tenable explanation is most likely correct Nickell has spent his career uncovering the truth behind seemingly inexplicable phenomena In *Adventures in Paranormal Investigation* Nickell presents the case files of his examinations of claims ranging from alien abductions to zoological enigmas He investigates snake charmers alien autopsies crystal skulls a Russian girl with X ray eyes Jack the Ripper and a haunted gas chamber at Dachau among many others He even reveals how intuition has changed his life causing him to meet the daughter he never knew he had Nickell brings his trademark skepticism to each investigation carefully observing each claim and using scientific methods honed over many years to discover the real stories behind these fascinating tales American Folklore and the Mass Media Linda Dégh,1994-02-22 This book shows how

folklore magic miracles and tales of enchanted princesses and genial giants is still alive and well in the modern mass media contains a wealth of facts and observations with which to conjure *Journal of Communication* Dégh brings her decades of expertise in folk narrative to bear in this well researched provocative study of the interrelationship between traditional processes of folk narrative performances and modern mass media Highly recommended Choice Spanning folk cultural developments as old as feudalism and as new as today's TV ad *American Folklore and the Mass Media* demonstrates how vital folklore remains how often it absorbs rather than being absorbed by the most dramatic technological innovations and social realignments Carl Lindahl all six essays are meaty and informative contributions to vital folkloric issues *Contemporary Legend* Apologetics, Mission and New Religious Movements: A Holistic Approach Philip Johnson,2010-07-11 It is this

search for balance and his real desire to speak into living situations that sets Johnson's work apart from earlier studies of cults and new religions At the same time his work is innovative in other ways *Witchcraft, Demons and Deliverance* Claudia Währisch-Oblau,Henning Wrogemann,2015 Beliefs in witchcraft and demons still shape many societies and seem to be increasing rather than disappearing with modernization and urbanization Witch hunts in Africa and Asia show the scope of the problem The deliverance practices of pentecostal and charismatic churches are widely controversial and their effects are rather ambiguous The contributions in this volume written by experts and practitioners from four continents analyze these phenomena from the perspectives of intercultural theology anthropology and ethnology and also describe the responses of Catholic and Protestant churches *Series Contributions to Mission Science Intercultural Theology Beitrage zur Missionswissenschaft Interkulturellen Theologie Vol 32 Subject Anthropology Ethnology Sociology Religious Studies*
