Original Christianity Today:

Original Christian Ethics Today David W. T. Brattston, 2019-11-12 This book is a collection drawn from over three hundred and ninety of my magazine and website articles synthesizing early and modern Christianity extracted from writings by or about Christians who flourished prior to the Decian Persecution and mass apostasy of AD 249-251. The subject matter is New Testament and other Christian statements on ethics before AD 250 and their applicability to the twenty-first century. Some of these articles have been published more than once by more than one Christian communion and in more than one country. They vary in length from a few hundred words to over four thousand. This book does not discuss moral theories or frameworks but presents concrete practice of specific principles, commandments and prohibitions. *Original Christianity* Peter Novak, 2005-09-29 Offers more information about the first-century world of early Christians asking: Could Christ's original teachings have truly been lost? Foreword: Reviews. Whoever finds the interpretation of these sayings will not experience death from the Gospel of Thomas. The work of scholars such as Elaine Pagels and Marvin Meyer have captured the imagination of the public by setting forth the Gospel of Thomas and other lost teachings of Jesus. Now Peter Novak in *Original Christianity* brings forth a critical element essential for fully understanding these scriptures. Novak argues that the authors of these early texts subscribed to the Binary Soul Doctrine, an ancient belief system that allows for both reincarnation and an eternal afterlife. Novak's interdisciplinary approach offers fresh insights on the beliefs and politics of the early church founders. He points out that reincarnation was a commonly held Christian belief until it was voted out of official Christianity and the record expunged. This newfound key reveals the true identities of many mysterious Biblical figures such as Lazarus, Barabbas, Judas, and especially the Apostle Thomas, who may not only have been Jesus' identical twin brother but indeed a second Christ in his own right who lived to produce a genetically identical bloodline. More important still, the rediscovery of the lost theology of Original Christianity means Christ's central message of personal integrity can again take center stage.

Christianity Today George D. Chryssides, 2010-06-01 A series of case studies illustrate the contemporary issues facing Christianity in contemporary society. This new introduction aims to present Christianity through the lens of contemporary issues. Illustrated throughout with examples and case studies taken from lived religion, each chapter looks at Christianity in a modern context and modern issues relevant to the religion. After an initial chapter providing an overview of the faith, its history and basic theological tenets, George Chryssides moves through key contemporary themes: sources of authority in Christianity, science and Christianity, fundamentalism, mission and ecumenism, ethics and women and Christianity. This title concludes with a final section looking at the future for Christianity in the face of secularism, secularisation and materialism and its relative growth and decline worldwide. These useful guides aim to introduce religions through the lens of contemporary issues, illustrated throughout with examples and case studies taken from lived religion. The perfect companion for the student of religion, each guide interprets the teachings of the religion in question in a modern context and applies

them to modern day scenarios Jairo Mejia,2008-03-01 Jairo Mejia is a theologian and philosopher who lives in Carmel Valley California **Christianity Today Magazine and Late Twentieth-century Evangelicalism** Phyllis Elaine Alsdurf,2004 **Apocalypse and Armageddon, The Secret Origins of Christianity: The First Shall be Last and the Last Shall be First** Hekataios Amerikos,2015-06-24 In recent years several books about the beginnings of Christianity and or of Jesus and the disciples have been written They range from books based mainly upon faith and the gospels to the outlandishly sensational which barely even suggest that they are based upon actual documented history Yet in one way or another they all purport to provide the reader with the historical truth Still when reading these other works one finds that they are at best only loosely based upon real history of the time period and they provide little in the way of historical documentation let alone critical analysis This book is an exception because it sticks to the cold hard historical evidence and proceeds where that evidence leads This important work of historical non fiction will serve to enhance public understanding of the true origins of Christianity This book is designed to serve that purpose It is not meant to offend but is meant to provoke critical thought and debate **An Outline of Christianity: Christianity today and tomorrow** ,1926

America's Pastor Grant Wacker,2014-11-07 More than a conventional biography Grant Wacker's interpretive study deepens our understanding of why Billy Graham has mattered so much to so many and how his uncanny ability to appropriate trends in the wider culture allowed him to transform his born again theology into a moral vocabulary capturing the aspirations and fears of average Americans *The Transformation of Early Christianity from an Eschatological to a Socialized Movement* Lyford Paterson Edwards,1919 *ESSAYS IN EARLY CHRISTIANITY* Jonathan Ramachandran,2025-07-13 Is there hope beyond the elect What did the earliest Christians believe about prophecy judgment and salvation In *ESSAYS IN EARLY CHRISTIANITY* Jonathan Ramachandran explores ancient theological possibilities grounded in Scripture and the writings of the earliest Church Fathers With careful adherence to the historical grammatical method and a commitment to literal biblical interpretation Ramachandran revisits the long forgotten Chiliasm model a belief in the literal thousand year reign of Christ on earth as taught by voices like Justin Martyr Irenaeus and Papias This volume offers bold insights into the prospect of Non Elect Salvation the idea that some may be saved outside the elect Bride of Christ not through presumption but through divine mercy and postmortem judgment Through in depth analysis of Scripture and early Christian testimony Ramachandran raises provocative questions Are there two distinct resurrections separated by 1 000 years Do Revelation and 1 Corinthians 15 describe gradations of resurrection glory Could the surprised sheep of Matthew 25 represent non elect salvation Designed for pastors seminary students and thoughtful churchgoers this accessible yet rigorous work is not speculative theology but evidence driven inquiry Readers are invited to examine early Christian prophecy with open Bibles and discerning minds testing all things and holding fast to what is good 1 Thessalonians 5:21

Prophecy in Early Christianity and the Ancient Mediterranean World David E. Aune, 2003-08-12 Aune's comprehensive study of early Christian prophecy includes a review of its antecedents Greco Roman oracles ancient Israelite prophecy prophecy in early Judaism a discussion of Jesus as prophet and analyses of Christian prophetic speeches from Paul to the middle of the second century A D The most detailed study of early Christian prophecy written Aune's book places the phenomenon of early Christian prophecy within the larger Greco Roman world **Voices of Early Christianity** Kevin W. Kaatz, 2013-02-27 This fascinating resource examines the day to day lives of early Christians as depicted through documented accounts of the period from the beginning of Christianity through 325 CE Early Christianity drew its doctrine from a variety of sources personal interpretation Hebrew scriptures and church council yet the core ideology endured even as the religion transitioned from being the object of persecution to becoming a legal institution in the Roman Empire This book celebrates the voices that helped create and develop Christianity during that period **Voices of Early Christianity Documents from the Origins of Christianity** is a collection of excerpts from significant documents from early Christian history organized topically then listed chronologically within each section The author compares textual variations among the works of the apostles as well as key themes over time and frames the discussion for further critical thinking Topics include sexuality marriage and divorce food issues women in early Christianity and politics and Christianity **An Archaeology of Early Christianity in Vanuatu** James L. Flexner, 2016-12-19 Religious change is at its core a material as much as a spiritual process Beliefs related to intangible spirits ghosts or gods were enacted through material relationships between people places and objects The archaeology of mission sites from Tanna and Erromango islands southern Vanuatu formerly the New Hebrides offer an informative case study for understanding the material dimensions of religious change One of the primary ways that cultural difference was thrown into relief in the Presbyterian New Hebrides missions was in the realm of objects Christian Protestant missionaries believed that religious conversion had to be accompanied by changes in the material conditions of everyday life Results of field archaeology and museum research on Tanna and Erromango southern Vanuatu show that the process of material transformation was not unidirectional Just as Melanesian people changed religious beliefs and integrated some imported objects into everyday life missionaries integrated local elements into their daily lives Attempts to produce civilised Christian natives or to change some elements of native life relating purely to religion but not others resulted instead in a proliferation of hybrid forms This is visible in the continuity of a variety of traditional practices subsumed under the umbrella term kastom through to the present alongside Christianity Melanesians didn't become Christian Christianity became Melanesian The material basis of religious change was integral to this process **Early Christianity** Wendy Elgersma

Unreconciled Andrea Smith, 2019-12-13 In the 1990s many evangelical Christian organizations and church leaders began to acknowledge their long history of racism and launched efforts at becoming more inclusive of people of color While much of this racial reconciliation movement has not directly confronted systemic racism's structural causes there exists a smaller countermovement within evangelicalism primarily led by women of color who are actively engaged in antiracism and social justice struggles In *Unreconciled* Andrea Smith examines these movements through a critical ethnic studies lens evaluating the varying degrees to which evangelical communities that were founded on white supremacy have addressed racism Drawing on evangelical publications sermons and organization statements as well as ethnographic fieldwork and participation in evangelical events Smith shows how evangelicalism is largely unable to effectively challenge white supremacy due to its reliance upon discourses of whiteness At the same time the work of progressive evangelical women of color not only demonstrates that evangelical Christianity can be an unexpected place in which to find theoretical critique and social justice organizing but also shows how critical ethnic studies interventions can be applied broadly across political and religious divides outside the academy
