Power Morals And The Founding Fathers Essays In The Interpretation Of The American Enlightenment:

Power, Morals, and the Founding Fathers Adrienne Koch,1961 This book explores Franklin John Adams Jefferson Madison and Hamilton and shows how they saw a need to maintain a constant balance between power and morals **The Bloomsbury Encyclopedia of the American Enlightenment** Mark G. Spencer,2015-01-01 **The Enlightenment in America, 1720-1825 Vol 1** Jose R Torre,2024-10-28 Aims to modify the periodization for the American Enlightenment Americans did accept an early and moderate Enlightenment characterised by the work of Locke and Newton This collection highlights the functional nature of the Enlightenment in America America and Enlightenment Constitutionalism G. McDowell,J. O'Neill,2006-09-18 Please note this is a Palgrave to Order title PTO Stock of this book requires shipment from an overseas supplier It will be delivered to you within 12 weeks This book shows in detail the Enlightenment origin of the US Constitution It provides vivid analysis of how the Enlightenment s basic ideas were reformulated in the context of America

The Bloomsbury Encyclopedia of Philosophers in America John R. Shook,2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history **Encyclopedia of the American Enlightenment** Mark G. Spencer,2015-01-01 The first

reference work on one of the key subjects in American history filling an important gap in the literature with over 500 original essays *The Worlds of American Intellectual History* Joel Isaac,James T. Kloppenberg,Michael O'Brien,Jennifer Ratner-Rosenhagen,2017 The Worlds of American Intellectual History follows American thinkers and their ideas as they have crossed national institutional and intellectual boundaries The volume explores ways in which American ideas have circulated in different cultures It also examines the multiple sites from social movements museums and courtrooms to popular and scholarly books and periodicals in which people have articulated and deployed ideas within and beyond the borders of the United States The Quarterly Journal of the Library of Congress Library of Congress,1980 **Palatines, Liberty, and Property** A. G. Roeber,1998-05-08 Historians usually look for the origins of American political culture among English

speaking people and British constitutional and legal sources Yet German immigrants to the colonies also contributed to and developed for themselves an American political consciousness In *Palatines Liberty and Property* A G Roeber focuses on this neglected subject and explains why so many Germans when they faced critical choices in 1776 became active supporters of the patriot cause Employing a variety of German language sources Roeber explores German conceptions of personal and public property in the context of cultural and religious beliefs village life and family concerns He follows all the major German migration streams beginning with the Palatines in New York and including Germans who settled in Pennsylvania Virginia South Carolina and Georgia Roeber s study of German American ideas about liberty and property provides a unique perspective within a growing historiography on the transfer of culture and beliefs from Europe and Africa to America

General and Mrs. Washington Bruce Chadwick,2007-10 Discover the startling role of America s First Couple in shaping the country s future **The Political Philosophy of Benjamin Franklin** Lorraine Smith Pangle,2007-09-28 One of the very finest introductions to this remarkable American s thought Ralph Ketcham Claremont Review of Books He invented the wood burning stove and the lightning rod he wrote *Poor Richard s Almanac* and *The Way to Wealth* and he traveled the world as a diplomat But it was in politics that Benjamin Franklin made his greatest impact Franklin s political writings are full of fascinating reflections on human nature on the character of good leadership and on why government is such a messy and problematic business Drawing together threads in Franklin s writings Lorraine Smith Pangle illuminates his thoughts on citizenship federalism constitutional government the role of civil associations and religious freedom Of the American Founders Franklin had an unrivaled understanding of the individual human soul At the heart of his political vision is a view of democratic citizenship a rich understanding of the qualities of the heart and mind necessary to support liberty and sustain happiness This concise introduction reflects Franklin s valuable insight into political issues that continue to be relevant today *Jefferson's Declaration of Independence* Allen Jayne,2021-09-15 Allen Jayne analyzes the ideology of the Declaration of Independence and its implications by going back to the sources of Jefferson s ideas Bolingbroke Kames Reid and Locke He concludes that the Declaration must be read as an attack on two claims of absolute authority that of government over its subjects and of religion over the minds of men Today s world is more secular than Jefferson s and the importance of philosophical theology in eighteenth century critical thought must be recognized in order to understand fully and completely the Declaration s implications Jayne addresses this need by putting religion back into the discussion

Alexander Hamilton and the Persistence of Myth Stephen F. Knott,2002-02-15 Alexander Hamilton and the Persistence of Myth explores the shifting reputation of our most controversial founding father Since the day Aaron Burr fired his fatal shot Americans have tried to come to grips with Alexander Hamilton s legacy Stephen Knott surveys the Hamilton image in the minds of American statesmen scholars literary figures and the media explaining why Americans are content to live in a Hamiltonian nation but reluctant to embrace the man himself Knott observes that Thomas Jefferson and his followers

and later Andrew Jackson and his adherents tended to view Hamilton and his principles as un American While his policies generated mistrust in the South and the West where he is still seen as the founding plutocrat Hamilton was revered in New England and parts of the Mid Atlantic states Hamilton s image as a champion of American nationalism caused his reputation to soar during the Civil War at least in the North However in the wake of Gilded Age excesses progressive and populist political leaders branded Hamilton as the patron saint of Wall Street and his reputation began to disintegrate Hamilton s status reached its nadir during the New Deal Knott argues when Franklin Roosevelt portrayed him as the personification of Dickensian cold heartedness When FDR erected the beautiful Tidal Basin monument to Thomas Jefferson and thereby elevated the Sage of Monticello into the American Pantheon Hamilton as Jefferson s nemesis fell into disrepute He came to epitomize the forces of reaction contemptuous of the great beast the American people In showing how the prevailing negative assessment misrepresents the man and his deeds Knott argues for reconsideration of Hamiltonianism which rightly understood has much to offer the American polity of the twenty first century Remarkably at the dawn of the new millennium the nation began to see Hamilton in a different light Hamilton s story was now the embodiment of the American dream an impoverished immigrant who came to the United States and laid the economic and political foundation that paved the way for America s superpower status Here in Stephen Knott s insightful study Hamilton finally gets his due as a highly contested but powerful and positive presence in American national life

Celebrating the Bicentennial of the U.S. Constitution, 1987-1991, 1988 **Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History** James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence the outlines of America s distinctive political culture economic system social life and cultural patterns had begun to emerge Designed to complement the high school American history curriculum as well as undergraduate survey courses *Colonial America: An Encyclopedia of Social Political Cultural and Economic History* captures it all the people institutions ideas and events of the first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic *Colonial America* sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America s colonial heritage vibrantly to life for today s readers It includes thematic essays on major issues and topics detailed A Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes *John Adams* John Ferling, 2010-02-09

John Ferling has nearly forty years of experience as a historian of early America. The author of acclaimed histories such as *A Leap into the Dark* and *Almost a Miracle*, he has appeared on many TV and film documentaries on this pivotal period of our history. In *John Adams: A Life*, Ferling offers a compelling portrait of one of the giants of the Revolutionary era. Drawing on extensive research, Ferling depicts a reluctant revolutionary, a leader who was deeply troubled by the warfare that he helped to make, and a fiercely independent statesman. The book brings to life an exciting time, an age in which Adams played an important political and intellectual role. Indeed, few were more instrumental in making American independence a reality. He performed yeoman's service in the Continental Congress during the revolution and was a key figure in negotiating the treaty that brought peace following the long War of Independence. He held the highest office in the land, and as president, he courageously chose to pursue a course that he thought best for the nation, though it was fraught with personal, political, and dangers. Adams emerges here as a man full of contradictions. He could be petty and jealous, but also meditative, insightful, and provocative. In private and with friends, he could be engagingly witty. He was terribly self-centered, but in his relationship with his wife and children, his shortcomings were tempered by a deep abiding love. John Ferling's masterful *John Adams: A Life* is a singular biography of the man who succeeded George Washington in the presidency and shepherded the fragile new nation through the most dangerous of times. [American Philosophy: An Encyclopedia](#) John Lachs, Robert B. Talisse, 2008-03-31

The *Encyclopedia of American Philosophy* provides coverage of the major figures, concepts, historical periods, and traditions in American philosophical thought. Containing over 600 entries written by scholars who are experts in the field, this Encyclopedia is the first of its kind. It is a scholarly reference work that is accessible to the ordinary reader by explaining complex ideas in simple terms and providing ample cross references to facilitate further study. The *Encyclopedia of American Philosophy* contains a thorough analytical index and will serve as a standard, comprehensive reference work for universities and colleges. Topics covered include: Great philosophers: Emerson, Dewey, James, Royce, Peirce, Santayana. Subjects: Pragmatism, Progress, the Future, Knowledge, Democracy, Growth, Truth, Influences on American Philosophy: Hegel, Aristotle, Plato, British Enlightenment, Reformation, Self Assessments. Joe Margolis, Donald Davidson, Susan Haack, Peter Hare, John McDermott, Stanley Cavell. Ethics: Value, Pleasure, Happiness, Duty, Judgment, Growth. Political Philosophy: Declaration of Independence, Democracy, Freedom, Liberalism, Community, Identity. [A History of Women Philosophers](#) M.E. Waithe, 2013-03-07. Like their predecessors and like their male counterparts, most women philosophers of the 20th century have significant expertise in several specialities. Moreover, their work represents the gamut of 20th century philosophy's interests in moral pragmatism, logical positivism, philosophy of mathematics, of psychology, and of mind. Their writings include feminist philosophy, classical moral theory reevaluated in light of Kant, Mill, and the 19th century feminist and abolitionist movements, and issues in logic and perception. Included in the fourth volume of the series are discussions of L. Susan Stebbing, Edith Stein, Hedwig Conrad Martius, Simone de Beauvoir, Simone Weil, Mary Whiton Calkins, Gerda Walther, and others. While pre-20th century women

philosophers were usually self educated those of the 20th century had greater access to academic preparation in philosophy Yet for all the advances made by women philosophers over two and a half millennia the philosophers discussed in this volume were sometimes excluded from full participation in academic life and sometimes denied full professional academic status

Annual Bibliography of English Language and Literature John Horden,1973 **Thomas Jefferson and the Rhetoric of Virtue** James L. Golden,Alan L. Golden,2002 Jefferson s commitment to virtue the authors argue helps explain his interest in rhetoric just as a study of his rhetorical philosophy leads to a deeper understanding of his commitment to virtue BOOK JACKET
