Self Portraits The Gide Valéry Letters:

Self-portraits, the Gide/Valéry Letters André Gide, Paul Valéry, 1966 Abridgement of the original version published in Paris in 1955 Andre Gide-Paul Valéry: Correspondence, 1890-1942. Self-portraits, the Gide André Gide, 1966

Self-portraits, the Gide/Valéry Letters, 1890-1951 André Gide, 1966 History, Metaphors, Fables Hans Blumenberg, 2020-06-15 History Metaphors and Fables collects the central writings by Hans Blumenberg and covers topics such as on the philosophy of language metaphor theory non conceptuality aesthetics politics and literary studies This landmark volume demonstrates Blumenberg s intellectual breadth and gives an overview of his thematic and stylistic range over four decades Blumenberg s early philosophy of technology becomes tangible as does his critique of linguistic perfectibility and conceptual thought his theory of history as successive concepts of reality his anthropology or his studies of literature History Metaphors Fables allows readers to discover a master thinker whose role in the German intellectual post war scene can hardly be overestimated **André Gide and the Second World War** Jocelyn Van Tuyl, 2012-02-01 Arguably the most influential French writer of the early twentieth century Andr Gide is a paradigmatic figure whose World War II writings offer an exemplary reflection of the challenges facing a leading writer in a time of national collapse Tracing Gide s circuitous intellectual itinerary from the fall of France through the postwar purge this book examines the ambiguous role of France s senior man of letters during the Second World War The writer s intricate maneuverings offer privileged insights into three issues of broad significance the relationship of literature and politics in France during World War II the repressions and repositionings that continue to fuel controversy about the period and the role of public intellectuals in times of national crisis With the exception of the early wartime Journal Gide s publications during France s dark years have received little critical attention This book scrutinizes the entire wartime oeuvre in depth tracing the evolution of Gide s political views and most importantly reading the wartime texts against each other It is the interplay among these texts that reveals the full complexity of Gide s political positionings and the rhetorical brilliance he deployed to redress his tarnished image **The French Writers' War, 1940-1953** Gisèle Sapiro, 2014-04-23 The French Writers War 1940 1953 is a remarkably thorough account of French writers and literary institutions from the beginning of the German Occupation through France s passage of amnesty laws in the early 1950s To understand how the Occupation affected French literary production as a whole Gis le Sapiro uses Pierre Bourdieu s notion of the literary field Sapiro surveyed the career trajectories and literary and political positions of 185 writers She found that writers stances in relation to the Vichy regime are best explained in terms of institutional and structural factors rather than ideology Examining four major French literary institutions from the conservative French Academy to the Comit national des crivains a group formed in 1941 to resist the Occupation she chronicles the institutions histories before turning to the ways that they influenced writers political positions Sapiro shows how significant institutions and individuals within France s literary field exacerbated their loss of independence or found

ways of resisting during the war and Occupation as well as how they were perceived after Liberation

Sexual Dissidence Jonathan Dollimore, 2018-09-19 Why is homosexuality socially marginal yet symbolically central Why in other words is it so strangely integral to the very societies which obsessively denounce it and why is it history history rather than human nature which has produced this paradoxical position These are just some of the questions explored in this wide ranging study of sexual dissidence which returns to the early modern period in order to focus question and develop issues of postmodernity In the process it brilliantly links writers as diverse as Shakespeare Gide Wilde and Genet and cultural critics as different as St Augustine Freud Fanon Foucault and Monique Wittig So Freud s theory of perversion is discovered to be more challenging than either his critics or his advocates usually allow especially when approached via the earlier period s archetypal perverts the religious heretic and the wayward woman Satan and Eve The book further shows how the literature histories and sub cultures of sexual and gender dissidence prove remarkably illuminating for current debates in literary theory psychoanalysis and cultural materialism It includes chapters on transgression and its containment contemporary theories of sexual difference homophobia the gay sensibility transvestite literature in the culture and theatre of Renaissance England homosexuality and race

Architecture or Revolution Nadir Lahiji, 2020-09-22 By linking building theory to the emancipatory project of critique advanced by radical thinkers in our time this work investigates the key conceptual and historical elements that culminate in an emancipatory theory of building entitled Toward a philosophy of shelter Taking Marx as its only resource this work proceeds with the conviction that our era is contemporaneous to Marx s historical era This means not judging the validity of Marx from the perspective of the historical situation but rather demonstrating the validity of a Marxian perspective for a singular historical situation as ours This work will therefore translate this perspective into seeing the situation of architecture through the eyes of Marx All those concerned with the predicament in our current condition in which architecture must play a major social role in upholding the universal value of what Alain Badiou calls generic humanity will take an interest in this work In particular architects critics scholars and students inside the field of architecture who would be seeking the application of this universal value to a new theory of building will be a welcoming audience for this work

Montgomery Yeagers,1969 The Etruscans in the Modern Imagination Sam Solecki,2022-10-21 The Etruscans a revenant and unusual people had an Italian empire before the Greeks and Romans did By the start of the Christian era their wooden temples and writings had vanished the Romans and the early church had melted their bronze statues and the people had assimilated After the last Etruscan augur served the Romans as they fought back the Visigoths in 408 CE the civilization disappeared but for ruins tombs art and vases No other lost culture disappeared as completely and then returned to the same extent as the Etruscans Indeed no other ancient Mediterranean people was as controversial both in its time and in posterity Though the Greeks and Romans tarred them as superstitious and decadent D H Lawrence praised their way of life as offering an alternative to modernity In The Etruscans in the Modern Imagination Sam Solecki chronicles their unexpected return to intellectual and cultural history beginning with eighteenth century scholars collectors and archaeologists The resurrection of this vanished kingdom occurred with remarkable vigour in philosophy literature music history mythology and the plastic arts From Wedgwood to Picasso Proust to Lawrence Emily Dickinson to Anne Carson Solecki reads the disembodied traces of Etruscan culture for what they tell us about cultural knowledge and mindsets in different times and places for the way that ideas about the Etruscans can serve as a reflection or foil to a particular cultural moment and for the creative alchemy whereby artists turn to the past for the raw materials of contemporary creation The Etruscans are a cultural curiosity because of their disputed origin unique language and distinctive religion and customs but their destination is no less worthy of our curiosity The Etruscans in the Modern Imagination provides a fascinating meditation on cultural transmission between ancient and modern civilizations *Catalog of Copyright Entries.
