**Fiction, 1876-1983: Authors** R.R. Bowker Company. Department of Bibliography, R.R. Bowker Company. Publications Systems Department, 1983 **Bowker's Guide to Characters in Fiction 2007**, 2008-02 The Big Myth Naomi Oreskes, Erik M. Conway, 2023-02-21 A carefully researched work of intellectual history and an urgently needed political analysis Jane Mayer A scorching indictment of free market fundamentalism and how we can change before it's too late Esquire Best Books of Winter 2023 The bestselling authors of Merchants of Doubt offer a profound startling history of one of America's most tenacious and destructive false ideas the myth of the free market In their bestselling book Merchants of Doubt Naomi Oreskes and Erik M Conway revealed the origins of climate change denial Now they unfold the truth about another disastrous dogma the magic of the marketplace In the early 20th century business elites trade associations wealthy powerbrokers and media allies set out to build a new American orthodoxy down with big government and up with unfettered markets With startling archival evidence Oreskes and Conway document campaigns to rewrite textbooks combat unions and defend child labor They detail the ploys that turned hardline economists Friedrich von Hayek and Milton Friedman into household names recount the libertarian roots of the Little House on the Prairie books and tune into the General Electric sponsored TV show that beamed free market doctrine to millions and launched Ronald Reagan's political career By the 1970s this propaganda was succeeding Free market ideology would define the next half century across Republican and Democratic administrations giving us a housing crisis the opioid scourge climate destruction and a baleful response to the Covid 19 pandemic Only by understanding this history can we imagine a future where markets will serve not stifle democracy

**Tempting Fate** Paul C. Avey, 2019-11-15 Unpacking of the dynamics of conflict under conditions of nuclear monopoly Paul C Avey argues in Tempting Fate that the costs and benefits of using nuclear weapons create openings that weak nonnuclear actors can exploit Avey uses four case studies to show the key strategies available to nonnuclear states Iraqi decision making under Saddam Hussein in confrontations with the United States Egyptian leaders thinking about the Israeli nuclear arsenal during wars in 1969 70 and 1973 Chinese confrontations with the United States in 1950 1954 and 1958 and a dispute that never escalated to war the Soviet United States tensions between 1946 and 1948 that culminated in the Berlin Blockade Strategies employed include limiting the scope of the conflict holding chemical and biological weapons in reserve seeking outside support and leveraging international non use norms Avey demonstrates clearly that nuclear weapons cast a

definite but limited shadow and while the world continues to face various nuclear challenges understanding conflict in nuclear monopoly will remain a pressing concern for analysts and policymakers Thanks to generous funding from Virginia Tech and its participation in TOME the ebook editions of this book are available as Open Access volumes available from Cornell Open [cornellpress.cornell.edu/cornell-open](https://cornellpress.cornell.edu/cornell-open) and other repositories

*Midway* Mark Stille, 2024-09-12 A detailed re examination of Midway one of the most significant battles in the Pacific Theater of World War II In April 1942 the Combined Fleet of the Imperial Japanese Navy was at the zenith of its power It had struck a severe blow against the US Navy at Pearl Harbor in December 1941 before spearheading the Japanese advance through Southeast Asia and rampaging across the South Pacific Only a few months later in June 1942 the US Navy managed to inflict a decisive defeat on this mighty force off Midway Atoll and the strategic initiative in the Pacific Theater passed to the US Navy Midway is the most famous naval battle of the Pacific War and one of the most mythologized The traditional view of the battle popularized in its immediate aftermath and surviving through to the present day is of a heavily outnumbered American force snatching victory in the face of overwhelming odds This view is simplistic and in many respects wrong Pacific War expert Mark Stille provides a detailed analysis of this pivotal battle and argues that Midway was neither a miraculous American victory nor a product of good fortune but that the plans personalities doctrines ships and weapons of the two sides meant that a Japanese defeat was the more likely outcome This new study provides an unparalleled level of insight and thorough analysis into one of the decisive moments of the Pacific War

*The Engineer*, 1881

*Tragedy in Athens* David Wiles, 1999-08-19 This book examines the performance of Greek tragedy in the classical Athenian theatre David Wiles explores the performance of tragedy as a spatial practice specific to Athenian culture at once religious and political After reviewing controversies and archaeological data regarding the fifth century performance space Wiles turns to the chorus and shows how dance mapped out the space for the purposes of any given play The book shows how performance as a whole was organised and through informative diagrams and accessible analyses Wiles brings the theatre of Greek tragedy to life

*The New Testament of Our Lord and Saviour Jesus Christ*, 1850

*Chinese Foreign Policy Under Xi* Tiang Boon Hoo, 2017-02-17 There has been a discernable calibration of Chinese foreign policy since the ascension of Xi Jinping to the top leadership positions in China The operative term here is adjustment rather than renovation because there has not been a fundamental transformation of Chinese foreign policy or setting up of a new kitchen in foreign affairs Several continuities in Chinese diplomacy are still evident The People's Republic of China PRC has not wavered from its overarching strategy of rising through peaceful development The PRC is still an active participant and leader in or shaper of global and regional regimes even as it continues to push for reforms of the extant order towards an arrangement which it thinks will be less unjust and more equitable It seeks to better link up with the international track perhaps even more so under Xi's stewardship Yet amidst these continuities it is clear that there have been some profound shifts in China's foreign policy From the enunciation of strategic slogans such as the Asian security concept

and major country diplomacy with Chinese characteristics the creation of the China led and initiated Asian Infrastructure Investment Bank the pursuit of Xi's signature foreign policy initiative the One Belt One Road to a purportedly more assertive and resolute defense of China's maritime territorial interests in East Asia examples of these foreign policy calibrations both patent and subtle abound In short this has not been a complete metamorphosis but there are real changes with important repercussions for China and the international system The burning questions then are What Where How and Why What are these key foreign policy adjustments Where and how have these occurred in Chinese diplomacy And what are the reasons or drivers that inform these changes This book seeks to capture these changes Featuring contributions from academics think tank intellectuals and policy practitioners all engaged in the compelling business of China watching the book aims to shed more light on the calibrations that have animated China's diplomacy under Xi a leader who by most accounts is considered the most powerful Chinese *numero uno* since Deng Xiaoping

### **The Plays and Poems of Nicholas Rowe** Stephen

Bernard, 2020-06-14 Nicholas Rowe was the first Poet Laureate of the Georgian era A fascinating and important yet largely overlooked figure in eighteenth century literature he is the lost Augustan His plays are important both for the way they address the political and social concerns of the day and for reflecting a period in which the theatre was in crisis This edition sets out to demonstrate Rowe's mastery of the early eighteenth century theatre especially his providing significant roles for women and examines the political and historical stances of his plays It also highlights his work as a translator which was both innovative and deeply in tune with current practices as exemplified by John Dryden and Alexander Pope This is the first scholarly edition of all Rowe's plays and poems and is accompanied by 15 musical scores and 31 black and white illustrations The first three volumes arrange his plays chronologically with the first volume presenting the early plays *The Ambitious Step* *Mother Tamerlane* and *The Fair Penitent* the second volume the middle plays *The Biter* *Ulysses* and *The Royal Convert* and the third volume his late period plays *The Tragedy of Jane Shore* and *The Tragedy of the Lady Jane Grey* The subsequent volumes cover his translation of Lucan's *Pharsalia* described by Samuel Johnson as one of the greatest productions in English poetry and his own original poetry which was often composed for specific occasions Each volume contains a newly written explanatory introduction which precedes the full edited text Appendices covering dedications prologues and epilogues performance history the related music and textual apparatus are also included The edition comes with a consolidated bibliography for ease of reference

### *The Royal Navy in the Cold War Years, 1966-1990* Edward Hampshire, 2024-07-30

During the period covered by this new book the Royal Navy faced some of its greatest challenges both at sea confronting the increasingly capable and impressive Soviet Navy and on shore when it faced policy crises that threatened the survival of much of the fleet During this remarkable period the Navy had rarely been so focussed on a single theater of war the Eastern Atlantic but also rarely so politically vulnerable The author sets out to analyze shadowing operations and confrontations at sea with Soviet ships and submarines the Navy's role in the enormous NATO and Warsaw Pact naval exercises that acted out

potential war scenarios individual operations from the Falklands and the 1990 91 Gulf War to the Beira and Armilla patrols the development of advanced naval technologies to counter Soviet capabilities policy making controversies as the three services fought for resources including the controversial 1981 Nott defense review and what life was like in the Cold War navy for ratings and officers The book the first to cover this subject in depth for more than thirty years will make use of the full range of archival sources that have been publicly available over the last two decades but of which little use has been made by historians This work is destined to become a definitive naval history of the period and also provide a fascinating and gripping narrative of a navy under threat from many directions but which survived and eventually prospered winning a remarkable victory in the far South Atlantic more than 7 000 miles from its expected battleground in the North Atlantic Elegantly written for a wide audience it will be a very significant volume for professional and enthusiast alike *Air University Library Index to Military Periodicals* ,1999 **Edge** George G. Gilman,1982-07 The Review ,1919 *Locomotive Engineering* ,1905 Railway and Locomotive Engineering ,1904
