Richards, 2025-06-27 Inquiry into African American literature in recent decades has neglected to probe the intellectual structure of the tradition s aesthetics and its underlying ideology In *The Ideological Origins of African American Literature* Phillip M Richards begins this reconstructive work illuminating the dialectical backstory of black prose and poetry in America Richards argues that the social and political forces that influenced white literature were uniquely reacted to absorbed and often times rejected by African American literary figures from the eighteenth century Puritan notions of a God centered history to the onset of Romanticism and Modernism in the nineteenth and twentieth centuries Building his case for ideological continuity Richards surveys a profoundly creative period of 125 years launched by an African American reaction against a racist mid eighteenth century American culture This epoch in African American literature saw a fusion of Puritan Protestant culture into a religious and secular worldview drawing in the poetry of Phillis Wheatley antebellum slave narratives Richard Allen and the periodicals of the ambitious African Methodist Episcopal movement all of which would form the underlying foundation of a Black Victorian culture A rising black middle class Richards argues would later be secularized by an eroding religious tradition under the pressures of nineteenth century modernity the trauma of Jim Crow and the emerging northern ghetto Richards further traces the emergence of Romanticism which appeared with white American authors such as Emerson Thoreau and Whitman but would not take shape in African American literature until the likes of W E B Du Bois and Langston Hughes took stock of Anglo European culture at the end of the nineteenth century *The Ideological Origins of African American Literature* illustrates a pattern of black writing that eschews the hegemonic white culture of the day for an evolving black culture that would define an American literary landscape [A History of Twentieth-Century British Women's Poetry](#) Jane Dowson, Alice Entwistle, 2005-05-19 Publisher Description [A History of Greek Literature](#) Frank Byron Jevons, 1886 **Poetry and Culture in Britain, Canada and the United States** Jonathan Locke Hart, 2025-03-18 This book is about poetry and the poetic in the cultures and literatures of Britain Canada and the United States Close reading is the primary method The figures discussed in the book were born from 1911 to the post war years after 1945 The volume proceeds from Marshall McLuhan as a poet through Douglas LePan Ted Hughes Leonard Cohen Margaret Atwood Thomas King and Forrest Gander to Hannah Lowe Russell Leong Marilyn Chin Fred Wah interpoetics poetry and culture in Chinese diasporic poetry Louis Riel Pauline Johnson Naomi McIlwraith Indigenous and M tis poetry Gaspar P rez de Villagr Anne Bradstreet Phillis Wheatley Langston Hughes Joan Kane Russell Leong Marilyn Chin and Forrest Gander the multiple

Origins of the Dream W. Jason Miller,2015-02-03 Since Martin Luther King Jr s I Have a Dream speech some scholars have privately suspected that King s dream was connected to Langston Hughes s poetry Drawing on archival materials including notes correspondence and marginalia W Jason Miller provides a completely original and compelling argument that Hughes s influence on King s rhetoric was in fact evident in more than just the one famous speech King s staff had been wiretapped by J Edgar Hoover and suffered accusations of communist influence so quoting or naming the leader of the Harlem Renaissance who had his own reputation as a communist would only have intensified the threats against the civil rights activist Thus the link was purposefully veiled through careful allusions in King s orations In *Origins of the Dream* Miller lifts that veil and shows how Hughes s revolutionary poetry became a measurable inflection in King s voice He contends that by employing Hughes s metaphors in his speeches King negotiated a political climate that sought to silence the poet s subversive voice By separating Hughes s identity from his poems King helped the nation unconsciously embrace the incendiary ideas behind his poetry *A History of Modernist Poetry* Alex Davis, Lee M. Jenkins,2015-04-27 *A History of Modernist Poetry* examines innovative anglophone poetries from decadence to the post war period The first of its three parts considers formal and contextual issues including myth politics gender and race while the second and third parts discuss a wide range of individual poets including Ezra Pound T S Eliot W B Yeats Mina Loy Gertrude Stein Wallace Stevens William Carlos Williams and Marianne Moore as well as key movements such as Imagism Objectivism and the Harlem Renaissance This book also addresses the impact of both World Wars on experimental poetries and the crucial role of magazines in disseminating and proselytizing on behalf of poetic modernism The collection concludes with a wide ranging discussion of the inheritance of modernism in recent writing on both sides of the Atlantic *What Does Richard Wagner Relate Concerning the Origin of His Nibelungen Poem* Richard Wagner,1907 **Comparative History of Slavic Literatures** Dmitrij
