Carroll, 2015-04-10 With the latest insights from the world of communication studies into the nature of corporate reputation this new addition to Wiley Blackwell s series of handbooks on communication and media reflects the growing visibility of large businesses ethical profiles and tracks the benefits that positive public attitudes can bring Serves as the definitive research collection for a fast growing field featuring contributions by key international scholars Brings together state of the art communication studies insights on corporate reputation Identifies and addresses the lacunae in the research literature Applies new theoretical frameworks to corporate reputation

Public Relations Theory Jae-Hwa Shin, Robert L. Heath, 2020-12-22 Winner of the 2021 National Communication Association PRIDE award in the Outstanding Textbook category Explore a wide range of theoretical frameworks and themes for public relations in this comprehensive and authoritative work Public Relations Theory Capabilities and Competencies is a comprehensive overview of the major theoretical perspectives in public relations considering the evolution diversification and merger of approaches that have been spurred by rapid changes in society cultural boundaries technology and media environments Authors Jae Hwa Shin and Robert Heath explain both organizational and social theories of public relations including cases and challenges to help students bring theory and research to bear on solving the daily challenges of public relations practice Rather than advocate in favor of a particular theoretical view or position Public Relations Theory Capabilities and Competencies covers a broad range of theoretical perspectives and themes in public relations including An examination of excellence theory contingency theory rhetorical theory and critical theory as these perspectives apply to public relations Issues management crisis management risk management and conflict management with respect to public relations Combining theory and practice for conceptualization and strategic execution of robust public relations programs and campaigns The importance of public relations ethics to serve the public good How to define the public or relationships in the field of public relations The book closes with discussion of emerging topics and the recent transformation of public relations theory to take diversity technology and global identity into account and offers insight into future direction This book is perfect for upper level undergraduate and graduate students of public relations in journalism and communication It will also be useful for public relations practitioners who hope to improve their

understanding of the theoretical background and principles of their work and serve as an excellent reference for doctoral students and researchers in the area

How to Manage a Successful Press Conference Ralf Leinemann, Elena Baikaltseva, 2017-03-02 Despite the ubiquity of new forms of communication technology press conferences remain a vital way for companies to share news One size or message does not fit all and the content showcased must be of interest to every member of the audience This book highlights the importance of understanding the needs of those who will attend an ever more critical skill as stretched editorial teams make it increasingly difficult to lure journalists from their desks In the international press arena journalists from different countries have particular needs and can react differently to the same situation The authors show that to ensure success PR professionals need to take account of the event speakers style content and tone and follow through to the all important tasks of obtaining feedback and analysing results How to Manage a Successful Press Conference is essential reading for PR teams working in a national or particularly an international environment and enables you to address the whole range of activities necessary for success from the basics through to advanced issues such as managing press expectations across borders and cultures

Practitioner's Guide to Evidence-Based Psychotherapy Jane E. Fisher, William O'Donohue, 2006-11-24 This book is to help clinical psychologists clinical social workers psychiatrists and counselors achieve the maximum in service to their clients Designed to bring ready answers from scientific data to real life practice The guide is an accessible authoritative reference for today's clinician There are solid guidelines for what to rule out what works what doesn't work and what can be improved for a wide range of mental health problems It is organized alphabetically for quick reference and distills vast amounts of proven knowledge and strategies into a user friendly hands on reference

The Persuasion Industries Steven McKevitt, 2018-08-09 At the end of the twentieth century Britain was a consumer society Commerce intoxicating and addictive had almost entirely colonized modern life People were immersed in and ultimately defined by promotional culture The things they consumed had overtaken class religion geography or occupation as the primary form of self identity and self expression For much of the twentieth century all forms of brand communication from political campaigning to product advertising were based on the theory of rational appeals to rational consumers There was only one problem with this theory it was wrong The Persuasion Industries The Making of Modern Britain examines developments in marketing advertising public relations and branding It explores the role they played in the emergence of the consumer society New ideas from fields of behavioural psychology and economics together with internal developments such as planning positioning and corporate branding allowed persuasion to become the driving force within many commercial enterprises Together these changes led to the emergence of an alternative emotional model of brand communication A simple idea that proved so compelling it changed the world we live in

Workplace Culture in Mass Communication Industries Martina Topić, 2023-12-19 Across communication industries women face barriers and a Catch 22 situation at all organisational levels and suffer from cultural masculinities Offering a systematic

overview of women's lived experiences this book discusses major issues in contemporary communication industries including public relations journalism and advertising to understand the barriers that still exist With a particular focus on office culture the book concentrates on analysing the position and experiences of women working across communication industries and uses the theoretical framework of cultural masculinities to explore whether women's organisational experiences and the lack of opportunities span across sectors The author explores how cultural masculinities as well as discrimination sexism and harassment can work against women's interests and impede their career progression The chapters provide a quality overview of existing theories as well as new insights to demonstrate how organisations operate and function in a way that systematically disadvantages women The book will be a valuable resource for academics and researchers in the fields of organisational studies public relations advertising and journalism as well as postgraduate and doctoral students in these areas The interdisciplinary nature will also appeal to those across gender and labour studies and human resource management

The PR Agency Handbook Regina M. Luttrell, Luke W. Capizzo, 2018-03-26 Providing a practical and concise introduction to agency life this text gives an insight into the day to day operations of a professional PR firm and offers best practice for creating a successful PR career
