Power Without Glory A Study In Ecumenical Politics:

Power Without Glory. A Study in Ecumenical Politics Ian Henderson, 1967 *A History of the Ecumenical Movement, Volume 2* Harold C. Fey, 2009-12-01 Volume 2 1948 1968 first appeared in 1970 It covers the history of the World Council of Churches from its first assembly at Amsterdam to its fourth assembly at Uppsala Sweden analyzes the development of regional ecumenical organizations and recounts the impact of the Second Vatican Council on the ecumenical witness of the Roman Catholic Church *An Introduction to the Reformed Tradition* John H. Leith, 1981-01-01 A concise and readable study for laypersons and clergy alike this book is indispensable for all informed people in many different confessional communities With the passion of one who not only observes but believes John Leith touches on all aspects of Reformed history theology polity liturgy and Christian culture with a balance of enthusiasm and critical judgment that always rings true Ecumenism in Retreat Martin Camroux, 2016-05-27 In his enthronement sermon as archbishop of Canterbury in 1942 William Temple famously declared the ecumenical movement to be the great new fact of our era In this book Martin Camroux tries to face honestly how hope met reality By the end of the century the enthusiasm had largely dissipated the organizations that represented it were in decline and organic unity looked further away than ever One significant ecumenical merger took place in Britain the creation in 1972 of the United Reformed Church which saw its formation as a catalyst for ecumenical renewal Its hopes however were largely illusory With the failure of its ecumenical hope the church had little idea of its purpose found great difficulty establishing an identity and faced a catastrophic implosion in membership This first serious study of the United Reformed Church also includes groundbreaking analysis of the unity process the mixed fortunes of Local Ecumenical Projects and how the national ecumenical organizations withered All of this is put in the wider context of religion in British society including secularization individualism and post denominationalism What failed was not ecumenism but a particular model of it and the book ends with a commitment to a renewed ecumenical hope *From Cranmer to Sancroft* Patrick Collinson, 2007-07-16 Studying the reactions of both major and lesser known personalities of the time this collection of essays explores the importance of the Bible and the emergence of Puritanism inside the Church of England *Historical Dictionary of Ecumenical Christianity* Ans Joachim van der Bent, 1994-12-01 This historical dictionary covers the major trends in the 20th century ecumenical movement until today It deals with developments in the realms of church unity mission and evangelism laity women in church and society and many other ecumenical subjects It also covers many programs and activities of the World Council of Churches since its inception in 1948 The longer articles survey important theological themes while short articles provide quick reference on a precise question The bibliography is not exhaustive some 50 000 titles have been published since the beginning of this century but very helpful for major bibliographical information The dictionary is particularly strong in American subjects and includes a great number of ecumenical personalities which cannot be found in other reference works This publication is not only an indispensable tool of research for university and

seminary libraries but also for individual persons belonging to whatever Christian church who are interested in knowing more about reflections relations and activities in the several regions of the ecumenical world A helpful description of the most important ecumenical assemblies and conferences is provided To take stock of the past to interpret the present and to look forward into the third millenium of Christian existence are exciting and challenging enterprises **Traces of**

Liberality George M. Newlands, George Newlands, 2006 This collection of essays reflects constructive engagement with a liberal and progressive programme of Christian theology over a number of years The themes are diverse from the renewal of Christology and the ecumenical dimensions of ecclesiology to human rights and emancipatory theology Particular theologians from Schleiermacher and Juengel in continental Europe to Baillie and Lampe in the UK are discussed The preface and epilogue underline the urgent need for new and viable contemporary liberal theological voices to re imagine the doctrinal ethical and political implications of the Christian gospel The final piece offers a progressive perspective on the sexuality debate in the churches

Resurrection, Apocalypse, and the Kingdom of Christ Stanley S. MacLean, 2012-04-19 In recent decades few Christian themes have attracted as much attention as that of eschatology or Christian hope Resurrection Apocalypse and the Kingdom of Christ explores the meaning of this theme for Thomas F Torrance one of the twentieth century s leading theologians This study the first of its kind brings Torrance s eschatology to light through an exploration of the whole range of his corpus including sermons lectures and correspondence It also demonstrates that his eschatology is molded by momentous historical events such as World War II the spread of communism and the ecumenical movement Out of all this we realize that eschatology is a central component of Torrance s theology so much so that it conditions his thinking on other Christian doctrines

Aspects of Christian Integrity Alan P.F. Sell, 1998-05-13 Integrity means both honesty and wholeness Alan Sell examines this concept by posing some searching questions Is Christian thought an intruder in secular education How are crucial Christian doctrines to be held together On what grounds should churches address ethical issues Does Christian disunity deny the gospel Is Christian mission justifiable in a pluralistic world How can local churches become better centers of pastoral integrity Sell addresses each of these important issues in separate chapters of this scholarly yet readable book

Mission by the People Dr. Alexander C. Forsyth, 2017-08-29 How is Christianity to express itself in the public forum within Western nations This book seeks answers through a historical retrieval of the dynamic mission in post war Scotland of Tom Allan and his contemporaries the Iona Community the Gorbals Group Ministry inspired by the East Harlem Protestant Parish and Robert Mackie Ian Fraser and Scottish Churches House Allan s missiology focused upon the apostolate of the laity allowing ordinary people to express their faith in word and deed in a full contextualization of Christianity to seek a missionary parish of constant witness and service The book examines his work in parish ministry nationally as leader of the Tell Scotland

Movement and internationally with the WCC and the rich sources and context of his missiology Key questions are asked about tensions caused by the role of the church and the effect of the Billy Graham All Scotland Crusade which Allan instigated on the rapid decline in Christian adherence from the late fifties His work is placed alongside his contemporaries who took bold steps beyond those of Allan to relocate faith to the rhythms of the streets Utilizing present day missiology as a lens their inspiration leads to derivations and principles offered as guideposts for Christian mission now

God's Inerrant Word John Warwick Montgomery, 2018-01-27 Editor John Warwick Montgomery b 1931 is one of the major philosophical apologists of the 20th century He is also a trained lawyer which influenced his historical legal approach to Christian apologetics He is perhaps best known as a writer for his books History and Christianity How Do We Know There is a God Faith Founded on Fact Evidence for Faith Where is History Going The Shape of the Past The Quest for Noah's Ark as well as for his debates with the infamous atheist Madalyn Murray O Hair 1967 with Joseph Fletcher reprinted in Situation Ethics True or False with Death of God theologian Thomas Altizer reprinted in The Suicide of Christian Theology R C Sproul wrote in the Foreword to this 1974 book The essays in this book were written as research articles for delivery at the Conference on the Inspiration and Authority of Scripture in the fall of 1976 The Conference was sponsored by the Ligonier Valley Study Center a facility developed to make the resources of Christian scholarship available to today's laymen and pastors The eleven essays comprising the text of this book were all publicly delivered at the Ligonier Conference Pg 9 Essays are included by authors such as Montgomery J I Packer John Gerstner Clark Pinnock John Frame Sproul etc Montgomery states in his own Introduction that The Ligonier Conference was designed specifically to serve as an adrenal injection for the faint of heart who question the place of inerrancy in historic Christian theology or doubt that modern research is compatible with an errorless Bible The essayists may differ from each other in a number of respects but they hold in common the historic Christian confidence in an entirely trustworthy Bible They would impart that confidence to the readers of this volume Pg 14 Montgomery states in his first essay Embedded in the liberal evangelical's attempt to preserve an infallible Bible in spite of errors is a further and even more serious fallacy We invariably find that the non-revelational areas are the areas of science and history the areas of prime testability The result if one carries this line of reasoning to its logical conclusion is Where the Bible errs it is non-revelatory when it is capable of being tested it is precariously revelatory revelatory only until proven wrong and where it cannot be tested it always remains revelatory and inerrant This is just like believers in sea serpents claiming that they appear only when no scientists are present Pg 31-32 Pinnock observes If we say as Vatican II does that inspiration guarantees only those truths necessary for salvation the question arises how much we need to know to be saved The way is open for someone to come along with the opinion that he need know very little Very little then is inerrantly taught in Scripture Pg 150 Sproul says in an essay Jesus' understanding of the Old Testament Scriptures casts a shadow over his own sinlessness Jesus does not have to be omniscient to be infallible But he must be infallible to be sinless That is to say if Jesus

claiming to be sent from God and invoking the authority of God in his teaching errs in that teaching he is guilty of sin The one who claims to be the truth cannot err and be consistent with that claim Anyone claiming absolute authority in his teaching must be absolutely trustworthy in what he teaches in order to merit absolute authority In light of his claims Jesus cannot plead invincible ignorance as an excuse for error Pg 253 These essays will be of great interest to any Christians studying the doctrine of biblical inerrancy by Steven H Propp Top 100 Reviewer

Church, State and Civil Society David Fergusson,2004-12-02 At a time when secular liberalism is in crisis and when the civic contribution of religion is being re assessed the rich tradition of Christian political theology demands renewed attention This book based on the 2001 Bampton Lectures explores the relationship of the church both to the state and civil institutions Arguing that theological approaches to the state were often situated within the context of Christendom and are therefore outmoded the author claims that a more differentiated approach can be developed by attention to the concept of civil society The book offers a critical assessment of the effect of the First Amendment in the USA and in a concluding chapter it defends the case for continuing disestablishment in England and Scotland

A History of the Ecumenical Movement, 1517-1948 Stephen Neill,1967

Church and State in Scotland Francis Lyall,2016-05-05 The interaction of faith and the community is a fundamental of modern society The first country to adopt Presbyterianism in its national church Scotland adopted a system of church government which is now in world wide use This book examines the development and current state of Scots law Drawing on previous material as well as discussing current topical issues this book makes some comparisons between Scotland and other legal and religious jurisdictions The study first considers the Church of Scotland its Disruption and statutorily recognised reconstitution and then the position of other denominations before assessing the interaction of religion and law and the impact of Human Rights and various discrimination laws within this distinctive Presbyterian country This unique book will be of interest to both students and lecturers in constitutional and civil law as well as historians and ecclesiastics
