Orpheus At Eighty:

Orpheus at Eighty Vincent Sheean, 2003-01-01 Verdi Vincent Sheean, 1976 *The Lion of Round Top* Hans G. Myers, 2022-05-11 This military biography clearly and informatively rescues from an undeserved obscurity one of the Union's key commanders at the battle of Gettysburg. Midwest Book Review Citizen soldier Strong Vincent was many things: Harvard graduate, lawyer, political speaker, descendent of pilgrims and religious refugees, husband, father, brother. But his greatest contribution to history is as the savior of the Federal left flank on the second day at Gettysburg when he and his men held Little Round Top against overwhelming Confederate numbers. Forgotten by history in favor of his subordinate Joshua Lawrence Chamberlain, Vincent has faded into relative obscurity in the decades since his death. This book restores Vincent to his rightful place among the heroes of the battle of Gettysburg, presenting his life story using new, never before published sources and archival material to bring the story of one of the most forgotten officers of the American Civil War back to the attention of readers and historians. This is a well-researched and well-written book, and the author makes a strong case for Colonel Vincent's essential role in the Union victory at Gettysburg. *The Journal of America's Military Past* Erie, Pennsylvania historian Hans G. Myers brings to life an overlooked Gettysburg hero: a good, well-researched biography certainly worth the read. *Maine at War* Readers of battle history, in particular, the voluminous literature on Gettysburg will find interest in both the short life of Strong Vincent and the heretofore unheralded role his decisions played in saving the Federal left flank at Little Round Top. *Journal of Military History* The Europeans Orlando Figes, 2019-10-08 From the master of historical narrative *Financial Times*, a dazzling, richly detailed panoramic work, the first to document the genesis of a continent-wide European culture. The nineteenth century in Europe was a time of unprecedented artistic achievement. It was also the first age of cultural globalization, an epoch when mass communications and high-speed rail travel brought Europe together, overcoming the barriers of nationalism and facilitating the development of a truly European canon of artistic, musical, and literary works. By 1900, the same books were being read across the continent, the same paintings reproduced, the same music played in homes and heard in concert halls, the same operas performed in all the major theatres. Drawing from a wealth of documents, letters, and other archival materials, acclaimed historian Orlando Figes examines the interplay of money and art that made this unification possible. At the center of the book is a poignant love triangle: the Russian writer Ivan Turgenev, the Spanish prima donna Pauline Viardot, with whom Turgenev had a long and intimate relationship, and her husband Louis Viardot, an art critic, theater manager, and republican activist. Together, Turgenev and the Viardots acted as a kind of European cultural exchange; they either knew or crossed paths with Delacroix, Berlioz, Chopin, Brahms, Liszt, the Schumanns, Hugo, Flaubert, Dickens, and Dostoyevsky, among many other towering figures. As Figes observes, nearly all of civilization's great advances have come during periods of heightened cosmopolitanism, when people, ideas, and artistic creations circulate freely between nations. Vivid and insightful, *The Europeans* shows how such cosmopolitan ferment shaped artistic traditions that came to

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time.
