Powers Of Horror An Essay On Abjectionz:

Pouvoirs de L'horreur (English) Julia Kristeva,1982 Powers of Horror is an excellent introduction to an aspect of contemporary French literature which has been allowed to become somewhat neglected in the current emphasis on para philosophical modes of discourse **Powers of Horror** Julia Kristeva,2009 **Powers of Horror: an Essay on Abjection** Christine Jamieson,1990 **Pouvoirs de L'horreur (English)** Julia Kristeva,1982 Analyzes the nature of attitudes toward repulsive subjects and examines the function of these topics in the writings of Louis Ferdinand Celine Marcel Proust James Joyce and other authors **Language and Politics in Julia Kristeva** ,2006-01-01 In Language and Politics in Julia Kristeva Carol Mastrangelo Bov explores how Kristeva s theoretical and fictional writings contribute to an understanding of contemporary personal and international conflicts In addition to examining Kristeva s turn to Eastern models both Russian and Chinese in thinking through a critique of symbolic language in Western patriarchal psychic formations Bov also contributes to the debate over essentialism through innovative interpretations of such major works of twentieth century French culture as Marcel Proust s Remembrance of Things Past Simone de Beauvoir s She Came to Stay Fran ois Truffaut s Jules and Jim and Jean Renoir s Rules of the Game Bov argues that the links between the body and the female on the one hand and authority and the male on the other are psychologically constructed and are not necessarily or exclusively biological The book concludes with an examination of Kristeva s Colette *The Picture of Abjection* Tina Chanter,2008-01-11 A timely and important project that changes our understanding of the role of abjection both in cultural politics and in the structure of film Ewa Ziarek State University of New York at Buffalo Tina Chanter resolves a fundamental problem in film theory by negotiating a middle path between gaze theory approaches to film and spectator studies or cultural theory approaches that emphasize the position of the viewer and thereby take account of race class gender and sexuality Chanter argues that abjection is the unthought ground of fetishistic theories If the feminine has been the privileged excluded other of psychoanalytic theory fueled by the myth of castration and the logic of disavowal when fetishism is taken up by race theory or cultural theory the multiple and fluid registers of abjection are obscured By mobilizing a theory of abjection the book shows how the appeal to phallic fetishistic theories continues to reify the hegemonic categories of race class sexuality and gender as if they stood as self evident categories An intriguing read especially for those who favor psychological models of criticism in film theory Recommended Choice **Body/Text in Julia Kristeva** David Crownfield,1992-01-01 Julia Kristeva works at a crucial intersection of contemporary disciplines psychoanalysis linguistics semiotics literary criticism feminism postmodern philosophy and religious studies This volume examines this rich body of work and the ways in which its interdisciplinary style gives insight into problems in understanding religion Special attention is given to two related themes the understanding of woman in relation to religion and the role of mother especially of mother s body in the formation of self and of a religious discourse Issues recurrent in the essays include the problem of ethics the relation between discourse and

the life of the body the formation and sublimation of narcissism the pre Oedipal function of the father the functions of fantasy imagination and art the relation of religion to the negation of woman and the possibility of positive and playful religion The themes of the relation between the symbolic structures of language and a pre symbolic semiotics of the infant body of the split and decentered subject and of the opposition between desire and Jouissance ecstatic enjoyment participate in organizing the discussion Abjection and sacrifice in religion the dynamics of Christian love and faith the relation between the doctrine of the Virgin Mary and the experience of motherhood and the question of feminism and its sometimes quasi religious forms are also thematic

Abjection Incorporated Maggie Hennefeld, Nicholas Sammond, 2020-01-17 From the films of Larry Clark to the feminist comedy of Amy Schumer to the fall of Louis C K comedic graphic and violent moments of abjection have permeated twentieth and twenty first century social and political discourse The contributors to Abjection Incorporated move beyond simple critiques of abjection as a punitive form of social death illustrating how it has become a contested mode of political and cultural capital empowering for some but oppressive for others Escaping abjection's usual confines of psychoanalysis and aesthetic modernism core to theories of abjection by thinkers such as Kristeva and Bataille the contributors examine a range of media including literature photography film television talking dolls comics and manga Whether analyzing how comedic abjection can help mobilize feminist politics or how expressions of abjection inflect class race and gender hierarchies the contributors demonstrate the importance of competing uses of abjection to contemporary society and politics They emphasize abjection's role in circumscribing the boundaries of the human and how the threats abjection poses to the self and other far from simply negative open up possibilities for radically new politics Contributors Meredith Bak Eugenie Brinkema James Leo Cahill Michelle Cho Maggie Hennefeld Rob King Thomas Lamarre Sylv re Lotringer Rijuta Mehta Mark Mulroney Nicholas Sammond Yiman Wang Rebecca Wanzo
