Entranced by Story Hugh Crago, 2014-04-24 We live in a world of stories yet few of us pause to ask what stories actually are why we consume them so avidly and what they do for story makers and their audiences. This book focuses on the experiences that good stories generate feelings of purposeful involvement elevation temporary loss of self vicarious emotion and relief of tension. The author examines what drives writers to create stories and why readers fall under their spell why some children grow up to be writers and how the capacity for creating and comprehending stories develops from infancy right through into old age. Entranced by Story applies recent research on brain function to literary examples ranging from the Iliad and Wuthering Heights to Harold and the Purple Crayon providing a groundbreaking exploration of the biological and neurological basis of the literary experience. Mapping Fairy-Tale Space Christy Williams, 2021-04-27 Examines how popular fairy tales collapse narrative borders and reimagine the genre for the twenty first century *Mapping Fairy Tale Space Pastiche and Metafiction in Borderless Tales* by Christy Williams uses the metaphor of mapping to examine the narrative strategies employed in popular twenty first century fairy tales It analyzes the television shows *Once Upon a Time* and *Secret Garden* a Korean drama the young adult novel series *The Lunar Chronicles* the *Indexing* serial novels and three experimental short works of fiction by Kelly Link Some of these texts reconfigure well known fairy tales by combining individual tales into a single storyworld others self referentially turn to fairy tales for guidance These contemporary tales have at their center a crisis about the relevance and sustainability of fairy tales and Williams argues that they both engage the fairy tale as a relevant genre and remake it to create a new kind of fairy tale *Mapping Fairy Tale Space* is divided into two parts Part 1 analyzes fairy tale texts that collapse multiple distinct fairy tales so they inhabit the same storyworld transforming the fairy tale genre into a fictional geography of borderless tales Williams examines the complex narrative restructuring enabled by this form of mash up and expands postmodern arguments to suggest that fairy tale pastiche is a critical mode of retelling that celebrates the fairy tale genre while it critiques outdated ideological constructs Part 2 analyzes the metaphoric use of fairy tales as maps or guides for lived experience In these texts characters use fairy

tales both to navigate and to circumvent their own situations but the tales are ineffectual maps until the characters chart different paths and endings for themselves or reject the tales as maps altogether Williams focuses on how inventive narrative and visual storytelling techniques enable metafictional commentary on fairy tales in the texts themselves Mapping Fairy Tale Space argues that in remaking the fairy tale genre these texts do not so much chart unexplored territory as they approach existing fairy tale space from new directions remapping the genre as our collective use of fairy tales changes Students and scholars of fairy tale and media studies will welcome this fresh approach **Fairy Tales Reimagined** Susan Redington Bobby,2014-01-10 Although readers and filmgoers are strongly familiar with Disney s sanitized child centric fairy tales they are quick to catch on to reworkings of classic tales into a contemporary context The rise in such retellings seems to indicate that readers are hungry for a new narrative one that hearkens back to the old yet moves the storyline forward to reflect conditions of the modern world No mere escapist fantasies the reimagined fairy tales of the late 20th and early 21st centuries reflect social political and cultural truths Sixteen essays consider fairy tales recreated through short stories novels poetry and the graphic novel from both best selling and lesser known writers applying a variety of perspectives including postmodernism psychoanalysis Marxism feminism queer theory and gender studies Along with the classic fairy tales fiction from writers such as Neil Gaiman Stardust and Gregory Macquire Wicked is covered [A Multicultural Dictionary of Literary Terms](#) Gary Carey,Mary Ellen Snodgrass,2024-10-14 What is a corrido What is the difference between a tanka a choka and a renga What does it mean when you re doing the dozens What is a Bildungsroman This dictionary of literary terms provides the student scholar librarian or researcher with definitions explanations and models of the styles and forms of works of literature Along with novel tone tragedy and scansion are haiku noh griot and other terms that derive from works long undervalued by the literary world The examples come from a very broad field of authors reflecting a spirit of inclusion of all people races and literary traditions The editors have elected to quote from literary examples that students are likely to have read and to which they most readily relate for instance Angelou s I Know Why the Caged Bird Sings was preferred over a work such as Paradise Lost which fewer students have read and understand Included is a listing of poets laureate to the Library of Congress literature winners of the Pulitzer and Nobel prizes Booker McConnell Prize winners a time line of world literature and an index [Reading, Learning, Teaching Margaret Atwood](#) Paul Lee Thomas,2007 Literature that confronts our students assumptions about the world and about text is the lifeblood of English classes in American high schools and colleges Margaret Atwood offers works in a wide variety of genres that fulfill that need This volume introduces readers students and teachers to the life and works of Atwood while also suggesting a variety of ways in which her works can become valuable additions to classroom experiences with literature and writing Furthermore this volume confronts how and why we teach English through Atwood s writing *Engaging Teens with Story* Janice M.
