EDITION

Stephen White, John Gardner  
and George Schöpflin

# Power And Politics In Communist Systems

**Paul D'Anieri**

## **Power And Politics In Communist Systems:**

Power and Policy in Communist Systems Gary K. Bertsch, 1982      *Power and Policy in Communist Systems* Gary K. Bertsch, 1985      **Churches and Political Power under Communism in Central and Eastern Europe** Dragoş Ursu, This volume is the result of the work of 15 researchers from four former communist countries Poland Hungary Romania Moldova who approach the relationship between political power and the churches in Central and Eastern Europe during communism from an interdisciplinary perspective exploring several directions biographies reconstructing the fate of the heroes of anti communist resistance institutions analysing the mechanisms of repression memorialisation museum representations of communist repression and cultural cinematographic representations of the communist past Drago Ursu PhD in History with a thesis on political detention in Romania post doctoral researcher at the University of Alba Iulia interested by the history of communist regimes political repression memory of anti communist resistance state church relations in the 20th century

**The End of the Communist Power Monopoly** Michael Waller, 1993 This work analyzes the internal weaknesses and the external pressures that led to Communism's terminal crisis in Europe It systematically links the history of Euro Communism and the Prague Spring to the momentous events of 1989 to 1991      Women, Politics, and Power Pamela Paxton, Melanie M. Hughes, 2015-12-30 Women Politics and Power A Global Perspective Third Edition provides a clear detailed introduction to women's political participation and representation across a wide range of countries and regions Through broad statistical overviews and detailed case study accounts authors Pamela Paxton and Melanie M Hughes document both historical trends and the contemporary state of women's political strength Readers see the cultural structural political and international influences on women's access to political power and the difference women make once in political office The text acknowledges differences among women through attention to intersectionality and women from marginalized groups

**Queer Encounters with Communist Power** Věra Sokolová, 2021-12-01 How did the Communist regime in Czechoslovakia approach non heterosexuality How did young girls and boys come to realize their queer desires and identities within a state known for repressing individuality What did they do with that self awareness and later on as adults what strategies did they employ in their everyday dealings with a state that defined homosexuality as a medical diagnosis Queer Encounters with Communist Power answers these questions as it interweaves groundbreaking queer oral history with meticulous archival research into the discourses on homosexuality and transsexuality in Czechoslovakia from 1948 to 1989

**Politics, Power and the Struggle for Democracy in South-East Europe** Karen Dawisha, Bruce Parrott, 1997-06-13 Edited by two of the world's leading analysts of post communist politics this book brings together distinguished specialists on Bosnia Hercegovina Croatia Macedonia Slovenia Serbia Montenegro Albania Bulgaria and Romania The authors analyse the challenge of building democracy in the countries of the former Yugoslavia riven by conflict and in neighboring states They focus on oppositional activity political cultures that often favour strong presidentialism the role of nationalism and basic

socioeconomic trends Karen Dawisha and Bruce Parrott provide theoretical and comparative chapters on post communist political development across the region This book will provide students and scholars with detailed analysis by leading authorities plus the latest research data on recent political and economic developments in each country *The End of Communist Power* Leslie Holmes,1993 Account of the collapse of the communist ruled states Analyses the nature of the legitimization crisis that developed following the failure of the economic reforms of the 1960s and 1970s and considers the role of official corruption and anti corruption campaigns Includes a bibliography and an index The author is Professor of Political Science at the University of Melbourne

**Women's Access to Political Power in Post-Communist Europe** Richard E. Matland,Kathleen A. Montgomery,2003-05-01 This book considers women s access to formal positions of powers in the newly formed democracies of post communist Europe While acknowledging the relevance of recent history this book takes an important step away from the communist legacy and explicitly argues for a framework based on causal variables identified in the existing literatures from industrialized democracies on women and politics and legislative recruitment After a brief introduction the second chapter sets forth a general theoretical framework which posits that the level of female legislative representation in a given country is a function of the relative supply of and demand for female candidates After a chapter considering a broad overview of public opinion on women and politics in Eastern Europe thirteen country chapters spanning the spectrum of Eastern European democracies address and test hypotheses about the key variables affecting the supply and demand sides of the equation in individual countries Relevant aspects of the communist cultural and developmental legacy are addressed but authors give particular attention to political factors such as electoral rules and the characteristics of the emerging party systems that vary within the Eastern European countries The new democracies of Eastern Europe provide a novel context in which to test and extend our theories about the consequences of political institutions for the quality of democracy Since institutional arrangements are more malleable than developmental or cultural characteristics those variables also offer the greatest promise to scholars and practitioners wondering what can be done to improve women s access to formal arenas of political power How can we build democracies that are stable lasting and representative A careful analysis of the post communist context can help us to address issues concerning institutional design and development that has relevance well beyond the Eastern European context

**Government and Politics - Volume I** Masashi Sekiguchi,2010-08-27 Government and Politics is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Government and Politics in the Encyclopedia of Social Sciences and Humanities deals with the discipline of general and introductory descriptions on a wide range of political phenomena in rather conventional ways It covers the following topics The first two topics Forms and Modes of Government and Structures of Government deal with institutional and structural aspects of political phenomena The third topic Political Aspects of Government is about dynamic political

processes The fourth Ideas and Ideologies in Politics investigates political thoughts and ideologies in the modern world The fifth topic International Politics intend to give readers an international perspective since contexts and systems which have international or transnational characters are obviously important background against which a political aspect of building a sustainable society must be considered These two volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs

*Post-communist Studies And Political Science* Jr. Fleron,Erik P Hoffmann,2019-08-15 Serious stock taking is in progress now among practitioners of what has been called Sovietology meaning studies of the Union of Soviet Socialist Republics The reason is that the field for the most part had not been expecting what happened in 1991 The USSR collapsed and went out of existence as a unified state system governing a sixth of the world's territory having allowed its East European empire to free itself from Soviet dominance somewhat earlier It might be said in defense of Sovietology that by the beginning of the 1980s it understood that economic and political crises were brewing in the Soviet Union and its outer empire But the field as a whole failed to grasp the full depth of the systemic crisis in Soviet Russia and the destructive or self destructive potentialities inherent in it As the editors of this valuable volume write in the Introduction Sovietology was not prepared for perestroika and postcommunism

**Political Transitions in Dominant Party Systems** Joseph Wong,Edward Friedman,2008-10-27 This is a path breaking study by leading scholars of comparative politics examining the internal transformations of dominant parties in both authoritarian and democratic settings The principle question examined in this book is what happens to dominant political parties when they lose or face the very real prospect of losing Using country specific case studies top rank analysts in the field focus on the lessons that dominant parties might learn from losing and the adaptations they consequently make in order to survive to remain competitive or to ultimately regain power Providing historical based comparative research on issues of theoretical importance *Political Transitions in Dominant Party Systems* will be invaluable reading for students and scholars of comparative politics international politics and political parties

Problems of Communism ,1962 **Communism** R. Grant,2009 Examines a system of government that was perhaps the most experimental and risky that the world has known

Power Restructuring In China And Russia Mark Lupher,2018-02-12 The massive economic transformations and political upheavals that have been sweeping China and the Soviet Union in the final decades of the twentieth century are among the great dramas of our time Yet the origins of these revolutionary changes are murky and their outcomes unclear Have we witnessed the demise of an archaic authoritarian order and the rise of pluralism and democracy or are the tumultuous events of the post Mao era and the period of perestroika more usefully viewed in light of broader patterns of power and politics in Chinese and Russian history Considering these questions with a new interpretation of power relations and political processes in China and Russia Mark Lupher explores the imperial era the communist period and the current situation in both countries Rather than speaking of reform which too often

is understood as liberalization along Western lines his discussion is focused on power restructuring the ebb and flow of state power the centralization and decentralization of political and economic power and the three way struggles between central rulers various elites and nonprivileged groups that drive these processes Lupher s power restructuring analysis is noteworthy in combining broad comparative historical analysis and conceptualization with a closely focused discussion and reinterpretation of the Chinese Cultural Revolution the core of his book By comparing and bringing new light to bear on a series of pivotal episodes in Chinese and Russian history he furthers our understanding and assessment of processes that will continue to unfold in China Russia and the former Soviet republics      *Understanding Ukrainian Politics: Power, Politics, and Institutional Design* Paul D'Anieri,2015-01-28 Ukraine made headlines around the world during the winter of 2004 05 as the colorful banners of the Orange Revolution unfurled against the snowy backdrop of Kyiv signaling the bright promise of democratic rebirth But is that what is really happening in Ukraine In the early post Soviet period Ukraine appeared to be firmly on the path to democracy The peaceful transfer of power from Leonid Kravchuk to Leonid Kuchma in the election of 1994 followed by the adoption of a western style democratic constitution in 1996 seemed to complete the picture But the Kuchma presidency was soon clouded by dark rumors of corruption and even political murder and by 2004 the country was in full blown political crisis A three stage presidential contest was ultimately won by Viktor Yushchenko who took office in 2005 and appointed Yulia Tymoshenko as premier but the turmoil was far from over The new government quickly faltered and splintered This introduction to Ukrainian politics looks beyond these dramatic events and compelling personalities to identify the actual play of power in Ukraine and the operation of its political system The author seeks to explain how it is that after each new beginning power politics has trumped democratic institution building in Ukraine as in so many other post Soviet states What is really at work here and how can Ukraine break the cycle of hope and disillusionment      **Soviet Communists in Power** R. Sakwa,1988-06-21      **Civil Resistance and Power Politics** Sir Adam Roberts,Timothy Garton Ash,2011-09-29 This widely praised book identified peaceful struggle as a key phenomenon in international politics a year before the revolutions in Tunisia and Egypt confirmed its central argument Civil resistance non violent action against such challenges as dictatorial rule racial discrimination and foreign military occupation is a significant but inadequately understood feature of world politics Especially through the peaceful revolutions of 1989 and the developments in the Arab world since December 2010 it has helped to shape the world we live in Civil Resistance and Power Politics covers most of the leading cases including the actions master minded by Gandhi the US civil rights struggle in the 1960s the Islamic revolution in Iran in 1979 the people power revolt in the Philippines in the 1980s the campaigns against apartheid in South Africa the various movements contributing to the collapse of the Soviet Bloc in 1989 91 and in this century the colour revolutions in Georgia and Ukraine The chapters written by leading experts are richly descriptive and analytically rigorous This book addresses the complex interrelationship between civil resistance and other dimensions of power It explores the question of whether civil

resistance should be seen as potentially replacing violence completely or as a phenomenon that operates in conjunction with and modification of power politics It looks at cases where campaigns were repressed including China in 1989 and Burma in 2007 It notes that in several instances including Northern Ireland Kosovo and Georgia civil resistance movements were followed by the outbreak of armed conflict It also includes a chapter with new material from Russian archives showing how the Soviet leadership responded to civil resistance and a comprehensive bibliographical essay Illustrated throughout with a remarkable selection of photographs this uniquely wide ranging and path breaking study is written in an accessible style and is intended for the general reader as well as for students of Modern History Politics Sociology and International Relations

Understanding Comparative Politics Lisa A. Baglione, 2024-02-22 Understanding Comparative Politics links comparative politics to identity helping students make personal connections and actively learn and explore through maps data theory and reflection questions Issues of race gender ethnicity and religion are put into context encouraging critical thinking about world regions and individual countries through the lens of current events

Scientific Management, Socialist Discipline, and Soviet Power Mark R. Beissinger, 1988 How does the excessive bureaucratization of central planning affect politics in communist countries Mark Beissinger suggests an answer through this history of the Soviet Scientific Management movement and its contemporary descendants raising at the same time broader questions about the political consequences of economic systems Beissinger traces the rise and decline of administrative strategies throughout Soviet history focusing on the roles of managerial technique and disciplinary coercion He argues that over bureaucratization leads to a succession of national crises of effectiveness which political leaders use to challenge the power of entrenched elites and to consolidate their rule It also encourages leaders to resort to radical administrative strategies technocratic utopias mass mobilization and discipline campaigns and gives rise to a cycling syndrome as similar problems and solutions reappear over time Beissinger gives a new perspective and interpretation of Soviet history through the prism of organizational theory He also provides a comprehensive history of the Soviet rationalization movement from Lenin to Gorbachev that describes the recurring attractions and tensions between politicians and management experts as well as the reception accorded Western management techniques in the Soviet factory and management training classroom Beissinger uses a number of unusual sources the personal archive of Aleksei Gastev the foremost Soviet Taylorist of the 1920s published Soviet archival documents unpublished Soviet government documents and dissertations on management science and executive training interviews with Soviet management scientists and the author's personal observations of managers attending a three month executive training program in the Soviet Union Beissinger's skillful handling of this singular material will attract the attention of political scientists historians and economists especially those working in Soviet studies

Right here, we have countless books **Power And Politics In Communist Systems** and collections to check out. We additionally present variant types and after that type of the books to browse. The welcome book, fiction, history, novel, scientific research, as competently as various extra sorts of books are readily affable here.

### **Power And Politics In Communist Systems Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Power And Politics In Communist Systems PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes

intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Power And Politics In Communist Systems PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Power And Politics In Communist Systems free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Power And Politics In Communist Systems Books**

1. Where can I buy Power And Politics In Communist Systems books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
