## **Power In Struggle Feminism Sexuality And The State:**

Power in Struggle Davina Cooper, 1995-07 Those seeking social change confront the centrality of power on a daily basis What precisely is power and how does it manifest itself And how are radical and progressive strategies shaped by the ways in which we conceptualize it Drawing on feminist poststructuralist and Marxist theory Davina Cooper develops an innovative framework for understanding power relations in forms as diverse as reproductive technology queer activism municipal politics and the regulation of lesbian reproduction *Power in Struggle* explores the relationship between power sexuality and the state and ultimately provides a radical re thinking of these concepts and their interactions Sexual politics Cooper posits must recognize the sexualization of everyday life and should not be exclusively the concern of a young educated elite nor should sex be shuttered as a private affair Concluding with an important and original discussion of how an ethics of empowerment can inform political strategy *Power in Struggle* is a must read for activists scholars and lawyers interested in understanding the role of power in the state

*Gender Politics* Surya Monro, 2005-02-20 Is it possible to move beyond the male female gender binary system What happens to gender theory when we consider sex and gender identities as more than just male or female Crucially what are the implications of gender and sexual fluidity and multiplicity for social policy citizenship new social movements and democracy *Gender Politics* challenges ideas that we are all either male or female and gay or straight It explores the experiences of people who transgress these categories and the social exclusion that they face Surya Monro addresses topical debates concerning gender and looks at different ways of theorising gender pluralism She explains how gender and sexuality relate to other social characteristics such as race class and disability As well as providing a way into some of the key academic discussions in the field of gender and sexuality *Gender Politics* is also a tool for activists Monro analyses the way in which mainstream citizenship social policy and democracy can or cannot be changed to reflect the needs of marginalised groups She explores the social implications of equality for transgender intersex lesbian gay and bisexual people and assesses the conflicts within these communities

**Engendering Resistance: Agency and Power in Women's Prisons** Mary Bosworth, 2017-03-02 This book explores how power is negotiated in women's prisons Drawing on fieldwork conducted in three penal establishments in England it analyses how women manage the restrictions of

imprisonment and the manner in which they attempt to resist institutional control It is proposed that power is negotiated on a private individual level as women often resist the institution simply by trying to maintain an image of control over their own lives However their image of themselves as active reasoning agents is undermined by institutional regimes which encourage traditional passive feminine behaviour at the same time as they deny the women their identities and responsibilities as mothers wives girlfriends and sisters Femininity is therefore both the form and the goal of women's imprisonment Yet paradoxically femininity also offers the possibility of resistance because women manage to rebel by appropriating and changing aspects of it

Moddelmog, 2018-09-05 Whether revered for his masculinity condemned as an icon of machismo or perceived as possessing complex androgynous characteristics Ernest Hemingway is acknowledged to be one of the most important twentieth century American novelists For Debra A Moddelmog the intense debate about the nature of his identity reveals how critics desires give shape to an author s many guises In her provocative book Moddelmog interrogates Hemingway s persona and work to show how our perception of the writer is influenced by society s views on knowledge power and sexuality She believes that recent attempts to reinvent Hemingway as man and as artist have been circumscribed by their authors investment in heterosexist ideology she seeks instead to situate Hemingway s sexual identity in the interface between homosexuality and heterosexuality Moddelmog looks at how sexual orientation gender race nationality able bodiedness and the intersections of these elements contribute to the formation of desire Ultimately she makes a far reaching and suggestive argument about multiculturalism and the canons of American letters asserting that those who teach literature must be aware of the politics and ethics of the authorial constructions they promote Ordinary in Brighton?: LGBT, Activisms and the City Kath

Browne, Leela Bakshi, 2016-05-13 Ordinary in Brighton offers the first large scale examination of the impact of the UK equalities legislation on lesbian gay bi and trans LGBT lives and the effects of these changes on LGBT political activism Using the participatory research project Count Me In Too this book investigates the material issues of social spatial injustice that were pertinent for some but not all LGBT people and explores activism working in partnership that operated within the state Ordinary in Brighton explores the unevenly felt consequences of assimilation and inclusion in a city that was compelled to provide a place literally and figuratively for LGBT people Brighton itself is understood to be exceptional and exploring this specific location provides insights into how place operates as constitutive of lives and activism Despite its placing as the gay capital and its long history as a favoured location of LGBT people there is very little academic or popular literature published about this city This book offers insights into the first decade of the 21st century when sexual and gender dissidents supposedly became ordinary here rather than exceptional and transgressive It argues that geographical imaginings of this city as the gay capital formed activism that sought positive social change for LGBT people The possibilities of legislative change and urban inclusivities enabled some LGBT people to live ordinary lives but this potential existed in tension with normalisations and exclusions Alongside the necessary critiques Ordinary in Brighton asks for conceptualisations of the creative and co operative possibilities of ordinariness The book concludes by differentiating the exclusionary ideals of normalisation from the possibilities of ordinariness which has the potential to render a range of people not only in place but commonplace All royalties from this book will be donated to Allsorts Youth Project Brighton Hove LGBT Switchboa

**Figurations of Violence and Belonging** Adi Kuntsman, 2009 This book offers a critical analysis of the complex relationship between violence and belonging by exploring the ways sexual ethnic or national belonging can work through rather than against violence Based on an ethnographic study of Russian speaking queer immigrants in Israel Palestine and in

cyberspace it gives an insight into the world of hate speech and fantasies of torture and sexual abuse of tormented subjectivities and uncanny homes of ghostly hauntings from the past and anxieties about the present and future The author raises questions about the responsibilities of national homemaking the complicity of queerness within violent regimes of colonialism and war and the ambivalence of immigrant belonging at the intersection of marginality and privilege Drawing from scholarship on migration diaspora and race studies feminist and queer theory psychoanalysis and studies on cyberculture the book traces the interplay between the different forms of violence physical and verbal social and psychic material and discursive and offers novel insights into the analysis of nationalism on line sociality and queer migranhood

**Organizing Silence** Robin Patric Clair,1998-10-01 A thought provoking look at how silence is embedded in our language society and institutions Sexual harassment is explored as an example *Lesbian and Gay Studies* Theo Sandfort,Judith Schuyf,Jan Willem Duyvendak,Jeffrey Weeks,2000-07-19 This timely book seeks to demonstrate the coherence of lesbian and gay studies It introduces the reader to the principal inter disciplinary approaches in the field and critically assesses their strengths and weaknesses whilst asking What is lesbian and gay studies When did it emerge And what are its achievements and research agenda The gay and lesbian movement has emerged as a major political and cultural force It poses a series of far reaching questions about the organization of identity the operation of power and the limits of tolerance Lesbian and Gay Studies has emerged as a vital and enriching field It offers challenges to more traditional disciplines and requires new forms of thought about the connections between academic work and personal politics **Feminist Debates** Valerie Bryson,1999-05-21 Are women still oppressed Is paid employment the key to liberation Should pornography be banned Do women have an absolute right to abortion Can women in government really make a difference This book draws on a wide range of theoretical empirical and comparative material to provide a lucid account of feminist debates and the ways in which political disagreements stem from underlying theoretical assumptions Clear and balanced in its assessment of different problems and perspectives it offers an essential guide to contemporary feminist thinking and practice Domestic Violence in Iran Zahra Tizro,2013-06-17 This book offers a new methodological and theoretical approach to the highly sensitive and complicated issue of violence against women in contemporary Iran Challenging the widespread notion that secularisation and modernisation are the keys to emancipating women the author instead posits that domestic violence is deeply rooted in society and situated in the fundament of current discourses Investigating how orthodox jurisprudence as mainstream discourse together with social legal and public norms help to perpetuate the production and reproduction of physical psychological sexual and economical violence against women the author presents and reflects upon narratives experiences and the social realities accounting for domestic violence against women Drawing on qualitative empirical research she theorises that the notion of secularization and modernisation helping to overcome such violence is to some extent represented by Islamic feminism secular feminism and religious intellectualism all of which are methodologically examined in

the analysis Challenging conventional wisdom regarding women s place in Iran and in wider Islamic society this book offers a new insight into violence against Muslim women and as such will be an important addition to the existing literature in the areas of gender studies Middle Eastern and Islamic studies and Iranian studies      *Sexualities: Sexualities and their futures* Kenneth Plummer,2002 Volume 3 Difference and Diversity of Sexualities This section examines the politics power and critique of sexual categories including bisexuality sex addiction prostitution and sadomasochism      War, Citizenship, Territory Deborah Cowen,Emily Gilbert,2024-11-01 For all too obvious reasons war empire and military conflict have become extremely hot topics in the academy Given the changing nature of war one of the more promising areas of scholarly investigation has been the development of new theories of war and war s impact on society War Citizenship Territory features 19 chapters that look at the impact of war and militarism on citizenship whether traditional territorially bound national citizenship or transnational citizenship The editors argue that while there has been an explosion of work on citizenship and territory Western academia s avoidance of the immediate effects of war among other things has led them to ignore war which they contend is both pervasive and well nigh permanent This volume sets forth a new geopolitically based theory of war s transformative role on contemporary forms of citizenship and territoriality and includes empirical chapters that offer global coverage
