Geography (without Subregions) Lydia Mihelic Pulsipher, Alex Pulsipher, 2005-03-18 More than any other text for the course Pulsipher's World Regional Geography WRG shows students how individuals are affected by and respond to economic social and political forces at all levels of scale global regional subregional local It offers a vivid and inclusive picture of people in a globalizing world men women children both mainstream and marginalized citizens not as seen from a Western perspective but as they see themselves The core topics of physical economic cultural and political geography are examined from a contemporary perspective based on authoritative insights from the most recent geographic theory Two Versions of the Text Available World Regional Geography Global Patterns Local Lives Without Subregions Third Edition 475 pages January 2005 2006 0 7167 6825 9 Text with Optional Student CD ROM 0 7167 6843 7 World Regional Geography Global Patterns Local Lives With Subregions Third Edition 625 pages January 2005 2006 0 7167 1904 5 Text with Optional Student CD ROM 0 7167 6258 7 Regions with Goodes Atlas Set Deblij, 2001-05 **Embodiments of Cultural Encounters** Sebastian

Jobs, Gesa Mackenthun, 2011 The meeting of members of different cultures frequently conceptualized in abstract terms always involves the meeting of human bodies This volume brings together contributions by scholars of various disciplines that address physical aspects and effects of cultural encounters in historical and present day settings Bodies were and are not only markers of cultural identity and difference endlessly inscribed and represented as the body politic or the exotic other as battlegrounds of cross cultural signification and identification bodies are also potential agents of change While some essays address the elusiveness of the real or material body forever lost behind a veil of textual and visual representation others analyze the performative effect of such representations their function of disciplining colonized bodies and subjects by

integrating them into Western systems of cultural signification and scientific classification Yet as the volume also shows formerly colonized people far from subjecting themselves completely to Western discourses of physical discipline retain traditional body practices whether in food culture religious ritual or musical performances Such local reinscriptions escape the grip of Western culture and transform the global semantics of the body *World Regional Geography* Lydia Mihelic Pulsipher,Alex Pulsipher,2010-12-10 Like no other textbook Pulsipher and Pulsipher s *World Regional Geography* puts a human face on the study of regional geography showing how larger geographical forces affect the lives of individuals and communities around the globe It s a refreshing people centered approach to the subject focusing on the stories of real people global trends and interregional linkages and contemporary topics that transcend regional borders the war on terrorism global political order interregional trade the global economy popular culture the environment and the Internet **World Regional Geography Concepts** Lydia Mihelic Pulsipher,Alex Pulsipher,Conrad M. Goodwin,2009-03-27 The authors of *World Regional Geography* have answered the need for an exceptionally brief textbook for the evolving world regional course In *World Regional Geography Concepts* eight major thematic concepts frame the coverage and give students a way of approach the wealth of information in the text Like the Pulsiphers longer text *World Regional Geography Concepts* emphasizes global trends and the interregional linkages that are changing lives throughout the world humanizes geographical issues by representing the lives of women men and children in various regions of the globe **Understanding World Regional Geography** Erin H. Fouberg,William G. Moseley,2017-12-27 *Understanding World Regional Geography* UWRG is a course designed to teach students to think and apply geographic concepts long after the course is over Author Erin Fouberg draws from her expertise in geography education and research in student learning to create a product that has a strong pedagogical framework designed to engage students and deepen their understanding of the world by having them DO Geography UWRG includes features that help students learn to read cultural and physical landscapes ask geographic questions apply geographic concepts and make connections It integrates 25 threshold concepts and teaches students how geographers apply these concepts and asks them to apply these concepts themselves This enables them to grasp the complexities of the world and provides them with the knowledge and thinking skills necessary to understanding it UWRG is the first introductory course to integrate ESRI ArcGIS Online thematic maps enabling students to engage with course materials see patterns and answer geographic questions **International Studies** Stanley W Toops,Mark Allen Peterson,Sheldon Anderson,2018-04-24 This core text is the first to provide a much needed interdisciplinary approach to international studies Emphasizing the interconnected nature of history geography anthropology economics and political science *International Studies* details the methodologies and subject matter of each discipline then applies these discipline lenses to seven regions Europe East Asia and the Pacific South and Central Asia sub Saharan Africa the Middle East and North Africa Latin America and North America This disciplinary and regional combination provides an indispensable cohesive

framework for understanding global issues The fully updated fourth edition includes four new global issues chapters The Refugee Crisis in Europe The Syrian Civil War and the Rise of the Islamic State Global Climate Change and The Globalization of Modern Sports World Regional Geography (without Subregions) Loose Leaf Lydia Mihelic Pulsipher,Alex Pulsipher,2008-03-15 The Power of Place Harm de Blij,2008-07-21 The world is not as mobile or as interconnected as we like to think As Harm de Blij argues in The Power of Place in crucial ways from the uneven distribution of natural resources to the unequal availability of opportunity geography continues to hold billions of people in its grip We are all born into natural and cultural environments that shape what we become individually and collectively From our mother tongue to our father s faith from medical risks to natural hazards where we start our journey has much to do with our destiny Hundreds of millions of farmers in the river basins of Asia and Africa and tens of millions of shepherds in isolated mountain valleys from the Andes to Kashmir all live their lives much as their distant ancestors did remote from the forces of globalization Incorporating a series of persuasive maps De Blij describes the tremendously varied environments across the planet and shows how migrations between them are comparatively rare De Blij also looks at the ways we are redefining place so as to make its power even more potent than it has been with troubling implications
