Priestless Parishes The Baptized Leading The Baptized:

Priestless Parishes Virginia Stillwell, 2002 Why are Catholic dioceses appointing laypeople to lead parishes What is the real nature of the priest shortage All across the United States laypeople are being appointed by their bishops to lead Catholic parishes that are without resident priest pastors The stories are both inspiring and heart wrenching because the road for these lay leaders is not an easy one These pioneers are serving as role models for all Catholics to learn how to claim their baptism in everyday life

The Assault on Priesthood Lawrence B. Porter, 2012-07-20 The concept and institution of priesthood in the Catholic Church has been the subject of serious challenge not only since the time of the Protestant Reformation but also more recently from within the Catholic Church as the Second Vatican Council 1962 1965 and theologians afterward have reconsidered the place and function of priests in relation to both bishops and laity In dialogue with those challenges and by means of research into Scripture and the theological tradition patristic medieval and modern the author of this book considers classic images of priests and priestly ministry as a way of recovering an understanding of the priesthood that is at once both biblically and theological sound

Divine Callings Richard N. Pitt, 2012-02 One of the unique aspects of the religious profession is the high percentage of those who claim to be called by God to do their work This call is particularly important within African American Christian traditions Divine Callings offers a rare sociological examination of this markedly understudied phenomenon within black ministry Richard N Pitt draws on over 100 in depth interviews with Black Pentecostal ministers in the Church of God in Christ both those ordained and licensed and those aspiring to examine how these men and women experience and pursue the call Viewing divine calling as much as a social process as it is a spiritual one Pitt delves into the personal stories of these individuals to explore their work as active agents in the process of fulfilling their calling In some cases those called cannot find pastoral work due to gender discrimination lack of clergy positions and educational deficiencies Pitt looks specifically at how those who have not obtained clergy positions understand their call exploring the influences of psychological experience the congregational acceptance of their call and their response to the training process He emphasizes how those called reconceptualize clericalism in terms of who can be called how that call has to be certified and what those called are meant to do offering insight into how social actors adjust to structural constraints

They Call Him Pastor Ruth A.
