative for human liberation Readers will be drawn into a compelling readable and stimulating series of essays that tackle many of the complex issues that still confound clergy politicians diplomats and academic experts **Understanding Israel/Palestine** Eve Spangler,2019-05-15

The Israeli Palestinian conflict is the longest on going hot and cold war in the 20th and 21st century In this book the author argues that human rights standards are the key to a just and sustainable solution and that tragically no one has ever made serious use of them in trying to end the conflict The reader will have a comprehensive view of the conflict its relationship to surrounding world events and its similarities to and differences from other conflicts especially those embedded in American race relations **Films of Arab Loutfi and Heiny Srour** Terri Ginsberg,2021-11-15 This book places long overdue focus

on the Palestine solidarity films of two important Arab women directors whose cinematic works have never received due

attention within the scholarly literature or the cultural public sphere Through an analysis that situates these largely overlooked films within the matrix of an anti Zionist critique of cinematic ontology this book offers a materialist feminist appreciation of their political aesthetics while critiquing the ideological enabling conditions of their academic absencing The study of these daring films fosters a much needed sustained understanding of the meaning and significance of Palestine solidarity filmmaking for and within the Arab world

Women, Reconciliation and the Israeli-Palestinian Conflict

Giulia Daniele, 2014-04-16 Women Reconciliation and the Israeli Palestinian Conflict explores the most prominent instances of women's political activism in the occupied Palestinian territories and in Israel focussing primarily on the last decade By taking account of the heterogeneous narrative identities existing in such a context the author questions the effectiveness of the contributions of Palestinian and Israeli Jewish women activists towards a feasible renewal of the peace process founded on mutual recognition and reconciliation Based on feminist literature and field research this book re problematises the controversial liaison between ethno national narratives feminist backgrounds and women's activism in Palestine Israel In detail the most relevant salience of this study is the provision of an additional contribution to the recent debate on the process of making Palestinian and Israeli women activists more visible and the importance of this process as one of the most meaningful ways to open up areas of enquiry around major prospects for the end of the Israeli Palestinian conflict Tackling topical issues relating to alternative resolutions to the Israeli Palestinian conflict this book will be a valuable resource for both academics and activists with an interest in Middle East Politics Gender Studies and Conflict Resolution

The Dream of Zion Lawrence J. Epstein, 2016-01-14 The Dream of Zion tells the story of the Jewish political effort to restore their ancient nation At the First Zionist Congress in Basel Switzerland in August 1897 Theodor Herzl convened a remarkable meeting that founded what became the World Zionist Organization defined the political goals of the movement adopted a national anthem created the legal and financial instruments that would lead to statehood and ushered the reentry of the Jewish people into political history It was there in Basel that Herzl the man some praised and some mocked as the new Moses became the leader The book provides an overview of the history that led to the Congress an introduction to key figures in Israeli history a discussion of the climate at the time for Jews including the pogroms in Russia and a discussion

of themes that remain relevant today such as the Christian reaction to the Zionist idea As political debates continue to swirl around Israel this book opens a window into its founding

Israeli-Palestinian Conflict: from Balfour Promise to Bush Declaration Gabriel G. Tabarani, 2008-03-25 In the coming five to ten years the highest number of key global security challenges is likely to be concentrated in the Middle East or be related to it And the traditional most significant challenge in the Middle East is the Arab Israeli conflict and its core the dispute between Israelis and Palestinians It is a center of gravity around which the region has revolved and remains of vast political and symbolic significance Both in its own right and due to its positive or negative signaling effects reinvigoration of the peace process is a key challenge for regional and international policy makers in the coming years So what is the origin of this Israeli Palestinian old conflict Why did we reach this point in that region Who to blame How we can find a just solution What will be the consequences if the conflict is not resolved Can a viable state be made in the West Bank and the Gaza Strip Gabriel Tabarani who is a specialist on Middle East affairs will try to find the answers in this book where he takes us back to that region through its history and facts analyzes some turning points in it which affected that region discovers the causes and the important aspects of the conflict and the obstacles to peace He presents all current events details and information from both sides of this conflict Furthermore this book offers some recommendations on how we can solve this conflict gives the light on all events and tries to answer all questions in a fair and balanced way

The Colonizing Self Hagar Kotef, 2020-11-02 Colonizers continuously transform spaces of violence into spaces of home Israeli Jews settle in the West Bank and in depopulated Palestinian houses in Haifa or Jaffa White missionaries build their lives in Africa The descendants of European settlers in the Americas and Australia dwell and thrive

on expropriated indigenous lands In *The Colonizing Self* Hagar Kotef traces the cultural political and spatial apparatuses that enable people and nations to settle on the ruins of other people's homes Kotef demonstrates how the mass and structural modes of violence that are necessary for the establishment and sustainment of the colony dwell within settler colonial homemaking and through it shape collective and individual identities She thus powerfully shows how the possibility to live amid the destruction one generates is not merely the possibility to turn one's gaze away from violence but also the possibility to develop an attachment to violence itself Kotef thereby offers a theoretical framework for understanding how settler colonial violence becomes inseparable from one's sense of self

Palestine

Nur Masalha, 2018-08-15 This rich and magisterial work traces Palestine's millennia old heritage uncovering cultures and societies of astounding depth and complexity that stretch back to the very beginnings of recorded history Starting with the earliest references in Egyptian and Assyrian texts Nur Masalha explores how Palestine and its Palestinian identity have evolved over thousands of years from the Bronze Age to the present day Drawing on a rich body of sources and the latest archaeological evidence Masalha shows how Palestine's multicultural past has been distorted and mythologised by Biblical lore and the Israel Palestinian conflict In the process Masalha reveals that the concept of Palestine contrary to accepted belief is not a modern invention or one constructed in opposition to Israel but rooted firmly in ancient past Palestine represents the authoritative account of the country's history

Jewish Survival

Ernest Krausz, 2023-04-14 These essays address Jewish identity Jewish survival and Jewish continuity The authors account for and analyze trends in Jewish identification and the reciprocal effects of the relationship between the Diaspora and Israel at the end of the twentieth century Jewish identification in contemporary society is a complex phenomenon Since the emancipation of Jews in Europe and the major historic events of the Holocaust and the establishment of the State of Israel there have been substantial changes in the collective Jewish identity As a result

Jewish identity and the Jewish process of identification had to confront the new realities of an open society its economic globalization and the impacts of cultural pluralism The trends in Jewish identification are toward fewer and weaker points of attachment fewer Jews who hold religious beliefs with such beliefs held less strongly less religious ritual observance attachment to Zionism and Israel becoming diluted and ethnic communal bonds weakening Jews are also more involved in the wider society in the Diaspora due to fewer barriers and less overt anti-Semitism This opens up possibilities for cultural integration and assimilation In Israel too there are signs of greater interest in the modern world culture The major questions addressed by this volume is whether Jewish civilization will continue to provide the basic social framework and values that will lead Jews into the twenty first century and ensure their survival as a specific social entity The book contains special contributions by Professor Julius Gould and Professor Irving Louis Horowitz and chapters on Sociological Analysis of Jewish Identity Jewish Community Boundaries and Factual Accounts from the Diaspora and Israel

Nakba Ahmad H. Sa'di, Lila Abu-Lughod, 2007-04-10 For outside observers current events in Israel Gaza and the West Bank are seldom related to the collective memory of ordinary Palestinians But for Palestinians themselves the iniquities of the present are experienced as a continuous replay of the injustice of the past By focusing on memories of the Nakba or catastrophe of 1948 in which hundreds of thousands of Palestinians were dispossessed to create the state of Israel the contributors to this volume illuminate the contemporary Palestinian experience and clarify the moral claims they make for justice and redress The book's essays consider the ways in which Palestinians have remembered and organized themselves around the Nakba a central trauma that continues to be refracted through Palestinian personal and collective memory Analyzing oral histories and written narratives poetry and cinema personal testimony and courtroom evidence the authors show how the continuing experience of violence displacement and occupation have transformed the pre Nakba past and the land of Palestine into symbols of what has been and continues to be lost Nakba brings to light the different ways in which Palestinians experienced and retain in memory the events of 1948 It is the first book to examine in detail how memories of Palestine's cataclysmic past are shaped by differences of class gender generation and geographical location In exploring the power of the past the authors show the urgency of the question of memory for understanding the contested history of the present Contributors Lila Abu Lughod Columbia University Diana Keown Allan Harvard University Haim Bresheeth University of East London Rochelle Davis Georgetown University Samira Esmeir University of California Berkeley Isabelle Humphries University of Surrey Lena Jayyusi Zayed University Laleh Khalili SOAS University of London Omar Al Qattan filmmaker Ahmad H Sa di Ben Gurion University Rosemary Sayigh Lebanon based anthropologist Susan Slyomovics University of California Los Angeles
