Origins Of The Novel:

Origins of the Novel Marthe Robert, 1980 **The Origins of the English Novel, 1600-1740** Michael McKeon, 2002-05-22 The novel emerged McKeon contends as a cultural instrument designed to engage the epistemological and social crises of the age Factual Fictions Lennard J. Davis, 1997-01-29 Nowadays most readers take the intersection between fiction and fact for granted We've developed a faculty for pretending that even the most bizarre literary inventions are for the nonce real The value of Davis's book is that it explores the h **The Novel** Andrew Michael Roberts, 1993 This is a guide to one of the most complex and popular of literary forms A series of critical essays examines the history and special qualities of the novel as a genre from antecedents in classical and Renaissance times to the rich diversity of the novel in the 1990s **The Spread of Novels** Mary Helen McMurrin, 2009-08-24 Fiction has always been in a state of transformation and circulation how does this history of mobility inform the emergence of the novel The Spread of Novels explores the active movements of English and French fiction in the eighteenth century and argues that the new literary form of the novel was the result of a shift in translation Demonstrating that translation was both the cause and means by which the novel attained success Mary Helen McMurrin shows how this period was a watershed in translation history signaling the end of a premodern system of translation and the advent of modern literary exchange McMurrin illuminates aspects of prose fiction translation history including the radical revision of fiction's origins from that of cross cultural transfer to one rooted by nation the contradictory pressures of the book trade which relied on translators to energize the market despite the increasing devaluation of their labor and the dynamic role played by prose fiction translation in Anglo French relations across the Channel and in the New World McMurrin examines French and British novels as well as fiction that circulated in colonial North America and she considers primary source materials by writers as varied as Frances Brooke Daniel Defoe Samuel Richardson and Fran oise Graffigny The Spread of Novels reassesses the novel's embodiment of modernity and individualism discloses the novel's surprisingly unmodern characteristics and recasts the genre's rise as part of a burgeoning vernacular cosmopolitanism **A History of English Literature** Emile Legouis, Louis Franois Cazamian, 1927 **The Oxford History of the Novel in English: Prose fiction in English from the origins of print to 1750**, 2011 This series presents a comprehensive global and up to date history of English language prose fiction and written by a international team of scholars dust jacket **A History of English Literature: Modern times (1660-1911) by Louis Cazamian, translated from the French by W. D. MacInnes ... and the author** Emile Legouis, 1927 **A Short History of the English Novel** S. Diana Neill, 1964 **The Uses of History in Early Modern England** Paulina Kewes, 2006-11-15 Publisher Description **Fictions of Authority** Susan Sniader Lanser, 1992 Annotation Writing from positions of cultural exclusion women have faced constraints not only upon the content of fiction but upon the act of narration itself Narrative voice thus becomes a matter not simply of technique but of social authority how to speak publicly to whom and in whose name Susan Sniader

Lanser here explores patterns of narration in a wide range of novels by women of England France and the United States from the 1740s to the present Drawing upon narratological and feminist theory Lanser sheds new light on the history of voice as a narrative strategy and as a means of attaining social power **Among Our Books** Carnegie Library of Pittsburgh,1929

Nishevita J. Murthy,2014-10-16 *Historicizing Fiction Fictionalizing History* brings together two authors Umberto Eco and Orhan Pamuk not frequently studied in comparison By focusing on their non fictional works to present a unique study of the methods and concepts of representation Murthy uses contemporary historical novels to examine fictional depictions of reality and provides a fresh perspective on representation studies in literature Written in an accessible style and tapping into fields as varied as literary and critical theory the historical novel postmodernism and historiography *Historicizing Fiction Fictionalizing History* considers the ways in which reality as discourse confronts a text external reality and how this confrontation affects the autonomy of the fictional space topics that remain persistently problematic areas within literary studies Eco s *The Name of the Rose* and *Baudolino* and Pamuk s *My Name is Red* and *Snow* with their topical concerns and methods of representation promise a rewarding comparative study This book provides an early critical framework for these four works placing them within the rubric of the postmodernist historical novel as creative works that also comment on the process of literary writing through their recreation of historical pasts In this respect *Historicizing Fiction Fictionalizing History* promises to be an engaging read in literary criticism and historiography as well as a handy companion for Eco and Pamuk enthusiasts *The Origin and Evolution of Larval Forms* Brian K.
