Power Of The Purse Strings Do Congressional Budget Procedures Restrain

**United States. Congress. Senate.
Committee on Government Operations**

Power Of The Purse Strings Do Congressional Budget Procedures Restrain:

The Power of the Purse Strings Richard Forgette, 1994-03-30 In an era of unprecedented budget problems can Congress establish legislative procedures to facilitate making politically difficult budget decisions If we keep fixing the process why are the policies and politics so fouled up This book provides an extensive answer to these questions Focusing exclusively on the House of Representatives the author assesses whether current congressional budget procedures namely the 302 process and reconciliation have been created designed and maintained to achieve greater budget restraint He defines the critical concept of procedural budget restraint as a procedural outcome in which spending decisions are less than what would have occurred in the absence of the procedure

The Power of the Purse Strings Richard G. Forgette, 1992
Congress, Parties, & Puzzles Richard Forgette, 2004 Is congressional politics a team sport The rise of congressional partisanship poses several puzzles for those seeking to understand how Congress works This book reveals and assesses these puzzles notably why would self elected members delegate power to leaders Why has congressional partisanship risen without any comparable change in electoral partisanship Why would copartisans support party positions if leaders cannot enforce compliance Finally what are the effects of congressional parties Congress Parties Puzzles combines a strong theoretical framework with engaging illustrations and case studies so students can think more critically about how parties affect Congress and how voters should assess their elected officials

The Eisenhower Presidency Andrew J. Polsky, 2015-11-30 We are in the midst of a Dwight Eisenhower revival Today pundits often look to Eisenhower as a model of how a president can govern across party lines and protect American interests globally without resorting too quickly to the use of force Yet this mix of nostalgia and frustration with the current polarized state of American politics may mislead us Eisenhower s presidency has much to teach us today about how a president might avert crises and showdowns at home or abroad But he governed under conditions so strikingly different from those a chief executive faces in the early 21st century that we need to question how much of his style could work in our own era The chapters in this volume address the lessons we can draw from the Eisenhower experience for presidential leadership today Although most of the authors find much to admire in the Eisenhower record they express varying opinions on how applicable his approach would be for our own time On one side they appreciate his limited faith in the power of his words to move public opinion and his reluctance to turn to the use of force to solve international problems On the other side it was plain that Ike s exercise of hidden hand leadership in Fred Greenstein s evocative term would not be possible in the modern media environment that makes Washington a giant fishbowl and instant revelation an acceptable norm Both Eisenhower admirers and skeptics and many of the authors are both will find much in these essays to reinforce their preconceptions and much that is unsettling Eisenhower emerges as an effective but flawed leader He was in many ways the right man for his time but limited because he was also a man of his time

The Reporter's Handbook Steve Weinberg, 1996 Reporters editors and journalists will find this third edition of The Reporter s Handbook an

even more impressive resource than prior editions This essential tool for serious journalists identifies hundreds of documents and human sources in both private and government sectors It provides step by step methods for tracking paper trails people trails and computer trails The book also includes coverage of library research computer assisted reporting case studies anecdotes and IRE contest winning pieces This new edition features chapters on the environment transportation housing financial institutions international investigation utilities and non profit organizations Under the sponsorship of Investigative Reporters and Editors Inc Steven Weinberg has revised and polished this journalism classic into a must have reference guide for the classroom and the newsroom
