

POWER, POLITICS, AND THE OLYMPIC GAMES

A history of the power
brokers, events, and
controversies that
shaped the Games

ALFRED E. SENN

Power Politics And The Olympic Games

Nicholas Evan Sarantakes

Power Politics And The Olympic Games:

Power, Politics, and the Olympic Games Alfred Erich Senn, 1999 Traces the history of the modern Olympic games and looks at boycotts performance enhancing drugs judging controversies corporate sponsorships and international rivalries

Dropping the Torch Nicholas Evan Sarantakes, 2011 Dropping the Torch Jimmy Carter the Olympic Boycott and the Cold War offers a diplomatic history of the 1980 Olympic boycott Broad in its focus it looks at events in Washington D C as well as the opposition to the boycott and how this attempted embargo affected the athletic contests in Moscow Jimmy Carter based his foreign policy on assumptions that had fundamental flaws and reflected a superficial familiarity with the Olympic movement These basic mistakes led to a campaign that failed to meet its basic mission objectives but did manage to insult the Soviets just enough to destroy détente and restart the Cold War The book also includes a military history of the Soviet invasion of Afghanistan which provoked the boycott and an examination of the boycott's impact four years later at the Los Angeles Olympics where the Soviet Union retaliated with its own boycott

The Cold War and the 1984 Olympic Games Philip D'Agati, 2013-06-05 The Soviet boycott of the 1984 Olympic Games is explained as the result of a complex series of events and policies that culminated in a strategic decision to not participate in Los Angeles Using IR framework D Agati develops and argues for the concept of surrogate wars as an alternative means for conflict between states

The Politics of the Olympics Alan Bairner, Gyozo Molnar, 2010-03-09 With the ever increasing global significance of the Olympic Games it has never been more topical to address the political issues that surround influence and emanate from this quadrennial sporting mega event In terms of the most recent evidence of the politics of the Olympics the 2008 Beijing Games were riddled with political messages and content from the outset and provided a global stage for protesters with numerous agendas These included to name but a few proposed boycotts potential terrorist attacks the question of open media access protests against China's political practices and attempts to interrupt the traditional torch rally Essays in this collection focus on numerous political aspects of the Olympics from a variety of different perspectives with a Glossary that contains a range of politically relevant entries relating to famous and infamous Olympic athletes Olympic movement personnel and events and broader political issues and developments which have affected the modern Games The purpose of this anthology is not to perpetuate hatred towards the concept and practices of Olympism or to regurgitate a celebratory party line Instead in addition to being informative the book offers critical engagement with the Olympics by raising awareness of the movement's political significance Consequently the essays in this anthology illustrate the strong but changing links between the modern Olympic Games and politics in general and address and discuss the key political aspects and issues with regard to the Games themselves to national and international sport organisations and to specific countries attitudes to abusing the idea ideal of the Olympics for their own political ends

Power, Politics and International Events. Udo Merkel, 2013-07-24 Although the event management field has grown considerably over the last decade critical social scientific studies of the international

events industry are rare This book intends to help fill this void It focuses on power social and political relations conflicts and controversies in the context of international events popular festivals and famous spectacles It draws on recent primary research and offers a diverse range of new and intriguing case studies for example the Arirang Festival in North Korea the Gay Games the Gymnastrada horse racing events the London 2012 Olympics regional and rural festivals the World Baseball Classic World Fairs Expos and U2 concerts The main aim of this volume is to bring the critical social scientific analysis of events festivals and spectacles more into the core of the teaching of events management degree programmes The book draws extensively upon the disciplines of politics sociology cultural studies and history In the process it addresses key themes such as political economy politics of popular culture the global and the local regionalism and globalization nations and nationalism international relations and foreign policy This groundbreaking collection of essays is unique and innovative It will be an essential source for students researchers and academics with a keen interest in critical social scientific analyses of events

The 1904 Anthropology Days and Olympic Games Susan Brownell, 2008-12-01 One of the more problematic sport spectacles in American history took place at the 1904 World's Fair in St Louis which included the third modern Olympic Games Associated with the Games was a curious event known as Anthropology Days organized by William J McGee and James Sullivan at that time the leading figures in American anthropology and sports respectively McGee recruited Natives who were participating in the fair's ethnic displays to compete in sports events with the scientific goal of measuring the physical prowess of savages as compared with civilized men This interdisciplinary collection of essays assesses the ideas about race imperialism and Western civilization manifested in the 1904 World's Fair and Olympic Games and shows how they are still relevant A turning point in both the history of the Olympics and the development of modern anthropology these games expressed the conflict between the Old World emphasis on culture and New World emphasis on utilitarianism Marked by Franz Boas's paper at the Scientific Congress the events in St Louis witnessed the beginning of the shift in anthropological research from nineteenth century evolutionary racial models to the cultural relativist paradigm that is now a cornerstone of modern American anthropology Racist pseudoscience nonetheless reappears to this day in the realm of sports *The Olympics at the Millennium* Kay Schaffer, Sidonie Smith, 2000 Exploring the cultural politics of the Olympic Games these essays investigate such topics as the emergence of women athletes as cultural commodities the orchestrated spectacles of the opening and closing ceremonies and the Gay Games Unforgettable events and decisions are also discussed **The Olympic Games** Kristine Toohey, 2007-11-08 This 2nd edition of a highly successful book published in 2000 provides a comprehensive critical analysis of the Olympic Games using a multi disciplinary social science approach This revised edition contains much new data relating to the Sydney 2000 Games and their aftermath and preparations for Athens 2004 and Beijing 2008 Games The book is broad ranging and independent in its coverage and includes the use of drugs sex testing accusations of power abuse among members of the IOC the Games as a stage for political protest media related controversies

economic costs and benefits of the Games and historical conflicts between organizers and host communities

The Olympic Games Explained Vassil Girginov, Jim Parry, S. Jim Parry, 2005 This new student textbook explores the history and meaning of the modern Olympic Games providing a comprehensive overview of Olympism from the Ancient Greeks origins through to the beginnings of the International Olympic Committee

Beijing 2008: Preparing for Glory J.A. Mangan, Dong Jinxia, 2013-09-13 Beijing 2008 Preparing for Glory Chinese Challenge in the Chinese Century brings together international scholars with an interest in sport and politics and sinologists with an interest in China past present and future to explore global reaction to the Beijing Olympics China's anticipated moment of glory on the world stage The Beijing Olympics was first and foremost a political act of assertion It was also a statement of national intent the culmination of ideological effort going back to 1949 and the outcome of political social cultural and economic change From the moment of the birth of the New China sport has been viewed as a means of internal and external projection illustrating the capacity of the system and people to more than hold their own with those of other nations In short sport has been the chosen stage on which the Chinese perform in pursuit of world recognition respect and esteem This assertion is not hard to understand China's century of humiliation at the hands of first the West and then Japan remains a traumatic experience Beijing 2008 was to assist the restoration of China's national self esteem He Zhenliang Chairman of the IOC Commission for the Culture of Olympic Education has remarked pointedly that the most significant outcome of the Beijing Games will be the elevation of the self confidence and sense of pride of the Chinese people Beijing 2008 was an act of political self renewal on the world stage This Collection demonstrates that sport is inseparable from politics This book was previously published as a special issue of the International Journal of the History of Sport

Identity and Myth in Sports Documentaries Zachary Ingle, David M. Sutera, 2013 Nonfiction films about sports have been around for decades yet few scholarly articles have been published on these works In Identity and Myth in Sports Documentaries editors Zachary Ingle and David M Sutera have assembled a collection of essays that show how myth and identity national religious ethnic and racial are constructed perpetuated or questioned in documentaries produced in the United States France Australia Germany and Japan This collection is divided into three sections American Identity and Myth contains essays on consumerism religion in sports and post 9 11 America Race and Ethnicity examines the ways in which African American Mexican American and Jewish identity are portrayed in the documentaries under discussion Global Perspectives features films and TV series produced outside of the United States or those that provide perspectives on the international sport scene Spanning several decades the landmark documentaries discussed in this volume include Hoop Dreams The Endless Summer The Life and Times of Hank Greenberg Olympia and Tokyo Olympiad and address such subjects as baseball football basketball boxing soccer surfing and the Olympics The essays pose such questions as How are notions of the American dream involved in athletes aspirations How do media texts from Australia or France construct Australian and French identity respectively and How did filmmakers such as Leni Riefenstahl

Kon Ichikawa and Bud Greenspan infuse their Olympic documentaries with national ideology despite being intended for an international audience By tackling these subjects Identity and Myth in Sports Documentaries is an intriguing read for scholars students and the general public alike **Celebration Capitalism and the Olympic Games** Jules

Boykoff,2013-08-15 The Olympic Games have become the world s greatest media and marketing event a global celebration of exceptional athletics gilded with corporate cash Huge corporations vie for association with the Olympic Image in the hope of gaining a worldwide marketing audience of billions In this provocative critical study of the contemporary Olympics Jules Boykoff argues that the Games have become a massive planned economy designed to shield the rich from risk while providing them with a spectacle to treasure Placing political economy at the center of the analysis and drawing on interdisciplinary research in sociology politics geography history and economics Boykoff develops an innovative theory of celebration capitalism the manipulation of state actors as partners that drives us towards public private partnerships in which the public pays and the private profits He argues that the Athens Games in 2004 marked the full emergence of celebration capitalism with London 2012 representing its quintessential expression characterized by a state of exception unfettered commercialism repression of dissent questionable sustainability claims and the complicity of the mainstream media Controversial challenging and forthright this book opens up a fascinating new avenue for understanding the contemporary Olympics in the context of global capitalist society It is essential reading for anybody with an interest in the Olympic Games the relationship between sport and society or global politics and culture **The London Olympics of 2012**

Stephen Wagg,2016-04-29 Analysing the politics of the 2012 London Olympics Stephen Wagg examines the framing of London s bid to host the Games arguments about the Games likely impact and the establishment of Fortress London to protect the Games The book asks who won and who lost out in this important event as well as exploring its media coverage and legacy Olympic Media Andrew Billings,2008-01-24 This is the first academic text to explore TV sports media s output

from this behind the scenes perspective including the first scholarly interviews with the influential US broadcasters and producers and sports media professionals The Olympics that Never Happened Adam Berg,2023-02-14 Chronicles the campaigns for and against holding the 1976 Olympic Games at Denver which became the first city to reject having the event opposition having arisen among wealthier residents looking to protect their communities natural beauty young activists hoping to expand civic participation in the name of liberal causes and Denver s excluded minority communities Provided by publisher The Palgrave Handbook of Olympic Studies H. Lenskyj,S. Wagg,2012-04-11 A comprehensive state of the art reference collection bringing together an authoritative and international line up of scholars to examine key social and political issues related to the Olympics An essential one stop volume for a wide range of academics students and researchers

The Routledge History of American Sport Linda J. Borish,David K. Wiggins,Gerald R. Gems,2016-10-04 The Routledge History of American Sport provides the first comprehensive overview of historical research in American sport from

the early Colonial period to the present day Considering sport through innovative themes and topics such as the business of sport material culture and sport the political uses of sport and gender and sport this text offers an interdisciplinary analysis of American leisure Rather than moving chronologically through American history or considering the historical origins of each sport these topics are dealt with organically within thematic chapters emphasizing the influence of sport on American society The volume is divided into eight thematic sections that include detailed original essays on particular facets of each theme Focusing on how sport has influenced the history of women minorities politics the media and culture these thematic chapters survey the major areas of debate and discussion The volume offers a comprehensive view of the history of sport in America pushing the field to consider new themes and approaches as well Including a roster of contributors renowned in their fields of expertise this ground breaking collection is essential reading for all those interested in the history of American sport

Activism and the Olympics Jules Boykoff, 2014-07-27 The Olympics have developed into the world's premier sporting event They are simultaneously a competitive exhibition and a grand display of cooperation that bring together global cultures on ski slopes shooting ranges swimming pools and track ovals Given their scale in the modern era the Games are a useful window for better comprehending larger cultural social and historical processes argues Jules Boykoff an academic social scientist and a former Olympic athlete In *Activism and the Olympics* Boykoff provides a critical overview of the Olympic industry and its political opponents in the modern era After presenting a brief history of Olympic activism he turns his attention to on the ground activism through the lens of the Vancouver 2010 Winter Olympics and the 2012 Summer Olympics in London Here we see how anti Olympic activists deploy a range of approaches to challenge the Olympic machine from direct action and the seizure of public space to humor based and online tactics Drawing on primary evidence from myriad personal interviews with activists journalists civil libertarians and Olympics organizers Boykoff angles in on the Games from numerous vantages and viewpoints Although modern Olympic authorities have strived even through the Cold War era to appear apolitical Boykoff notes the Games have always been the site of hotly contested political actions and competing interests During the last thirty years as the Olympics became an economic juggernaut they also generated numerous reactions from groups that have sought to challenge the event's triumphalism and pageantry The 21st century has seen an increased level of activism across the world from the Occupy Movement in the United States to the Arab Spring in the Middle East What does this spike in dissent mean for Olympic activists as they prepare for future Games

Gender Politics and the Olympic Industry H. Lenskyj, 2016-01-12 This book explores how the Olympic industry has shaped hegemonic concepts of sporting masculinities and femininities for its own profit and image making ends examining its continuing marginalization of athletes on account of their race ethnicity gender sexuality and class

Sports Diplomacy Michal Marcin Kobierecki, 2020-05-19 This book analyzes the place and role of sport within public diplomacy including theoretical conceptualizations of the category of sports diplomacy as a sub category of public diplomacy and empirical research of

selected examples of the use of sport within public diplomacy The empirical part of the book refers to three approaches to sports diplomacy and concerns the utilization of sport by states in order to shape relations with other states the role of sport in building the international image of a state and the diplomatic subjectivity of international sports organizations In reference to the first two approaches the book uses comparative case study was in order to make observations and generalizations concerning sports diplomacy Apart from that the book includes a detailed study of the diplomatic subjectivity of the International Olympic Committee

Power Politics And The Olympic Games Introduction

In today's digital age, the availability of Power Politics And The Olympic Games books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Power Politics And The Olympic Games books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Power Politics And The Olympic Games books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Power Politics And The Olympic Games versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Power Politics And The Olympic Games books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Power Politics And The Olympic Games books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Power Politics And The Olympic Games books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Power Politics And The Olympic Games books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Power Politics And The Olympic Games books and manuals for download and embark on your journey of knowledge?

FAQs About Power Politics And The Olympic Games Books

1. Where can I buy Power Politics And The Olympic Games books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
