Power In Caring Professions:

Power in the Caring Professions Richard Hugman, The issue of power is central in the analysis of the development and contemporary structures of nursing the remedial therapies and social work Both the idea of caring and the concept of professionalism are integral to the problems of power Using material from the UK and the USA this book examines the growth of these professions and asks a critical perspective of their present organisation highlighting race gender and relationships with service users as central to such an analysis

Power in Caring Professions Richard Hugman, 1991-08-16 Explores aspects of social power in nursing remedial therapies and social work examining both their development and contemporary structures and highlighting the issues of racism gender and professional relationships with service users

Power and Nursing Practice Margaret Miers, Geoff Wilkinson, 2016-01-06 Nursing is not a powerful profession yet nurses can have considerable power over those they care for In a changing health service power relationships between different professionals and clients may undergo significant changes To empower either themselves or their clients nurses must be able to understand the dynamics and nature of power relationships within society Taking a sociological perspective this book introduces readers to methods of analysing power and power relationships while clearly demonstrating the relevance to nursing practice

Core Themes In Social Work: Power, Poverty, Politics And Values Sheedy, Martin, 2013-01-01 This book sheds a very bright light on poverty as a central experience of the people social workers work with Research and theories of power politics and values are thoroughly discussed and provide the basis for a sustained commitment to social justice The book is a supportive read as it skilfully appreciates the personal challenges that critical and assertive practice entails It is a book for students professionals and service leads to keep re read and savour Dr Tillie Curran Senior Lecturer in Social Work University of the West of England UK By identifying power poverty politics and values as core themes in social work this text offers us a refreshing perspective which will challenge students and practitioners alike to re evaluate their practice in the light of its wider social political and philosophical contexts Through an exploration of issues of power and an interrogation of the real meaning of social work ethics and values Sheedy motivates and encourages us to reflect on our practice and to ensure that it is truly person centred Dr Sue Taplin University of Nottingham UK This book offers a concise and coherent discussion of what should be core themes in thoughtful and careful social work practice It offers a journey towards rethinking and embracing effective critical practice which engages with human rights and social justice as much as with empowerment and with individual and interpersonal change Occasional student accounts coupled with use of key points and questions for discussion make for accessibility The book synthesises summarises and critiques ideas about how to understand and resolve social issues enabling readers to question how they might work creatively alongside service users It is a book which invites reflection on policy and practice Professor Michael Preston Shoot Dean Faculty of Health and Social Sciences University of Bedfordshire UK This excellent text is essential reading for all social

workers and students and a key resource for academics It highlights with concern and conviction the importance of developing an effective critical practice that challenges enhances and broadens the task of conventional social work in ways that have the potential to improve outcomes for service users It calls for a social work practice based on an understanding of the issues of power politics and ideology and the values and world view held by the worker linked with concerns raised by the people that social workers regularly encounter and work with The issues of poverty and disadvantage and their structural causes run throughout this text issues that have been too long neglected in social work In this text Martin Sheedy corrects that neglect by outlining in some detail the impact of poverty on people s lives and life chances whilst at the same time describing how critical practice can be used by social workers to promote social justice and empowerment practices Dr Pamela Trevithick Visiting Professor in Social Work Buckinghamshire New University UK This engaging book introduces the core themes in social work and encourages students and practitioners to connect with the important debates surrounding these themes and challenges them to revisit the direction social work is and should be going in The key contexts of social work are explored using knowledge from the disciplines of social theory politics sociology psychology and ethics The content is enlivened by The voices of students service users and practitioners Current and topical content on social work poverty politics power and values A discussion style format to help readers engage with the topics An extensive range of sources of knowledge and theory Key summary points at the end of each chapter Group discussion questions at the end of each chapter This book will contribute to social work students and practitioners thinking about the world in which they live and operate as professionals

The Social Construction of Community Care Anthea Symonds, Anne Kelly, 1998-11-11 This book represents a new development in the discussion of community care policies with its integrated approach addressed to both community nurses and social workers It includes contributions from practitioners in both fields as well as lecturers and researchers in sociology and social policy The overall theme of the book is the concept of community as a social and cultural construction The authors begin with an account of the historical construction of community care followed by explorations of the actual practice of the delivery of care and of the needs of particular groups within the community

Nurse-Led Clinics Richard Hatchett, 2013-06-17 Nurse Led Clinics Practice Issues provides a much needed overview of this new arena for nursing and illustrates the key points through chapters written by experienced nurses who have set up and run clinics in their own specialty

Social Work and Power Roger Smith, 2018-06-26 Power is an unavoidable issue in social work This important text explores these complex issues both at a conceptual and applied level in order to give students a clear understanding of the theoretical frameworks relevant to practice and to help them begin to think through the challenges they are likely to face and how they will deal with these

Power and Conflict Between Doctors and Nurses Maureen A. Coombs, 2004-02-24 Through observations in three intensive care units this book draws on the reality of practice to explore how nurses and doctors work in intensive care settings It examines the power held by the competing knowledge bases the roles of the

different professions the decision making process the sources of conflict the need for change Drawing together sociological theories and clinical practice *Power and Conflict Between Doctors and Nurses* explores the role of nurses in delivering contemporary health care It makes a strong case for interdisciplinary working and is particularly timely when health care policy is challenging work boundaries in health care **Nonprofit Work Is Killin' Me** Morghan Vélez Young,2023-03-03 Nonprofit community based social services teams deliver programs and resources to communities facing the greatest symptoms of inequality in this country We are fortunate that front lines professionals triage high risk situations and cultivate opportunities for generational healing Yet their work has not been comprehensively explored in the science on workplace chronic stress and vicarious trauma CSVT Few know that among tested teams 52% of individuals face work based chronic stress and 24% experience vicarious trauma This book starts a conversation about nonprofit community based social services professionals their important work their suffering and the need to mitigate CSVT In order to make a change this book contextualizes why CSVT is left primarily unmitigated and unacknowledged The science in this book demonstrates that the very job duties that require adept and empathetic skills pull the professionals closest to the stress and trauma of those whom they serve Social science research also directs attention to nonprofit sector culture and norms that perpetuate inequality internally further creating an employment context of suffering Shedding light on the factors that create unmitigated and unacknowledged CSVT allows for the implementation of both short term and long term solutions **Rethinking Values and Ethics in Social Work** Richard Hugman,Jan Carter,2017-09-16 Ethics and values the cornerstone of good social work practice are vital in upholding the dignity of service users Written by a group of global experts this book addresses questions such as How can the ethical demands of the values of human rights social justice and professional integrity be understood for contemporary social work practice *Gender and Power in Contemporary Spirituality* Anna Fedele,Kim E. Knibbe,2013 Contemporary distinctions between religion and spirituality can often be traced to rebellion against hierarchical institutions with biases towards women and minorities that constrain individual freedom This opposition is carefully addressed in this volume with greater attention paid to gender and power in the context of contemporary spirituality and how these relate to the distinction between religion and spirituality **Understanding and Supporting Professional Carers** Janet Thomas,2021-04-05 The National Service Framework for mental health aims to provide uniformly good systems so that mental health problems are detected and therefore treated early This book sets out how learning more about mental health and reviewing current practice can be incorporated into a personal development plan or practice learning plan It shows how to integrate quality improvements into everyday work and bridges the gap between theory and practice Doctors nurses and practice managers can build up a personal development plan or a practice professional development plan through completing the exercises at the end of each chapter and it demonstrates how to include clinical governance in the mental healthcare services they offer **Language and Power** Paul Simpson,Andrea Mayr,Simon Statham,2018-12-07 Routledge English

Language Introductions cover core areas of language study and are one stop resources for students Assuming no prior knowledge books in the series offer an accessible overview of the subject with activities study questions sample analyses commentaries and key readings all in the same volume The innovative and flexible two dimensional structure is built around four sections introduction development exploration and extension which offer self contained stages for study Each topic can also be read across these sections enabling the reader to build gradually on the knowledge gained Language and Power Second Edition has been completely revised and updated and includes a comprehensive survey of the ways in which language intersects and connects with the social cultural and political aspects of power an introduction to the history of the field covering all the major approaches theoretical concepts and methods of analysis in this important and developing area of academic study coverage of all the traditional topics such as race gender and institutional power but also newer topics such as the discourse of post truth and the power of social media readings from works by seminal figures in the field such as Robin Lakoff Deborah Cameron and Teun van Dijk real texts and examples throughout including advertisements from cosmetics companies newspaper articles and headlines websites and internet media and spoken dialogues such as political and presidential speeches a supporting companion website that aims to challenge students at a more advanced level and which features extra reading exercises follow up activities and suggestions for further work Language and Power will be essential reading for students studying English language or linguistics Gendered Power in Child Welfare Christa Jane

Moore, Patricia Gagné, 2023-07-03 In Gendered Power in Child Welfare What's Care Got to Do with It Christa Jane Moore and Patricia Gagné argue that the child welfare system in Kentucky and other states is based on masculine values that were institutionalized long before women had the right to vote hold public office or have a voice in public law and policy The authors draw on feminist and organizational theories and base their arguments on primary qualitative data and secondary statistics to demonstrate that historically and today the efforts of care workers in the child welfare system are stymied by a highly bureaucratic child welfare system that demands focus on metric outcomes Throughout the work the authors argue for reforms more feminized orientations that hearken back to the earliest extensions of community centered care for those most vulnerable especially children with protective needs **Medical Power and Social Knowledge** Bryan S Turner, 1995-08-22

The fully revised edition of this successful textbook provides a comprehensive introduction to medical sociology and an assessment of its significance for social theory and the social sciences It includes a completely revised chapter on mental health and new chapters on the sociology of the body and on the relationship between health and risk in contemporary societies Bryan S Turner considers the ways in which different social theorists have interpreted the experience of health and disease and the social relations and power structures involved in medical practice He examines health as an aspect of social action and looks at the subject of health at three levels the individual the social and the societal Among the perspectives analyzed are Parsons view of the sick role and the patient's relation to society Foucault's critique of medical models of

madness and sexuality Marxist and feminist debates on the relation of health and medicine to capitalism and patriarchy and Beck's contribution to the sociological understanding of environmental pollution and hazard in the politics of health

Women and Children First Sharon M. Meagher, Patrice DiQuinzio, 2012-02-01 This diverse collection explores the rhetoric of a wide range of public policies that propose to put women and children first including homeland security school violence gun control medical intervention of intersex infants and policies that aim to distinguish good from bad mothers Using various feminist philosophical analyses the contributors uncover a logic of paternalistic treatment of women and children that purports to protect them but almost always also disempowers them and sometimes harms them This logic is widespread in contemporary popular policy discourse and affects the way that people understand and respond to social and political issues Contributors rethink basic philosophical assumptions concerning subjectivity difference and dualistic logic in order to read the rhetoric of contemporary public policy discourse and develop new ways of talking and acting in the policy domain
