# Power In The Caribbean Basin A Comparative Study Of Political Economy

**David Baud**

## **Power In The Caribbean Basin A Comparative Study Of Political Economy:**

**Power in the Caribbean Basin** Carl Stone,1986      **Caribbean Political Economy at the Crossroads** D.

Marshall,1998-09-23 There are a variety of crisis symptoms confronting the Commonwealth Caribbean as the 21st century dawns Global changes are quickly rendering the region s traditional economic platform obsolete This book suggests however that the expanding NAFTA or the hemispheric turn towards bloc formation can offer a way out for the Caribbean Politics must be brought back into the regionalisation process for each island government is witnessing the narrowing of the range of its state power by powerful TNCs international financial institutions Washington interests and corporate backed WTO commissions      *Democracy And Human Rights In The Caribbean* Ivelaw L Griffith,Betty N. Sedoc-Dahlberg,2018-02-02 The

Caribbean like regions elsewhere is caught in what has been called democracy s global Third Wave In this volume contributors examine the nature of democratization in the region together with its affiliate human rights The aim is to extend the analysis and debates beyond political democracy and civil and political rights to consider also economic democracy and economic and social rights Early chapters address issues and dilemmas common to the democracy and human rights landscape throughout the region In particular economic crisis drug trafficking and political instability continue to threaten the region s very healthy democracy human rights profiles Next contributors consider how the form of Caribbean democracy and the status of human rights have been influenced by foreign actors and external developments Particular attention is paid to the role of the Organization of American States the United Nations nongovernmental organizations and international law Because the democracy and human rights challenges and dynamics vary across countries the work also offers extensive single country assessments      **The Political History of CARICOM** Anthony Payne,2008 This book is a revision of Anthony

Payne s *The Politics of the Caribbean Community 1961 79* Regional Integration amongst New States and is the only one of its kind to offer a full account of the period from the end of Federation to the beginning and early years of CARICOM Expanding on the previous publication a third section has been added that picks up on the in depth analysis which ended at 1979 discussing events from 1980 2007 including the CARICOM Single Market and Economy The volume is divided into three parts Part I Origins and Establishment 1961 73 Part II Issues and Structures 1974 79 Part III Events 1980 2007 which give an overview of the regional integration movement and its antecedents making it suitable for students at the undergraduate and graduate levels      **The Political Economy of Colonialism** Sherrie L. Baver,1993-07-30 This study examines how

Puerto Rico s industrial development process has shaped and been shaped by the state relations with Washington and Puerto Rican society especially in light of the economic crises of the 1970s and 1980s Sherrie Baver posits that Puerto Rico s extreme integration into the U S political economy was an unintended consequence of the development model and that its result has been a state whose tasks such as securing an environment for private capital accumulation and income redistribution have become increasingly regulated by the federal government challenging Puerto Rico s commonwealth

status Recommended for scholars of Latin American Politics and Third World Development      *Dependency and Socialism in the Modern Caribbean* Euclid A. Rose, 2002-01-01 Was the Anglophone Caribbean condemned by its colonial history to permanent conditions of dependency and by Cold War geopolitical realities to international interventionism In *Dependency and Socialism in the Modern Caribbean* Euclid Rose focuses upon the efforts made by the English speaking Caribbean through case studies that compare and contrast the political economies of Guyana Jamaica and Grenada to break out of the legacy of colonial dependency and underdevelopment through the implementation of a Caribbean brand of socialism The work considers the Caribbean s adoption of Fabian style socialism as an alternative to capitalist development and how these socialist policies were impacted by differences in infrastructure capacity economic and social resources and political agendas It highlights the pivotal role of race and class and the hitherto little studied impact of religion on the region s political economy Moreover the study calculates the impact of the global economy upon Caribbean socio economic conditions and the ideological geopolitical and strategic implications of the Cold War and the Caribbean s socialist alignment on the nature character and intensity of British and American interventionism in the region A must read for political economists in search of a greater understanding of the postcolonial political economy of the Caribbean and Latin America      **Dutch Caribbean: Prospects Demo** Betty N Sedoc- Dahlberg, 2021-11-14 First Published in 1990 This volume of essays on the Dutch Caribbean considers areas that are of increasing importance on the international scene and on which little has been written The Dutch Caribbean shares many of the features of the French Spanish and English speaking Caribbean Like these other linguistic zones the Dutch Caribbean emerged from a history of slavery and colonialism with economies rooted in or characterized by the plantation system      *The Jamaican People, 1880-1902* Patrick E. Bryan, 2000 A description of the period in Jamaica s history that follows the abolition of slavery up to the introduction of universal adult suffrage The author analyzes the social intellectual and political history of the era including health law labour and the ideas of the black intelligentsia      *The Modern Caribbean* Franklin W. Knight, Colin A. Palmer, 2014-07-01 This collection of thirteen original essays by experts in the field of Caribbean studies clarifies the diverse elements that have shaped the modern Caribbean Through an interdisciplinary examination of the complexities of race politics language and environment that mark the region the authors offer readers a thorough understanding of the Caribbean s history and culture The essays also comment thoughtfully on the problems that confront the Caribbean in today s world The essays focus on the Caribbean island and the mainland enclaves of Belize and the Guianas Topics examined include the Haitian Revolution of the late eighteenth and early nineteenth centuries labor and society in the nineteenth century Caribbean society and culture in the British and French West Indies since 1870 identity race and black power in Jamaica the February Revolution of 1970 in Trinidad contemporary Puerto Rico politics economy and society in twentieth century Cuba Spanish Caribbean politics and nationalism in the nineteenth century Caribbean migrations economic history of the British Caribbean international relations and nationalism

nation and ideology in the evolution of Caribbean literature The authors trace the historical roots of current Caribbean difficulties and analyze these problems in the light of economic political and social developments Additionally they explore these conditions in relation to United States interests and project what may lie ahead for the region The challenges currently facing the Caribbean note the editors impose a heavy burden upon political leaders who must struggle to eliminate the tensions when the people are so poor and their expectations so great The contributors are Herman L Bennett Bridget Brereton David Geggus Franklin W Knight Anthony P Maingot Jay R Mandle Roberto M rquez Teresita Mart nez Vergne Colin A Palmer Bonham C Richardson Franciso A Scarano and Blanca G Silvestrini *Competitive Authoritarianism* Steven Levitsky, Lucan A. Way, 2010-08-16 Based on a detailed study of 35 cases in Africa Asia Latin America and post communist Eurasia this book explores the fate of competitive authoritarian regimes between 1990 and 2008 It finds that where social economic and technocratic ties to the West were extensive as in Eastern Europe and the Americas the external cost of abuse led incumbents to cede power rather than crack down which led to democratization Where ties to the West were limited external democratizing pressure was weaker and countries rarely democratized In these cases regime outcomes hinged on the character of state and ruling party organizations Where incumbents possessed developed and cohesive coercive party structures they could thwart opposition challenges and competitive authoritarian regimes survived where incumbents lacked such organizational tools regimes were unstable but rarely democratized Modern Caribbean Politics Anthony Payne, Paul K. Sutton, 1993-03 A successor volume to the editors Dependency under Challenge The Political Economy of the Commonwealth Caribbean Manchester U Press 1984 this volume reviews political and economic developments of the 1980s not just in the Commonwealth Caribbean but in the whole of the Caribbean region in original analyses by specialist scholars in the field of Caribbean studies Paper edition unseen 15 95 Annotation copyright by Book News Inc Portland OR

**Caribbean Migration** Elizabeth M. Thomas-Hope, 2002 Annotation Originally published in 1992 this classic considers out migration from the Caribbean in a unique and sophisticated analytical manner Its comparative approach involving three islands Jamaica Barbados and St Vincent and the range of micro environments within those islands is based on data from extensive surveys and in depth interviews For the first time analysis of the migration process reflects the perspective of Caribbean potential migrants themselves BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Continuing Perspectives on the Black Diaspora Aubrey W. Bonnett, Calvin B. Holder, 2009-07-16 Continuing Perspectives on the Black Diaspora is a response to a 1990 publication that studied the persistence and resilience of black African diasporic populations in the Caribbean Latin America North America and the United Kingdom In that book the authors used the themes of persistence and resilience to interrogate the social processes and the coping repertoire of these diasporic populations This volume investigates the often overlooked African presence in Asia Researchers sought to determine how many of these diasporic populations have fared in the context of political independence globalization

economic marginalization and the presence of ethnic conflict and institutional racism even with positive class formations and declining significance of race in other geographical areas Prescriptions for the continued viability of these diasporic populations are provided India and China are undergoing a global renaissance emerging as potentially significant economic political and cultural actors on the world scene Meanwhile ancestral Africa is still socially politically and economically fragmented thereby causing a new migratory push to North America and Europe

*Caribbean Community: the Struggle for Survival* Kenneth Hall, Myrtle Chuck-A-Sang, 2012-03-06 The papers which comprise this publication The Caribbean Community The Struggle for Survival represents the Editor's choice from among thousands of articles books and other commentaries that have provided clear and reasoned responses and solutions to inform and guide Caribbean leadership and the people of the Region They also take a comprehensive look at regional intergration and serve as a guide to those with an interest in following the development in the Caribbean Community The book offers prescriptions for our success as a Community which are predicated on advice regarding what our political leaders should do in a normal context of the evolution of the Community These prescriptions are based on sound scholarship and competent analysis The book is an invaluable addition to the existing literature on Caribbean integration and should be part of any compendium on the study of the subject

Violence and Power Ken G. Irish-Bramble, 2018-05-02 Violence and Power is a collection of original essays written by Dr Ken G Irish Bramble The essays were all written while the author was a graduate student at NYU The essays cover a wide range of topics in the field of political science and Caribbean studies While they are somewhat dated they each cover timeless topics and provide meaningful insight

**Politics and Development in the Caribbean Basin** Jean Grugel, 2015-12-31 This wide ranging thematic and comparative text analyses the origins and nature of the developmental and political crises of the region and the reasons for their recent intensification It covers all the Central American states and the largest Caribbean island territories Jamaica Cuba The Dominican Republic Haiti and Puerto Rico as well as Panama and Grenada assessing their common experiences as small economies living in the shadow of the United States but also highlighting key differences

*Gangs in the Caribbean* Randy Seepersad, 2013-09-17 The present volume represents the first published book on gangs in the Caribbean The study of criminal gangs is both timely and of the utmost importance to policy and security in the region In many countries across the Caribbean criminal gangs are increasing in number and prominence and official crime data indicate that they are responsible for an increasing proportion of violent crimes The Caribbean region experienced a dramatic increase in murder rates from 14.3 murders per 100 000 inhabitants in 2000 to 28.1 murders per 100 000 inhabitants in 2010 In some of the countries with comparatively high murder rates such as Jamaica and Trinidad and Tobago the proportion of gang related murders has reached alarming levels In the case of Trinidad and Tobago for example for the period 2001 to 2012 29.5% of all murders which occurred were classified as gang related with fully 38% being so classified in 2012 The Caribbean represents a diverse region with very different cultures and security

issues Foreign experiences and research on gangs may not generalize to the region nor may foreign policy be entirely relevant The present volume represents an attempt to come to terms with the phenomenon of gangs in the Caribbean and presents a wealth of empirical data as well as an analysis of the varying issues from a number of disciplinary perspectives Much of what is currently known about gangs in the Caribbean is brought together in this volume with the primary aims of understanding the varying issues and examining relevant strategies for dealing with the proliferation of criminal gangs

**Civilian Rule In The Developing World** Constantine P. Danopoulos,2019-03-07 This book presents a number of case studies focusing on the factors methods and means of civilian control of the military in Sri Lanka India Malaysia the

Philippines Guyana Jamaica Jordan Saudi Arabia Morocco Cameroon Kenya Tanzania and Zambia **Poverty and Life**

**Expectancy** James C. Riley,2005-07-18 A multidisciplinary study that reconstructs Jamaica's rise from low to high life expectancy and explains how that was achieved Jamaica is one of the small number of countries that has attained a life

expectancy nearly matching that in richer countries despite having a much lower level of per capita income Explorations in Urban Theory Michael Peter Smith,2017-07-12 For over three decades urban theorist Michael Peter Smith has engaged in constructing innovative theories on central research questions in urban studies This book brings together his views on the state of urban theory sorting out the changing strengths and weaknesses in the field Smith refocuses attention on the cultural social and political practices of urban inhabitants particularly the way in which their everyday activities have contributed to the social construction of new ethnic identities and new meanings of urban citizenship Combining the methods of political economy and transnational ethnography he encourages us to think about new political spaces for practicing urban citizenship by analyzing the connections linking cities to the web of relations to other localities in which they are embedded Smith systematically analyzes the dynamics of community power and urban change under new globalizing trends and increased transnational mobility Expanding on his original conceptualization of transnational urbanism he frames urban political life within a wider transnational context of political practice in which an endless interplay of distinctly situated networks social practices and power relations are fought out at multiple scales in an inexorable politics of inclusion and exclusion
