# Power Participation And Ideology

**Amie Kreppel**

## **Power Participation And Ideology:**

*Power, Participation, and Ideology* Calvin J. Larson, Philo C. Wasburn, 1969      *Power and Ideology in Brazil* Peter McDonough, 2014-07-14 Drawing on personal interviews with over 250 Brazilian leaders in industry banking politics labor the civil service and the church Peter McDonough challenges the conventional notion of elites in authoritarian regimes as unideological pragmatists He demonstrates that the Brazilian Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Power and Ideology in South African Translation** Maricel Botha, 2020-11-21 This book provides a social interpretation of written South African translation history from the seventeenth century to the present considering how trends involving various languages have reflected ideologies and unequal power relations and focusing attention on translation s often hidden social operation Translation is investigated in relation to colonial mercantilism scientific knowledge of extraction Christian missionary conversion Islamic education various nationalisms apartheid oppression and the anti apartheid struggle neoliberalism exclusion and post apartheid social transformation by employing Niklas Luhmann s social systems theory This book will be an essential resource for scholars graduate students and general readers who are interested in or work on the history and practice of translation and its cultural agents in the South African context      *The Power of Identity and Ideology in Language Learning* Peter I. De Costa, 2016-05-09 This critical ethnographic school based case study offers insights on the interaction between ideology and the identity development of individual English language learners in Singapore Illustrated by case studies of the language learning experiences of five Asian immigrant students in an English medium school in Singapore the author examines how the immigrant students negotiated a standard English ideology and their discursive positioning over the course of the school year Specifically the study traces how the prevailing standard English ideology interacted in highly complex ways with their being positioned as high academic achievers to ultimately influence their learning of English This potent combination of language ideologies and circulating ideologies created a designer student immigration complex By framing this situation as a complex the study problematizes the power of ideologies in shaping the trajectories and identities of language learners      **Ideology and Power in the Middle East** Peter J. Chelkowski, Robert J. Pranger, 2013-07-12 Scholars from the United States Canada Europe and the Middle East combine their talents and expertise to honor George Lenczowski whose studies of the Middle East over two generations have made him a foremost expert on contemporary affairs in this most volatile and complex region      **Participatory Ideology** Peter Beresford, 2021-03-15 This book examines for the first time the exclusionary nature of prevailing political ideologies Bringing

together theory practice and the relationship between participation political ideology and social welfare it offers a detailed critique of how the crucial move to more participatory approaches may be achieved

*On Power and Ideology* Noam Chomsky, 2015-08-03 The renowned activist's lectures on Cold War foreign policy delivered in Nicaragua during the US backed war against the Sandinista government One of Noam Chomsky's most accessible books *On Power and Ideology* is a product of his 1986 visit to Managua Nicaragua for a lecture series at Universidad Centroamericana Delivered at the height of US involvement in the Nicaraguan civil war this succinct series of lectures lays out the parameters of Noam Chomsky's foreign policy analysis The book consists of five lectures on US international and security policy The first two lectures examine the persistent and largely homogenous features of US foreign policy and overall framework of order The third discusses Central America and its foreign policy pattern The fourth looks at US national security and the arms race And the fifth examines US domestic policy These five talks conveyed directly to the people bearing the brunt of devastating US foreign policy make historic and exciting reading

**Money, Power, and Ideology** Marcus Mietzner, 2013-12-16 Are political parties the weak link in Indonesia's young democracy More pointedly do they form a giant cartel to suck patronage resources from the state Indonesian commentators almost invariably brand the country's parties as corrupt self absorbed and elitist while most scholars argue that they are poorly institutionalized This book tests such assertions by providing unprecedented and fine grained analysis of the inner workings of Indonesian parties and by comparing them to their equivalents in other new democracies around the world Contrary to much of the existing scholarship the book finds that Indonesian parties are reasonably well institutionalized if compared to their counterparts in Latin America Eastern Europe and other parts of Asia There is also little evidence that Indonesian parties are cartelized But there a significant flaw in the design of Indonesia's party system while most new democracies provide state funding to parties Indonesia has opted to deny central party boards any meaningful subsidies As a result Indonesian parties face severe difficulties in financing their operations leading them to launch predatory attacks on state resources and making them vulnerable to manipulation by oligarchic interests

Language, Power and Ideology Ruth Wodak, 1989-01-01 The topic of Language and Ideology has increasingly gained importance in the linguistic sciences The general aim of critical linguistics is the exploration of the mechanisms of power which establish inequality through the systematic analysis of political discourse written or oral This reader contains papers on a variety of topics all related to each other through explicit discussions on the notion of ideology from an interdisciplinary approach with illustrative analyses of texts from the media newspapers schoolbooks pamphlets talkshows speeches concerning language policy in Nazi Germany in Italofascism and also policies prevalent nowadays Among the interesting subjects studied are the jargon of the student movement of 1968 speeches of politicians racist and sexist discourse and the language of the green movement Because of the enormous influence of the media nowadays the explicit analysis of the mechanisms of manipulation suggestion and persuasion inherent in language or about language behaviour

and strategies of discourse are of social relevance and of interest to all scholars of social sciences to readers in all educational institutions to analysts of political discourse and to critical readers at large      Political Science and Ideology William Connolly, 2017-07-05 Professor David Kettler commented at the time of initial release that this book is writing with great poise and clarity the author says important things in a deceptively simple way about a problem of paramount significance A fine piece of clarification blending just the right mixture of respect and impiety toward the important heroes of contemporary political science this is the kind of book I look forward to having available for our courses in political theory Ideology though long pronounced moribund continues to play a central role in contemporary political inquiry In this reevaluation of the true function of political science the author lays down guidelines for the construction of fruitful political interpretations in the large areas where ideological assumptions and claims cannot be adequately tested He analyzes two representative theories of power in American society those of the pluralists who affirm and the elitists who dispute the case for democracy and demonstrates how personal preferences and group oriented interests enter into the development of these concepts Speaking to all social scientists and students engaged in the study of political processes Connolly details the methods by which the investigator who inevitably brings his own beliefs and values to the task can lay bare and control the ideological aspects of his own work and that of others A critical examination of the writings of some of the leading figures in recent and contemporary political inquiry such as Karl Mannheim C Wright Mills Robert Dahl Daniel Bell and Seymour Martin Lipset leads him to assign a decisive role for the political scientist in the creation of carefully formulated ideologies An original mind drawing upon an exceptionally rich store of knowledge has here produced an important book which will be of immediate and challenging relevance to the work and studies of all scholars graduate students and majors in the field

Black Power Ideologies John McCartney, 2010-06-18 Tracing the course of Black Power Movements from the 18th century to the present      **The European Parliament and Supranational Party System** Amie Kreppel, 2002 This book examines the impact of legislative and political authority on the internal development of the European Parliament      **Discourses of Ideology and Identity** Chris Featherman, 2015-03-24 In this monograph Chris Featherman adopts a discourse analytical approach to explore the ways in which social movement ideologies and identities are discursively constructed in new and old media In the context of his argument Featherman also considers current debates surrounding the role that technologies play in democracy building and global activist networks He engages these critical issues through a case study of the 2009 Iranian presidential election protests looking at both US legacy media coverage of the protests as well as activists use of social media Through qualitative analysis of a corpus of activists Twitter tweets and Flickr uploads Featherman argues that activists social media discourses and protesters symbolic and tactical borrowing of global English contribute to micronarratives of globalization while also calling into question master narratives about Iran commonly found in mainstream Western media accounts This volume makes a timely contribution to discussions regarding the relationship between cyber rhetoric and

democracy and provides new directions for researchers engaging with the influence of new media on globalized vernaculars of English

**Inequality and Violence** Anna Cornelia Beyer, 2016-05-23 With Theory of International Politics Kenneth Waltz established Neo realism as a major school of thought in IR which still remains a dominant approach within the discipline in the Anglo American world and beyond Man the State and War his first contribution to the debate in IR and the predecessor to Theory of International Politics received praise for its presentation of a discussion on the causes of international warfare as well as the possibilities of its prevention on three different levels of analysis the individual the state and the international system This book reflects on the arguments presented in Man the State and War from a contemporary perspective Do Waltz s ideas still hold firm ground in the discipline The book alerts to the perceived necessity of combining conceptions of governance and authority with considerations on the reduction of inequality at the individual state and international level Inequality in particular has received increased attention as a cause for violence at all three levels since Waltz published Man the State and War The book also addresses Waltz s rejection of supranationalism as the remedy for war a view that has been challenged since he wrote the book One theme stands out from today s perspective the establishment and maintenance of good global governance can be considered the most important aspect for the prevention of war

**Ideology And Policy** Terry L Thompson, 2019-05-20 Representing a milestone of further accomplishment in scholarly investigation of the dialectics for ideological evolution in the USSR this book will be a treasure for all who are interested in the development of Soviet ideology and should merit the attention of all specialists in Soviet studies It is uniquely valuable because it is the first exte

Ideology, Power and Prehistory Theoretical Archaeology Group (England).

Conference, 1984-05-03 This book starts from the premise that methodology has always dominated archaeology to the detriment of broader social theory

**Media, Knowledge and Power** Oliver Boyd-Barrett, Peter Braham, 2013-12-16 First Published in 1986 The readings reflect the current interest in the possible effects that such communications media may have upon children s studies and cognition and upon how children are likely to respond to education and educational media

*The Ideological Origins of Great Power Politics, 1789-1989* Mark L. Haas, 2018-09-05 How do leaders perceive threat levels in world politics and what effects do those perceptions have on policy choices Mark L Haas focuses on how ideology shapes perception He does not delineate the content of particular ideologies but rather the degree of difference among them Degree of ideological difference is he believes the crucial factor as leaders decide which nations threaten and which bolster their state s security and their own domestic power These threat perceptions will in turn impel leaders to make particular foreign policy choices Haas examines great power relations in five periods the 1790s in Europe the Concert of Europe 1815 1848 the 1930s in Europe Sino Soviet relations from 1949 to 1960 and the end of the Cold War In each case he finds a clear relationship between the degree of ideological differences that divided state leaders and those leaders perceptions of threat level and so of appropriate foreign policy choices These relationships held in most cases regardless of the nature of the

ideologies in question the offense defense balance and changes in the international distribution of power      *State Power, Agrarian Policies and Peasant Welfare* Dan Mou, 2014-01-17 This book identifies and explains the politico historical forces that underlie agrarian policies in Nigeria It also examines the impacts of these policies on different social classes and groups especially the peasantry The book focuses specifically on the Agricultural Marketing and Commodity Boards in Nigeria from 1945 1985 These boards are examined as state agencies and actions that have direct implications for different classes and groups The book reveals that the various social classes and groups contested every step of the agrarian policies right from their agenda setting to actual implementation Consequently the contestations affected drastically the policies and outcomes in such a way that the original goals were lost I am very impressed with its theoretical scope command of extant literature and methodological sophistication Dr Mous book should be of immense interest to a broad range of scholars from political theorists to political economists as well as African area specialists Professor Crawford Young Department of Political Science University of Wisconsin Madison USA Dr Dan Mou Thanks for contributing to knowledge Your book is highly expository and full of discoveries We are proud of you S A Raofu Chairman Committee of Deans AOCOE Lagos Nigeria      **Hamas in Power: The Question of Transformation** Hamed, Qossay, 2023-02-07 Since winning the majority in the Palestinian legislative council in 2006 and seizing power in Gaza in 2007 Hamas location in power has posed a serious challenge to its ability to govern without sacrificing its ideological positions Various factors such as the obligations of governance regional polarization the struggle for power against Fatah the international environment and the Israeli occupation have affected their governance Hamas in Power The Question of Transformation discusses the changes in Hamas stance towards the borders of the Palestinian statehood Two States Solution the armed resistance and the peace process It also attempts to explain Hamas perceptions of these issues after assuming power and becoming a government Covering key topics such as peace power governance and ideology this reference work is ideal for policymakers government officials diplomats researchers scholars academicians practitioners instructors and students
